2 Local Men Named B.U. Board Members

Two Newton men, Boston University educators, have been named to the board of directors of the Center for the Study of Liberal Education for Adults at the university.

Dr. Everett Walters of West Newton, vice president for Academic Affairs at the University, has been appointed to serve a three-year term on the Board of Directors, and Dr. Malcolm S. Knowles of Newton Highlands, professor of education and general consultant in adult education, to a one-year term.

The Center formerly located in Chicago, is the only organization in the country which has as its sole purpose the furthering of university liberal education for adults. It became affiliated with Boston University earlier this year and moved to new headquar-

ters on the University's Charles River Campus in July. The Center's Board of Directors consists of 12 members.

Republicans Cut Meeting; Donate Blood

A dramatic appeal for help heightened the excitement of last week's meeting held by the Newton Republican City Committee.

Despite a crowded agenda and keen interest in the issues before the body, the men and women took time to answer a plea for blood needed that night for a patient at the Newton-Wellesley Hospital.

Noon Holdup Of Bank Nets \$1700

A clean-shaven young robber, tanned, unmasked and armed with a pistol robbed the branch office of the Newton South Co-operative Bank at 103 Walnut street, Newton Centre, of \$1700 in cash yesterday noon.

The robber, who apparently had been watching the bank for some time, entered the building shortly after noon. There were no customers in the bank at the time although the place had been quite busy shortly before.

Brandishing the pistol, the robber produced a brown paper bag and told Frank Leclair, bank teller, to fill it up. The only other bank employee in the building at the time, Miss Catherine Barry, assistant treasurer, was told to keep away from any alarm signals.

"I'll be watching, so don't ring it," the holdup man threatened.

POLITICAL HIGHLIGHTS

By JAMES G. COLBERT

Volpe And Bellotti Enter Crucial Stage Of Campaign

Most political experts presently rate the fight between ex-Governor John A. Volpe and Lieutenant Governor Francis X. Bellotti as a tossup. They figure that Volpe and Bellotti are evenly matched and that either could wind up the winner.

If the political analysts are right in their appraisal—and there is some reason to believe they are—the victor of the Volpe-Bellotti battle is likely to be the man who makes the fewer mistakes between now and Nov. 3.

Volpe and Bellotti are moving into the crucial stages of their campaigns. They have reached the period where they must take stands on controversial issues.

Bellotti, especially, must present his program to the voters of the Commonwealth. Volpe and his advisers will be waiting for Bellotti's proposals to see if they can turn any of them to their own political advantage.

Up to now Bellotti has been pretty much carried along by the momentum he gained through his upset primary victory over Governor Endicott Peabody. Like Peabody in the primary, he has been endeavoring to campaign to as great an extent as he can against Senator Barry Goldwater.

Only two days — today and tomorrow — remain in which Newton residents who are not enrolled as voters may register and thus qualify themselves to cast ballots in the all-important Nov. 3 election.

But there is still time for

School Teachers To Attend 2 Workshops

Two workshops for Newton school teachers, both of more than passing interest, are being presented this week.

A workshop on foods and nutrition for Newton Home Economics teachers will be held today (Thursday) in Warren Junior High School.

It is one of five to be held this year in an effort to revise all areas of the present home economics curriculum. The five junior highs and the two high schools will participate.

Featured speaker at the workshop will be Dr. Frederick J. Stare, internationally known nutrition consultant at Harvard University's School of Public Health. Dr. Stare is serving as consultant to the U. S. Public Health Service, the Veterans Administration, the Inter-Departmental Committee on Nutrition for National Defense, and is consultant in medicine at Peter Bent Brigham Hospital.

Tentative curriculum revision plans for the area of foods and nutrition will be presented today by Margaret Benson, Helen Brahm and Helen Rich.

Teachers in the elementary schools who have charge of kilns, and the elementary art consultants have been invited to participate in a ceramic workshop as part of the system's in-service program. It will be held at the Ceramic Studio, Division of Instruction, today and tomorrow (Thursday and Friday) from 1 to 5 p.m.

Presented by the American Art Clay Company of Indianapolis, the purpose of the workshop is to provide experience related to the teaching of pottery craft and to introduce new materials and methods.

Named as an alternate to one of two principals for vacancies in the Military Academy was Kevin R. Hart of 465 Crafts St., West Newton.

Richard L. Chabot, 149 Washington St., West Newton, was named as an alternate to the other principal.

The nominations were based on the results of competitive examinations conducted by the U. S. Civil Service Commission earlier this year. Nominees to enter the state-wide examination to fill the quota of nine for the State of Massachusetts at the Merchant Marine Academy will be announced at a later date.

Like Newton, Brockton got off on the wrong foot last Saturday, when it was stunned 25-0 by Quincy, and will be out to make a better showing this week.

The inexperienced Newton gridders, who should improve as the season develops, were outmaneuvered last Saturday by a heavier and more seasoned Everett aggregation which rolled to its fifth straight victory over the Tigers.

Coach Jim Ronayne, who was disturbed by the blocking and tackling of his Newton High charges, drilled them at length on those fundamentals this week.

At the same time Ronayne found hope for better things to come, observing that his boys played a good game but that experience prevailed. The coach noted that his gridders made mistakes which the coaching staff will try to see are not repeated.

Singled out for praise by Ronayne for their play against Everett were Dick Chabot, Mike Fox, Mickey Burlingame, Tony DeNucci and Dick DiLuzio. DiLuzio saw only limited service but forward passed well while he was in the game.

Saturday may be a happier day for Coach Ronayne's Tigers.

Senator Morton told newsmen that he would be willing to contribute \$3000 to Whitmore's campaign from his own pocket.

Dr. Fowell To Address Church Women Tuesday

The opening of a new year of programs for the Women's Benevolent Society of First Church in Newton on Centre Street in Newton Centre begins with a luncheon and an important address by Dr. Myron W. Fowell, secretary, Massachusetts Congregational Christian Conference, on Tuesday, Oct. 6. The title of Dr. Fowell's talk will be "Changing Horizons."

We feel fortunate that a clergyman who has achieved so much in the field of Social Action can bring a factual, inspiring talk to the church women at the beginning of the fourth century of church life in Newton.

Dr. Fowell has served pastorates in Worcester since 1925 and in the years since 1942 he has been publishing books on significant social action subjects. His work as chairman of the Committee on Organized Gambling and Crime of the Massachusetts Council of Churches has brought him into the world of state government to act as an important voice of the Protestant Church.

City Democrats See Big Boost In Registration

In anticipation of the closing of voter registration tomorrow (Friday), the Democratic City Committee has stepped up its pace in an effort to give the city its largest voting list in history.

More than 4,000 non-registered but eligible voters have been contacted by letter or phone within the past 10 days, according to Harold M. Banu of Newton Highlands, voter registration chairman. Every possible aid to speedy registration has been offered.

Said Mr. Banu, in addressing the local ward committees last week, "the increasing shift in voters from indecision to positive identification with the national Democratic campaign has been of immeasurable help to registration chairmen. Every day volunteer workers, including women and business executives, join the registration drive. This year will see the greatest increase in registration of Newton Democrats in the past 15 years." Assisting Mr. Banu in the most successful campaign have been the following ward committees:

Ward 8—Mrs. David Nemzoff, Morris Kritzman, Miss Dorothy Sullivan.

Ward 7—Mrs. Doreen Gonfrado, Mrs. Olympia Pasquarosa, Mrs. Dagmar Friedman.

Ward 6—Henry Barry, Mrs. Albert Mezzoff, Peter Harrington, Jr.

CRP Meeting Allays Fears Of Disruption

The more than 350 residents and businessmen who attended last week's meeting on Newton's community renewal program at Newton High School were told that most of the program for the city would not entail redevelopment or land clearance, and that, therefore, relocation of businesses and families would be on a very small scale.

Rehabilitation and conservation of existing buildings have been recommended for most of the six renewal areas that include parts of Newton Corner, West Newton, Nonantum, Newton Upper Falls, Newton Lower Falls and Newtonville.

The program was highlighted by the premier showing of the 20-minute colored slide and tape recorded presentation prepared by the Newton Chamber of Commerce.

Chairing the meeting was Joseph C. Skinner, vice president of both the Newton Chamber and the Newton Community Council. Panel participants preceding the slide presentation were Wendall R. Bauckman, president, Newton Board of Aldermen and acting mayor; Charles E. Downe, city planning consultant, and James A. Miller, city planner for Newton.

Mr. Downe outlined the background which led to the city's Community Renewal Program (CRP). He explained that the CRP was a study designed to establish the potential use of urban renewal techniques.

The CRP, completed last year, contains two types of recommendations — one concerned with organizational and administrative areas, the other concerned with six specific geographic areas in the city.

Questions from the audience indicated interest and concern about the specific areas included in the renewal proposal, relocation of families and businesses, possible changes in levels of rent, and air rights over the new Toll Road. Copies of the CRP study which give the tentative boundaries of the renewal areas are available for reference at the library and at the Planning Department.

They are Mr. Larry Westwater, chairman for the Carr School, and Mr. and Mrs. David Rolben, co-chairmen for the Warren Junior High School party.

Professor Cohen has recently returned from Europe, where he participated in the International Geographers' Congress at London and Sheffield, England, and was the recipient of a

He received B.A., M.A. and Ph.D. degrees from Harvard University.

Marriott Motel Likely To Get Delay Of Year

A year's delay is probable in determining the legality of the Norumbega Park zoning change for construction of a \$4,000,000 motor hotel complex, according to City Solicitor Matt B. Jones.

A group of Auburndale residents has filed a bill to enjoin the city from granting a building permit to Marriott Motor Hotels of Newton on a portion of the park land that was changed by the Board of Aldermen to Business "AA" Zone.

During a preliminary hearing in Middlesex Superior Court, Judge Charles Fairhurst gave an opinion that only the Land Court could decide the zone change legality. He suggested that the respondents file a demurrer. It was filed, and he approved it.

By appealing the demurrer to the Supreme Court, the Auburndale group was able to delay the case for approximately a year, the city solicitor said.

Provided the Supreme Court upholds Judge Fairhurst's decision, the residents can start their suit over in the Land Court and, if the judge's action is disapproved, the case will be set for a hearing in

MARGARET M. HECKLER

Mrs. Heckler Cites Record As Councillor

Governor's Councillor Margaret M. Heckler is campaigning for reelection to a second term on the Executive Council from the big second councillor district on the basis of her record of energetic and forthright service in the body during the past 21 months.

Mrs. Heckler is an attorney, a graduate of Boston College Law School and Albertus Magnus College in New Haven.

The vigorous, outspoken Councillor Heckler points out that she has sharply criticized Governor Peabody when she felt he was wrong and has supported him when she considered him right.

"All nominations which have been submitted to the Executive Council by the Governor have been considered by me strictly on their merit and without regard for partisan politics," Mrs. Heckler asserts.

As an example, Councillor Heckler cites that she spoke out for Judge George A. Sullivan, Jr., former Democratic State Senator from Norwood, when his appointment as the Stoughton district court judge was before the Council.

An attack was made upon Sullivan by one Councillor because he had voted on one occasion for the abolition of the Governor's Council and on another to trim down the Council's powers.

Councillor Heckler argued that this had nothing whatever to do with Sullivan's fitness to serve as a judge.

She said the only question before the Executive Council was whether Sullivan had the qualifications to make a good judge and not what he thought about the continuance of the Executive Council.

After Mrs. Heckler declared that Sullivan has intelligence, integrity and courage, his appointment was confirmed by a 7-1 vote of the Executive Council, with one Councillor opposing the appointment and another abstaining from voting.

Councillor Heckler was successful earlier this year in obtaining improved quarters for blind persons who are employed by the State and whose interests she felt had been neglected to the point where they were working under what she described as inhuman conditions.

When a proposal for the renewal of the lease on the unsafe building in which the blind workers had been housed came before the Executive Council.

The bride was given in marriage by her father. She wore a full length white dress of silk organza and peau de soie with Alencon lace forming an apron over her skirt. Her gown had a scoop neckline with a fitted bodice, elbow length sleeves and a chapel train. Her three tiered veil of

silk flusion fell from a rose petal. She carried white roses, stephanotis and fern.

Mary Lynne Lewis of Summit, New Jersey was the maid of honor. She wore a willow green linen with a scoop neckline, short sleeves and bell shaped skirt. She carried white and willow green pompons and her headpiece was made of these same flowers in a crown shape.

Similarly dressed in white linen were the bridesmaids Marianne Bayer of Norwood; Mrs. Vincent Lukus of Foxboro; Elaine Mahoney of Norwood; and Natalie Woodward of Westwood. They carried willow green pompons with matching flower headpieces.

Miss Patricia Kugel and Miss Margaret Kugel, sisters of the bride, were flower girls. They wore white dresses and carried baskets of green and white pompons. Their head-

pieces were also of the matching flowers.

Samuel Brooks of Cambridge was best man. The ushers were John Luszc of Clinton; Paul MacDonald of Medford; Bruce Norris of Auburn, Maine; and Wendel Price of Troy, New York.

For her daughter's wedding Mrs. Kugel chose a two-piece pink embossed silk suit with bone accessories. Mrs. LaBombard wore a beige two-piece suit with matching hat for her son's wedding.

A reception was held at the Walpole Country Club after the wedding.

Both the bride and bridegroom graduated from Boston University. Mrs. LaBombard received her degree from the School of Education; she was a member of Pi Beta Phi Sorority. Mr. LaBombard received his degree from the College of Engineering; he

Salute To Newton Volunteers

The news that two more Newton youths, Michael D. Lyons, of Crescent St., West Newton, and Wigmore A. Pierson, of Durant St., Newton, will depart their native United States shores next Monday to serve with the Peace Corps in Peru is refreshing, inspiring and encouraging.

The idealism of Peace Corps service is respected and admired here and around the world. It is one of the shining legacies bequeathed us by the late President John F. Kennedy.

It dramatically erases the conception, too long held in some areas overseas, that Americans are crass, selfish and self seeking. It has been quite evident by this time that Peace Corps service is inspirational only to those who have a thought for, and interest in, their less fortunate fellow humans who dwell in far away places.

Newton may well be proud of its young people now serving in the Peace Corps. Young Mr. Lyons and Mr. Pierson, 21 and 24 years olds respectively, are only the most recent examples of the impact of the service in this city.

Our stalwart young volunteers will join 10,000 other Americans, male and female, and of all ages, now working for the Peace Corps in 46 nations of Africa, Asia, and Latin America.

Requests for additional volunteers are received daily from these countries. More than 5,000 volunteers were trained this spring and summer.

It is not a glamour corps and doesn't serve on the posh tourist fronts overseas. The Peace Corps volunteer toils long hours, in conditions quite foreign to what we are accustomed to in this country. Bless them for they are a living memorial to our martyred young President Kennedy.

Good Grooming By Edict

There hasn't been an apparent need for such a ruling in Newton, but some communities have been compelled to issue stern edicts concerning the styles of clothing being worn to school by young boys and girls.

As the schools resumed classes this year, the authorities were confronted with a sorry spectacle clothing-wise on the part of some of the scholars.

Girls ambled to class in overly-tight skirts and sweaters, an over-application of makeup especially around the eyes, strange hairdos and skirts almost half-masted between knees and hips. The boys wore skin-tight pants, sweat shirts, and almost as much hair as the girls.

One teacher in a Bay State city said the boys were dressed as if they were going out to work on the family car, or empty the garbage.

The let-down in personal discipline where young American students are concerned is sad indeed. Unkempt lounging clothes should not be worn to school any more than they would be accepted at church.

Teachers are required to maintain their appearances by neat, clean and modish attire, proper hairdos or haircuts and neat footwear. Often they face a class of kids who look like hillbillies.

In one city where school authorities clamped down on the beatnik-like attire of students, a mother phoned in to thank the authorities. She admitted that neither she nor her husband could impress their hulking son with a respect for his appearance as a student.

And, therein lies the crux of the problem, the complete abdication of authority on the part of so many modern parents.

It is a sad commentary on the times when school authorities must issue the ultimatum on proper clothing to be worn by students. The basis for all self respect is concern for one's appearance.

When a youngster is willing to look and dress like a slob, the chances are excellent that he, or she, will end up as one. And what is harder to accept than an adult slob?

And, what is more difficult to digest than the sight of what should be a sweet young girl, fresh with the bloom of youth, dressing and acting in a manner reminiscent of the hardened gals who have favors for sale, as denizens of the demi-monde.

"The Girls in 500" is the title of this year's Senior Play to be performed on Friday afternoon, November 20, and Saturday evening, November 21. Rehearsals began yesterday for the cast, including Elizabeth Nickerson, Carolyn Bloom, Sue Bronstein, Larry Smith, Robert Gallant, Miles Gordon, Stanley Winer, Richard Benak, Roy Podell, John Madfis, Donald Smith, Gail Schertzer, and Irene Posner. The student directors are Kathy Waters and Diane McEvoy. Mr. William B. Spink is the faculty director and advisor.

A colorful motorcade led to the first Tigerama held in the Newton High gym on September 28. A 1200 sellout crowd attended.

Those serving on the committee from Newton High are Cathy Muther, chairman; Jane Lillis, secretary; Jim Toker, building; Ann McDaniel and Diane Golub, decorations; Linda Piken, entertainment; Ellen Freshman and Ranny Cooper, finance; Candy Pasquorosa, games; Fran Deats, hospitality; Lynnda Shea, program; Susan Beriman and Ron Campisi, publicity; Bob Berlin, refreshments; and Eliot Feldman, Meg Farrell, Christine Lowell and Page Cotton; student advisors.

The American Field Service (AFS) is at work again, having sent us two exchange students for this school year. They are Jean Pascal Huve from France, who is staying with Steve and Andy Klein; and Dia Aziz-Dia from Saudi Arabia, who is living with the family of Matt Coogan.

Newton High has also sent some representatives to foreign countries. Newton High senior Barry Canner is spending the year in Denmark, on the island of Falster. Newtonite editor Dick Betts has just returned from a summer in Germany with the family of Dr. Gunther Timans.

Reflections, the school literary magazine, has changed some of its policies for the forthcoming year. Editor Charles Brown announced that there will be at least three issues of Reflections this year, appearing in November, December, and the last issues in the spring in collaboration with South High.

Newton Technical High School, in cooperation with the federal government, began "2-Man Power Courses" in September. These courses are to retrain unemployed workers in order to give them new skills. These courses will be taught in the afternoons and evenings five days a week. Anyone taking the courses either enrolls in Electronics for one year or in Machine Shop for 28 weeks. Upon completion of the course each graduate receives a certificate.

Tax Abatements For Elderly To Hike Tax Rate

The Newton Board of Assessors, with three days to go to the deadline for filing applications for the \$4000 tax abatement for the elderly, have received twice as many requests than they anticipated, Chairman Edward A. Fahey reported.

Already, 745 exemptions have been allowed, he said, and added that the cost to the city in lost taxes will come to \$200,000, or 75 cents on the tax rate.

Under the new law, which became effective this year, homeowners over 70 years of age who have lived in Massachusetts for 10 years and in their present home for five years, are eligible for the \$4000 abatement if their income is less than \$5000 a year.

Riots By Rowdies

Editor of the Graphic:

For a long time I have been reading the "write-ups" and have listened to the interviews (most recent by someone associated with Brandies University) as to "why" these delinquents go on a rampage, but so far not one has had the gumption to tell the truth.

The entire blame for these outrageous affairs is "lack of responsibility of the parents." Schools and churches can't do it. Easy living, doles, loss of freedoms by all Americans and other excuses are made (and all are serious and valid) but put the real responsibility where it belongs and make parents "pay the penalty" and you'll solve the problem.

There is no other way. Let's face the truth and do something about it now.

Riots By Rowdies

Editor of the Graphic:

For a long time I have been reading the "write-ups" and have listened to the interviews (most recent by someone associated with Brandies University) as to "why" these delinquents go on a rampage, but so far not one has had the gumption to tell the truth.

The entire blame for these outrageous affairs is "lack of responsibility of the parents." Schools and churches can't do it. Easy living, doles, loss of freedoms by all Americans and other excuses are made (and all are serious and valid) but put the real responsibility where it belongs and make parents "pay the penalty" and you'll solve the problem.

There is no other way. Let's face the truth and do something about it now.

Headlights And Highlights From Newton High School

By KATHY WATERS

"The Girls in 500" is the title of this year's Senior Play to be performed on Friday afternoon, November 20, and Saturday evening, November 21. Rehearsals began yesterday for the cast, including Elizabeth Nickerson, Carolyn Bloom, Sue Bronstein, Larry Smith, Robert Gallant, Miles Gordon, Stanley Winer, Richard Benak, Roy Podell, John Madfis, Donald Smith, Gail Schertzer, and Irene Posner. The student directors are Kathy Waters and Diane McEvoy. Mr. William B. Spink is the faculty director and advisor.

A colorful motorcade led to the first Tigerama held in the Newton High gym on September 28. A 1200 sellout crowd attended.

Those serving on the committee from Newton High are Cathy Muther, chairman; Jane Lillis, secretary; Jim Toker, building; Ann McDaniel and Diane Golub, decorations; Linda Piken, entertainment; Ellen Freshman and Ranny Cooper, finance; Candy Pasquorosa, games; Fran Deats, hospitality; Lynnda Shea, program; Susan Beriman and Ron Campisi, publicity; Bob Berlin, refreshments; and Eliot Feldman, Meg Farrell, Christine Lowell and Page Cotton; student advisors.

The American Field Service (AFS) is at work again, having sent us two exchange students for this school year. They are Jean Pascal Huve from France, who is staying with Steve and Andy Klein; and Dia Aziz-Dia from Saudi Arabia, who is living with the family of Matt Coogan.

Newton High has also sent some representatives to foreign countries. Newton High senior Barry Canner is spending the year in Denmark, on the island of Falster. Newtonite editor Dick Betts has just returned from a summer in Germany with the family of Dr. Gunther Timans.

Reflections, the school literary magazine, has changed some of its policies for the forthcoming year. Editor Charles Brown announced that there will be at least three issues of Reflections this year, appearing in November, December, and the last issues in the spring in collaboration with South High.

Newton Technical High School, in cooperation with the federal government, began "2-Man Power Courses" in September. These courses are to retrain unemployed workers in order to give them new skills. These courses will be taught in the afternoons and evenings five days a week. Anyone taking the courses either enrolls in Electronics for one year or in Machine Shop for 28 weeks. Upon completion of the course each graduate receives a certificate.

Salute To Newton Volunteers

The news that two more Newton youths, Michael D. Lyons, of Crescent St., West Newton, and Wigmore A. Pierson, of Durant St., Newton, will depart their native United States shores next Monday to serve with the Peace Corps in Peru is refreshing, inspiring and encouraging.

The idealism of Peace Corps service is respected and admired here and around the world. It is one of the shining legacies bequeathed us by the late President John F. Kennedy.

It dramatically erases the conception, too long held in some areas overseas, that Americans are crass, selfish and self seeking. It has been quite evident by this time that Peace Corps service is inspirational only to those who have a thought for, and interest in, their less fortunate fellow humans who dwell in far away places.

Newton may well be proud of its young people now serving in the Peace Corps. Young Mr. Lyons and Mr. Pierson, 21 and 24 years olds respectively, are only the most recent examples of the impact of the service in this city.

Our stalwart young volunteers will join 10,000 other Americans, male and female, and of all ages, now working for the Peace Corps in 46 nations of Africa, Asia, and Latin America.

Requests for additional volunteers are received daily from these countries. More than 5,000 volunteers were trained this spring and summer.

It is not a glamour corps and doesn't serve on the posh tourist fronts overseas. The Peace Corps volunteer toils long hours, in conditions quite foreign to what we are accustomed to in this country. Bless them for they are a living memorial to our martyred young President Kennedy.

Good Grooming By Edict

There hasn't been an apparent need for such a ruling in Newton, but some communities have been compelled to issue stern edicts concerning the styles of clothing being worn to school by young boys and girls.

As the schools resumed classes this year, the authorities were confronted with a sorry spectacle clothing-wise on the part of some of the scholars.

Girls ambled to class in overly-tight skirts and sweaters, an over-application of makeup especially around the eyes, strange hairdos and skirts almost half-masted between knees and hips. The boys wore skin-tight pants, sweat shirts, and almost as much hair as the girls.

One teacher in a Bay State city said the boys were dressed as if they were going out to work on the family car, or empty the garbage.

The let-down in personal discipline where young American students are concerned is sad indeed. Unkempt lounging clothes should not be worn to school any more than they would be accepted at church.

Teachers are required to maintain their appearances by neat, clean and modish attire, proper hairdos or haircuts and neat footwear. Often they face a class of kids who look like hillbillies.

In one city where school authorities clamped down on the beatnik-like attire of students, a mother phoned in to thank the authorities. She admitted that neither she nor her husband could impress their hulking son with a respect for his appearance as a student.

And, therein lies the crux of the problem, the complete abdication of authority on the part of so many modern parents.

It is a sad commentary on the times when school authorities must issue the ultimatum on proper clothing to be worn by students. The basis for all self respect is concern for one's appearance.

When a youngster is willing to look and dress like a slob, the chances are excellent that he, or she, will end up as one. And what is harder to accept than an adult slob?

And, what is more difficult to digest than the sight of what should be a sweet young girl, fresh with the bloom of youth, dressing and acting in a manner reminiscent of the hardened gals who have favors for sale, as denizens of the demi-monde.

IRVING FISHMAN
*Apportionment
Theme Of Rep.
Fishman Article*

The present provisions of the Massachusetts constitution relating to apportionment of seats in the state legislature would probably satisfy the equal-population test recently decreed by the Supreme Court of the United States.

So says Representative Irving Fishman (D-Newton) in an article on reapportionment appearing today in Industry, a magazine published by Associated Industries of Massachusetts.

The ruling of the Supreme Court held that state legislatures must be apportioned on a population basis, that is—"one person, one vote." Since that decision was handed down on June 15 many state legislatures have been in ferment.

In Massachusetts, candidates for the State House of Representatives are running in new districts this year because of a reapportionment passed in 1963 after Representative Fishman successfully challenged the old districts by court action.

In his article, Representative Fishman reviews the recent Supreme Court ruling on apportionment as it applied to Massachusetts. Although the ruling refers to equal-population in legislative districts, Fishman believes that the Massachusetts constitutional requirement of equal numbers of legal voters in such districts would be upheld.

Dukes County and Nantucket County now have one representative each assigned to them regardless of population or numbers of legal voters, and the legality of these seats has been seriously questioned since the court decision on June 15.

Representative Fishman writes that these two county seats in the legislature would probably be approved because out of the 240 Massachusetts representatives "two (representatives) allocated to counties rather than people or legal voters would not be found to dilute the equal-population principle in any significant way."

Miss Donna Marzolf was her sister's maid of honor. The bridesmaids were another sister, Miss Monica Marzolf and Miss Carol Jenkins.

CONCERNED

ABOUT YOUR CHILD'S RELIGIOUS EDUCATION?

Instead of Church School dogma that instills fear of sin and guilt, Unitarian-Universalist teaching concentrates on encouraging wholesome, psychologically sound values that make sense to both parents and child.

This program helps children to develop moral and religious attitudes out of their own understanding and experiences, at home, at school, among their friends.

They learn about the origin of today's World Religions... to understand the religious ideas of others... to have faith in themselves... to grow up tolerantly in search of truths that make life a rich and full adventure.

Isn't this what you want for your child? Then investigate the Unitarian-Universalist Religious Education Program.

Pomroy House Director Marks 25 Years Service

At a social hour preceding the recent regular monthly meeting of the board of directors of the Rebecca Pomroy House, Hovey Street, Newton, the Silver Anniversary of Miss Helen I. Sandstrom as director was marked in a surprise ceremony.

Representing current and past boards, Mrs. Henry C. Jones, past president of the Pomroy House, presented Miss Sandstrom with a silver and garnet pin together with a scrapbook. It commemorated Miss Sandstrom's 25 years of service to the organization which saw its beginnings with the merger of two

philanthropic organizations in 1939—the Stearns School Center and Rebecca Pomroy House for Orphaned Girls.

Today, the Pomroy House fills a vital community need in serving girls and women as well as boys and men through educational projects, mother's clubs, nursery school activities and many other neighborhood undertakings.

Miss Alice Corson, new president of the board, presented a leather purse containing a check comprising contributions from current and former associates.

Representing the Rebecca Pomroy Foundation, Miss Jean Howard, president, gave a generous check from the Foundation.

Miss Sandstrom, who was born in Providence, holds a B.S. degree in education from Boston University and attended the School of Social Work, specializing in group activities. She is a member of the Zonta Club and makes her home at Pomroy House.

Young men and women who are not yet 21 years old but will observe their 21st birthday on or before Nov. 3 may register today or tomorrow to vote in the coming election.

Both the Democratic and Republican organizations in the city have put on concerted drives to register every possible voter before 10 p.m. Friday night.

Republican and Democratic leaders issued separate appeals to all Newton residents who have not yet enrolled as voters to have their names added to the city's voting rolls before tomorrow night's deadline.

They pointed out that the coming election is a highly important one, that every eligible citizen has a responsibility and obligation to participate in it but that they cannot do so unless they are enrolled as voters.

A steady stream of persons, many of them young men and women registering for the first time, have filed into City Hall in recent days to place their names on the voting rolls.

Election Commissioner Heaney predicts that approximately 2000 persons will have been enrolled as voters since the Sept. 10 primary when registration ends tomorrow night.

If that estimate proves correct, it would mean that Newton would have somewhere between 49,000 and 50,000 enrolled voters eligible to go to the polls and cast ballots on Nov. 3.

However, the city's voting strength would still be somewhat below the record high enrollment for the election four years ago when the late John F. Kennedy was a candidate for the Presidency.

Circus Opens In Boston On Oct. 8

It is an old-fashioned circus planned especially for the entertainment of the children, with exciting animal acts, trapeze artists who soar through the air, a small army of mirth-making clowns and other features which combine to make a great show.

In connection with their circus Aleppo Temple is presenting a baby chimpanzee to the Franklin Park Zoo.

Children of this area are invited to join in a contest sponsored jointly by the Shriners and the Boston Record-American to find the most appropriate name for the chimp.

Entries must be postmarked not later than midnight Saturday night and should be mailed to Chimp-Naming Contest, Boston Record-American, P.O. Box 2013, Boston, Mass.

Any youngster under 16 is eligible to complete. A \$100 cash prize will be awarded to the pupil submitting the winning name, and the child's school teacher will get \$50 in cash. Second prize is \$50 in cash, and third prize is \$25 in cash. Fifty runners-up will get a pair of tickets apiece for the big circus.

Young Democrats Hear Talk On Gov. Peabody

Speaking on the Peabody administration, Bill McCormack highlighted the first general meeting of Newton Teen-

age Democrats, held recently. Mr. McCormack spoke not of a "post mortem" administration but of one which gave "greater visibility to political offices." He continued by contrasting the present administration to Volpe's of 2 years ago.

Prior to the speaker, chairman gave committee reports. Activities and policies spoken of were: a regular debating program, a carpool to meetings at the Newton Community Center, and a lending library. Also spoken about were: a work day in October, a dance and theatre party in November, and campaigning for the Democratic ticket.

Bills were introduced. A motion was passed giving the executive board temporary power to act without consulting the general membership when necessary. The discussion on buying a telephone was tabled. Other matters talked upon were the Massachusetts Teen-Dem kickoff dance held last week; the 107 member enrollment; the history of Teen-Dems; and the new checking account. A debate on South East Asia ended the program.

A custom wiglet fashioned by Edith Shane will go to a lucky paid-up member of the Sisterhood.

There will be a special presentation by Mrs. Gregor Shelkan of "Sheitels on Parade," a Jewish history of the wig.

Mrs. Morris Levy will preside at the meeting. Mrs. Louis Kaitz will give the invocation. The program will be under the direction of Mrs. Albert Frageer.

A lesson for children that is quite elementary for most adults. But even adults keep learning new things each day. Take for instance, the increasing number of smart gal shoppers who come to Newcor for fashion values. Why? They've learned the VALUE IN A NAME. And Newcor carries only BRAND NAME merchandise from a FAMOUS NAME MANUFACTURER, who won't let us tell you who he is. We've begged, we've pleaded, but he still says "NO!" So, smart lady shoppers, the choice is yours. Come to Newcor, look at the labels, be amazed, and save... or shop elsewhere for the same name and be a spendthrift.

He went on to remark that the second school population problem to date, and that the problem so far is minor, and does not affect the elementary schools at all.

The families coming into Newton at this time for the most part are those whose children are of secondary school age, he explained, and those with younger children are not among the newcomers.

"We are watching the situation carefully," Dr. Brown said, and added that in the opinion of school officials, the day will soon arrive when every available lot of land in the city will have been built on.

GOP City Committee Plans Active Pre-election Drive

The Newton Republican City Committee held one of its best attended meetings Tuesday evening with the auditorium of the Community Center Building on Cherry street crowded to the door of the lobby.

Members of the committee, representing all eight wards of the city, heard from the various chairmen charged with the job of adding muscle to the GOP election machinery in Newton. William R. Horner, City Finance Chairman, reported excellent returns on the current GOP Residential Fund Drive.

a grand total of 819 individuals this year, Dr. Brown reported. The revised figures, he said, show a total of 423 full-time students. Last year there were 375. The opening class has 258, and those returning for the second year number 165 — all these full-timers.

There are 65 in the part-time day division, the superintendent went on to say, which gives the day division a grand total of 488. The evening division has 117 enrollees, and the adult education division 214.

List Courses In Adult Education

New courses for adult religious education will be presented in two parishes in Newton beginning next week. Opening sessions of the course entitled "Doctrine," will be held in the Pope John Room of Our Lady's Parish Center, Washington St., Newton, Wednesday, October 7, at 8:30 p.m., and at St. John the Evangelist Parish, Watertown St., Newton, Thursday evening, October 8, at 8 p.m.

Rev. William F. Downes will be the instructor at Our Lady's Parish and Rev. Donald A. Brissette will teach at St. John's Parish.

The courses, for adults only, are an integrated composite of Theology, Sacred Scriptures, and Liturgy. The content presents, therefore, a general survey of God's good news of salvation to men and of man's corresponding response to God.

They are designed, first of all, to satisfy the desire for personal improvement and better knowledge of Catholic teachings which exists among all laypeople; secondly, they are intended for those who wish to perfect themselves as teachers in the parish schools of religion.

The doctrine course is scheduled for 15 meetings, one meeting each week. All interested adults in the area are invited to participate in the course. There are no educational or professional requirements. Further details concerning the course may be obtained by contacting one's local parish, or the Confraternity of Christian Doctrine Office, 2121 Commonwealth Av., Brighton, or by attending the opening session.

The film, now nationally famous, was made with the cooperation and consent of High Sheriff Howard W. Fitzpatrick of Middlesex County. Deputy Sheriff John Keriakos was technical advisor for the film.

Others contributing to its production were Andrew Skalkas, who filmed and produced it; Alex Vervaeert, writer and director; Albert Brox, lighting; Arthur Bolduc, property manager. Technical assistance was given by the Gilbert Studio of Lowell.

Mann Charges Bus Service Not Adequate

Alderman Theodore D. Mann at a meeting today charged the M.B.T.A. with the responsibility of seeing to it that public transportation service be continued in the City of Newton after Oct. 17 despite the present carriers, Boston & Middlesex Bus Lines' decision to cease operations.

Mann stated that the City of Newton is entitled to proper public transportation — a service that is not now being handled properly by the Boston & Middlesex. He points to the fact that there is no bus service on Sundays and far from adequate service during the rest of the week.

Mann further points out that State law requires that the City of Newton provide transportation for children to and from school and should the Boston & Middlesex be allowed to terminate service, this would place a very heavy burden on the citizens of the Newton community.

Mann further stated that on June 1, 1964 when the Boston & Middlesex threatened to cancel its service effective June 30, 1964 the following resolution was presented to the Mayor and was passed unanimously by the Board of Aldermen and approved on June 3, 1964 by the Mayor of Newton:

WHEREAS the Boston and Middlesex Bus Lines now serving the City of Newton as well as other communities has announced its plans to cut service completely on June 30, 1964;

Now therefore be it resolved that the Honorable Board of Aldermen respectfully urge His Honor the Mayor to take such action as may be necessary to continue, replace, or improve public transportation for the benefit of the entire Newton population.

Be it further resolved that His Honor the Mayor keep in mind the fact that the public transportation service to our city has been curtailed in the past and that the present service is largely unsatisfactory, inasmuch as there is virtually no bus service on Sundays, a lesser service on Saturday and a very minimal service on the other days of the week.

It is therefore suggested that whatever service is to be provided to replace the existing service that the Mayor be mindful of the fact that one of the effects of good public transportation is the elimination of some vehicular traffic. (Resolution offered by Alderman Theodore D. Mann, seconded by Alderman Flaschner that under a suspension of rules, reading waived and resolution adopted.)

Mann concluded by saying that, "the M.B.T.A. has the responsibility of seeing to it that the citizens of this community are provided with good public transportation and arrangements should be made forthwith to publicly announce same."

Alderman Mann urges the citizens of Newton to write and phone the M.B.T.A., 500 Arborway, Jamaica Plain at 522-5700 to join with him in expressing the urgency and the need for good, continuous public transportation.

A car owner will view his vehicle in the same light if it opens up better job opportunities. Many people find that a car is more economical than other forms of transportation, so driving saves them money. Library Board

Has Change Of Presidents

The trustees of the Newton Free Library have accepted with "profound regret" the resignation of Mrs. Seymour S. Getter, president of the Board of Trustees since 1962 and a member since 1958.

Mrs. George S. Brewer, a library trustee since 1953, who served as president until 1962, was appointed as Mrs. Getter's replacement. Mrs. Getter will continue as a member of the Board.

Her letter of resignation stated that: "It is with regret that circumstances force me to resign. I have enjoyed immensely presiding at our stimulating meetings, and wish to thank the members of the Board for the great cooperation I have received."

"I look forward to working with you all on the implementation of the library survey, one of the most exciting achievements of the Board during my term of office."

Trustees Ask

Mason School As Library Site

A letter asking that the site of the old Mason School be reserved as a location for the proposed central library building has been sent to Mayor Gibbs by the trustees of the Newton Free Library.

The report suggested that a new main library be built in a central and active trading area, near transportation lines, with space for parking provided. The existing main library at Newton Corner was described as being too near the edge of the city for effective service to all the Newtons.

Last August the Board of Aldermen, on recommendation of the mayor, voted for the razing of the old Mason School with the understanding that the site would not be disposed of before the library trustees had determined if it should be used for the main

Open House To Urge Hiring Of Handicapped

Open House festivities Monday through Friday, opening Monday, Oct. 5, at Morgan Memorial, will mark the observance of National Employ the Handicapped Week. Executive Secretary Henry E. Helms declared yesterday.

Morgan Memorial Goodwill Industries was born in Boston and is the largest private, non-profit agency in New England serving the handicapped. It has spread to 127 cities in the United States, including the City of Newton.

Helms said that the officials were extremely proud of having trained 106 handicapped persons in business and industry during the year.

The annual statistics revealed that 2885 persons received rehabilitation services, including 65 handicapped persons on its roles who are unlikely to find jobs in normal industry.

Helms said many applications come from newly handicapped people as a result of tragic accidents, heart attacks, sudden illnesses, partial blindness and loss of hearing. "You can't get a job at Morgan unless you have been afflicted by some handicap," Helms said. "We are hoping we can enlarge our program to help more than the average 453 disabled workers we have on our daily payroll."

Waban Man To Head Annual CJP Appeal

Abraham Goodman of 17 Ferncroft Rd., Waban, prominent philanthropist and business executive, has been named general chairman of the 1965 Combined Jewish Philanthropies Appeal of Greater Boston. It was announced by Sidney Stoneman, CJP president.

Said President Stoneman: "It is eminently fitting that a man of Mr. Goodman's stature has undertaken the challenging task of heading our appeal. Motivated by a deep and abiding interest in the advancement of Jewish education, he has made a significant imprint on many phases of Jewish life that has added strength and dignity to the community."

"He brings to this position," Stoneman continued, "a wealth of experience, personal warmth and commitment. I am certain that, under his dynamic leadership, we can look forward to a most successful campaign next year."

Pentagon Tour For Two Cadets From This City

Two Newton residents, both students at Tufts University and cadets in the 350th Air Force ROTC Group there, are to get a briefing at the Pentagon in Washington, D. C., by Secretary of the Air Force Eugene M. Zuckert.

They are Michael N. Shapiro, son of Mr. and Mrs. Louis Shapiro, 1762 Centre street, Newton Centre, and Lawrence M. Greenbaum, son of Mr. and Mrs. Hyman Greenbaum, 271 Greenwood street, Newton Centre.

Shapiro is a senior physics major. Greenbaum, a sophomore, is studying engineering. They will leave from Hanscom AFB, Bedford, Sunday, Oct. 18, and return late Monday evening.

At the Pentagon, Secretary Zuckert and his staff will brief the cadets on advanced aerospace strategic concepts, career development opportunities and USAF promotion policy.

Subsequently, they will tour the Pentagon and the Headquarters USAF Command.

The class was led by Student Council officials, Maureen Radley, Ann McCarthy, Janice Murphy, and class officers Ellen Dwyer and Kathleen Newman.

The following seniors received rings at the ceremony,

Further Delay On Incinerator From Aldermen

Action on equipment for the \$2,000,000 municipal incinerator met further delay at Monday night's meeting of the Board of Aldermen.

Alderman Melvin J. Danglell, speaking as acting chairman of the committee on Public Buildings, referred briefly to the matter, saying that it was being held for the next meeting (Monday, Oct. 19), in order that additional information may be given, meantime, to the Board.

Mayor Donald L. Gibbs and the commissioner of public buildings have recommended an appropriation of \$969,500 for three-stage traveling grate and cyclone type fly-ash control. The Aldermen's failure on Sept. 14 to act on the recommendation brought sharp criticism from the mayor.

The incinerator, he maintained, should be put into operation as soon as possible, since the city dump is rapidly filling up, and to acquire additional dump space would entail an expenditure of mountainous proportions.

Delay on action was obtained.

Lions Seek 2nd Big Win On Saturday

Newton South High School will try to make it two triumphs in a row when it plays Stoughton High at Stoughton on Saturday afternoon.

The Lions chalked up their first win of the season at Russell Field in Cambridge last Saturday when they defeated Cambridge Latin 22-14.

Joe Manfredi tallied two touchdowns, and Chuck Spear scored one as South broke into the win column at the expense of the Cantabs. Spear gained 176 yards rushing during the day to spark Newton South's offense.

South and Cambridge Latin fought to a 6-6 standoff in the first half and then scored eight points apiece in the third period.

But Joe Manfredi scored his second touchdown of the day during the final quarter and then rushed for the extra two points to give the Lions their eight-point margin.

\$430,000 Grant Award To Public Schools In City

A \$430,000 grant has been made by the Ford Foundation to the Newton public school system to finance a 3½-year experiment designed to improve vocational education and raise it from its second-class status as compared to academic studies.

In announcing the grant, a spokesman for the Ford

Foundation observed that Newton has "one of the nation's pace-maker school systems."

The Newton program will seek to depart from the traditional separation of vocational and academic high school studies even when they exist under one roof.

This program is intended to "help vocational and technical education meet the needs of emerging new technological and occupational patterns that demand increased skills and knowledge," declared Director Frank Bowles of the Ford Foundation's education program.

"To meet the challenge of preparing youth for their transition from school to job — and for responsible citizenship in a complex society — must be technically meaningful and must include at least the fundamentals of academic programs followed by students preparing for college," Bowles asserted.

Under its experiment Newton will work toward the incorporation of what is now a separate vocational high school program, in which only 200 of the city's 4300 high school students are enrolled, into a comprehensive high school program.

(Newton school officials believe the low enrollment is due to the fact that parents regard a separate vocational school as low in status.)

In place of the present setup, a department of technical and vocational studies will be established at Newton High School and Newton South High. The new program will treat vocational and technical subjects as electives in the same way as academic subjects. Thus, they may be taken by all students. Conversely, vocationally-oriented students will be permitted and encouraged to take academic subjects in order to

The Newton Lions Club officially opened its 1964 Eye Research fund raising campaign at the weekly meeting of the club held yesterday and presided over by Donald Clafin, president.

The sale of light bulbs will once again be the means of raising the money locally. Police Chief Philip Purcell, kicked-off the drive by purchasing the first package of bulbs.

Taking part in the ceremony were Lions President Clafin who made the initial sale, Captain Quinn of the police department, and Lawrence R. Kadis, Lions member.

50,205 Eligible To Vote Nov. 3rd

Hallowe'en Parties Seen As Local Record Setters

Newton's 1964 Halloween parties are expected to set a record in attendance, it was reported at the recent meeting of the Halloween Executive Committee.

Dr. R. Emerson Sylvester, general chairman, conducted the meeting at which plans for this year's observance were unveiled. An estimated 22,000 school children will participate in this, the 24th year of the program.

Sponsored by the Recreation Department, the celebration is supported by hundreds of groups and individuals including the Chamber of Commerce, the School Department, the Police and Fire Departments, and nearly 2,000 parents working through the city's many Parent-Teacher groups.

A brief outline of the widely acclaimed observance was presented by Dr. Sylvester who explained how the program has benefited Newton, its children, its people and businessmen for many years.

Following Dr. Sylvester's remarks, Acting Mayor Wendell R. Bauckman, president of the Board of Aldermen, brought greetings from the city and Stanley Russell, representing the School Department, offered his complete cooperation in the effort.

States GOP Leaders Worry About Depth of LBJ Sweep

Massachusetts Republican leaders are worried about the possible depth of President Johnson's sweep over Senator Barry Goldwater in this State.

They are apprehensive that it may be so great it might wreck the entire GOP State ticket.

How high the Johnson plurality can go without seriously damaging the election prospects of such Republican candidates as ex-Governor John A. Volpe and Attorney General Edward W. Brooke is a puzzling question.

But some sound Republican politicians figure the danger signals will be flying for their party's state-wide standard-bearers if Johnson tops Goldwater 2-1 in Massachusetts.

Tigers Still Seeking That 1st Victory

Newton High School's football team will be seeking its first victory of the year when it meets Weymouth High at Dickinson Field Saturday afternoon with the kickoff scheduled for 1:30 p.m.

The Tigers battled to a 6-6 deadlock last Saturday with Brockton. In their opening game the previous Saturday they bowed to Everett 28-0.

This Newton team seems likely to improve as the season progresses, and it could find itself against Weymouth this Saturday.

Voice Of Brave Missionary To Be Reproduced

The public has been invited to hear on tape the voice of Miss Ruth Hege today (Thursday) at the parsonage of Faith Baptist Church, 122 Eastside parkway, Newton.

Miss Hege, who as a young girl lived across the street in Wellington, Ohio, from Grace Church's pastor, the Rev. D. A. Waite, is the heroine of "The Shadow of Death," one of the most dramatic mission-

ary stories of our day. It is presented by Mid-Missions which, through its 700 missionaries, serves in 28 different countries, one of which is the Republic of Congo, the setting of Ruth Hege's rescue from the hands of terrorists last January.

Threatened with death many times, and left for dead once, she said she was not afraid of death, but would "go with her God," when confronted by a knife-wielding follower of the Chinese Communists.

It is her voice in such a situation that will be heard at Faith Church.

Tigers

Both Newton and Brockton scored a touchdown apiece in the first quarter of last Saturday's game and then were unable to reach pay dirt in the final three periods.

Guy Reynolds tallied on a 10-yard smash for Newton's first and only touchdown of the young gridiron season. An attempted forward pass from Dick DiLuzio to Tom Warren for the extra points failed.

The stage for the touchdown was set when Reynolds got off a quick kick that went out of bounds at the Brockton 11-yard line. Two plays later, Guard Dick Burlingame recovered a Brockton fumble.

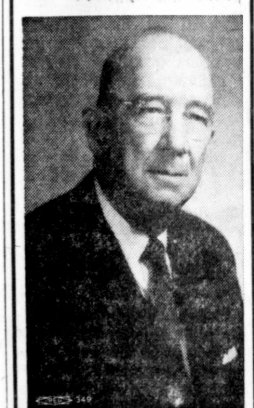

Newton was swift to take advantage of the opening, with Reynolds carrying twice and Joe Schipani once before Reynolds went across for the touchdown.

Brockton tied the score on a beautifully executed 74-yard forward pass. Brockton's try for the extra points on a rush failed.

Scouts Recall Fine Summer For Troop 219

Boy Scouts of Troop 219 reviewed their summer experiences for the benefit of fellow scouts at the troops first meeting of the year.

Ken Giles and Nicky Scrimshaw represented Troop 21 at the National Jamboree at Valley Forge in July. They were chosen for this honor by the troop committee and by a vote of their fellow scouts for their outstanding participation and leadership in the local scouting program.

Jim Spinks, Tom Elder, and Clifton Dean were members of a month-long expedition to Philmont Scout Ranch near Cimarron, New Mexico, along with about 24 other boys from Norumbega council. During a two-week stay in the area of majestic mountains, towering Ponderosa pine, and deadly rattlesnakes, they gained experience in gold panning, horseback riding, gun safety, conservation, and camping. Among the interesting places they stopped at during their trip to and from Philmont, was the Garden of the Gods in Colorado Springs.

Peter Weiskel, Ned McDonald, and Warren Ross spent part of their summer at Hidden Valley, Norumbega Council's camp in Gilmanton, N.H. There they participated in an active outdoor program of swimming, hiking, and camping while earning several merit badges.

Welfare Dept. New Salaries Up By \$9480

The annual salary increases in Newton's Public Welfare Department, scheduled to become effective within 90 days, will total \$9480, of which 50 percent will be borne by the state and federal governments, according to Arthur A. Marr, comptroller of accounts.

The new schedule of payment was ordered by the Massachusetts Welfare Compensation Board, and had been proposed by Mayor Gibbs as an infringement of home rule.

Twenty-seven members of the local department will benefit by the increases. Principal clerks will get \$560 more than other principal clerks employed by the city, senior clerks

High Turnover In Teachers Is Explained

Reasons for the 16 to 17 percent turnover in faculty members for the Newton schools were listed by Dr. James Laurits, assistant superintendent in charge of personnel at last week's meeting of Newton Council of P.T.A.s.

He told the members that 60 percent leave because they move to other areas, expect to become mothers, or because of returning to college for further study. Thirty percent, Laurits said, retire, are dismissed, have health problems or marry, and 10 percent leave to take better positions.

Describing the selection process, he said, "Great care is taken. Once in a while we slip up, but not often."

Mrs. Melvin Gordon of the Newton League of Women Voters asked the Council to join the League and other civic organizations to work for a new main library building on the site of the old Mason-Rice School in Newton Centre. A discussion followed, and on the request, Council action was postponed to the Nov. 5 meeting.

Teen-Dems Here Plan 'Work Day'

The Newton Chapter of the Massachusetts Teen-Dems is sponsoring a work day on October 10 and 11 to raise funds for its treasury.

On Saturday and Sunday, active members of Newton Teen-Dems will be calling on their neighbors offering to do odd jobs such as raking, washing windows, cleaning garages, sweeping, baby sitting and the like.

Newton Teen-Dems was one of the first chapters of the Massachusetts organization. It gives interested teen-agers the chance to participate in campaigns and become well-informed in politics not only on the Democratic scene but of Republican candidates and the issues. With the money that the kids make working, Teen-Dems plans to bring in speakers, help in campaigns, set up youth campaigns and get involved in the coming elections.

In addition to the large campaigning for national and state candidates, the Teen-Dems will be working with local candidates in their campaigns. The Newton Teen-age Democrats have a big year coming up and are hoping to give it a push with these work days. For further information concerning Teen-Dems call Richard Lasker at LA 7-0470.

New Members Of Raynace Society To Be Welcomed

More than 100 members of the Raynace Society, an organization of teen-agers serving as volunteers in the fight against kidney disease, will join in a salute to new members at the organization's Annual Pledge Tea, to be held Sunday afternoon, October 11th, at the home of President Sunny Lank, 70 Farina road, Newton.

Forty new members will be inducted into the group, which serves as the Junior Division of the Massachusetts Kidney Disease Foundation.

Featured on the program will be an address by Mrs. Elliot Gordon, president of the Women's Committee of the Massachusetts Kidney Disease Foundation, and the screening of a color motion picture showing recent developments in treatment for patients with chronic kidney ailments and in research programs aimed at eradicating kidney disease.

Tarlow, Yesley Are Set To Take Places On Bench

Appointments of two Newton residents as judges, were approved last week by the Executive Council.

Julian L. Yesley of 83 Meadowbrook Rd., Newton Centre, will assume his duties as justice of the Newton District Court as soon as possible.

The new judge, who served as chief legal counsel to Governor Peabody, was graduated from Harvard in 1929 and from Harvard Law School in 1932. He is a member of the Massachusetts bar and the Federal District and Circuit Court bars.

Sherwood L. Tarlow of 432 Chestnut St., Waban, will sit as a part-time judge on Martha's Vineyard, and plans to establish a residence and office on the island.

Mr. Tarlow, who was Gov. Peabody's chief fund raiser during the past two years, is a lawyer, banker and owner of three radio stations.

His appointment came on a five to three vote, despite adverse reports on him by two bar associations.

Local Kiwanis At N. H. Event

The Kiwanis Club of Newton was represented at the 1964 Convention of the New England District at Bretton Woods, N. H., October 14. It was announced by Club President Francis C. Chase.

Attending the three and one-half day meeting from Newton were Mr. Chase, William W. Hoblitzell, III, club secretary; former Kiwanis President John Madden and E. A. Marcoux, former Lieutenant Governor of the New England Kiwanis District. Sessions were held at the Mount Washington Hotel.

Howard N. Myers, 64 Garland Rd., Newton Centre was awarded a Bachelor of Laws degree at the University of Wisconsin, Madison, Wis.

Actually, some members of the Newton South squad were sub par as a result of a virus which hit the team during the week. One of them was quarterback Ted Clarke who insisted on playing even though he wasn't feeling 100 per cent fit.

Success Ahead For United Fund

Prospects are bright for a most successful United Fund campaign in Newton this year.

Considerable momentum already has been engendered and quite a head of steam awaits the sounding of the whistle to send the Carmen-managed locomotive high-balling down the track to a realization of the goal set for this city.

Newton always has been favored with men and women of ability, imagination and physical drive to run the local United Fund campaigns.

This year's chairmen, Mr. and Mrs. William Carmen, are cast in the same mold of energetic, civic-minded individuals. They have selected an excellent corps of assistants to handle the various committees and all are concentrating on the upcoming Kick-Off Rally planned for October 14th at headquarters.

The worthiness of the United Fund cause has long been recognized and established.

It has borne a successful fruition here over the years because of the dedication of the men and women who annually rally to its standard. They keep the torch burning, and set a final imprimatur of success in money raised.

So, let's get the old smile of welcome ready, the outthrust hand of greeting in readiness, and the faithful check-book waiting to greet the loyal solicitors who will be calling on Newton homes and places of business during the several weeks of the campaign.

Incidentally, the solicitors will be wells of information and will be ready to explain the purposes and accomplishments of the campaign. Mr. and Mrs. Stanley Miller, co-chairmen for training solicitors, will see to that.

Answer To Senator

Editor of The Graphic:
Senator Thurston Morton, (Rep., Kentucky) at a Republican Rally in Newton last week referred to Robert F. Kennedy's candidacy in New York and said, "We know how to take care of them down home — he'd get shot even before he crossed the border."

Remembering what so recently happened to three college students in Mississippi, it is just unbelievable that a U. S. Senator could utter such an intemperate remark. It is even more unthinkable that he could choose to proclaim it during the very week that the Warren Commission issued its report.

As much as our political philosophy obviously differs from that of the Kentucky Senator, let him be assured that he will not be molested and his views will always be allowed free expression in the Commonwealth of Massachusetts and the City of Newton.

Very truly yours,
Herbert F. Regal,
Chairman,
Democratic City Comm.

Enjoy Recreation Dept's Tennis Courts

Editor of The Graphic:
The undersigned wish to express appreciation to the commissioner of recreation, Mr. Penney, for the meticulous maintenance of the clay tennis courts this year in the city.

We have enjoyed these facilities to the fullest, and considering that private tennis clubs are not open to membership due to long waiting lists, the public courts are indispensable to those who love the game.

The care and upkeep of the clay courts have left nothing to be desired this year, and both the commissioner and the men in direct charge of them deserve our thanks.

Yours sincerely,
Mrs. Herbert A. Selenkow
Mrs. Melvin B. Miller
Mrs. Ernest Davidow
Mrs. Robert Misch

Nine-Year-Old Sculptress Is Prize Winner

Nine-year-old Karen Leslie Blank of 333 Lowell Ave., Newtonville, a 5th grade pupil at the Claffin School, won a blue ribbon in the recent Boston Ceramic Show in Horticultural Hall.

She was the only first-place child winner in the show, which accepts entries from both children and adults, and from professionals throughout New England.

The award was given for the best free-form sculpture as judged by professional artists. She was also a leading vote getter in the public vote.

Karen's sculpture piece was of a reclining horse, made this past summer while she was at the Green Acres Day Camp in Waltham, under the guidance of Miss Virginia Thayer of the camp staff.

Political Highlights

Another matter of grave concern for realistic GOP politicians is whether a substantial number of Bay State Republican voters will sit out the coming election because of the lack of enthusiasm for either Johnson or Goldwater.

In most States of the Union a landslide victory such as President Johnson is expected to score in Massachusetts would mean disaster for the entire Republican State ticket.

But Massachusetts is a ballot-splitting State. Past election results indicate that hundreds of thousands of people vote for the man rather than the party label and that a good percentage of voters are disposed to regard a Presidential contest as completely apart from the state-wide fights.

For example, in 1952 former President Eisenhower carried Massachusetts by about 200,000 votes over Adlai Stevenson, while Christian A. Herter edged out Paul A. Dever for the Governorship by approximately 14,000 votes.

Four years later in 1956, Eisenhower topped Stevenson by 400,000 votes, twice as big a plurality as he rolled up in 1952. But this time Democrat Foster Furcolo defeated Republican Sumner G. Whittier for the Governorship in decisive fashion.

Until then political analysts had considered that a Presidential candidate who carried the Commonwealth by more than 200,000 votes would pull his party's State ticket in with him. They revised their thinking after the 1956 experience.

The late John F. Kennedy piled up a 500,000-vote plurality in his home State in the 1960 Presidential election, but Volpe defeated Joseph D. Ward, the Democratic nominee, by a substantial margin for the Governorship.

Kennedy polled about 60 per cent of the Massachusetts vote to approximately 40 per cent for Richard M. Nixon. The voters still elected a Republican Governor.

But many politicians feel there must be a point somewhere at which a sweep for a Presidential candidate affects the election contests at the State level. What they don't know is where that point is or whether Johnson will reach it.

All this indicates, of course, that Barry Goldwater is given no chance whatever of carrying Massachusetts and that the only question is how great President Johnson's plurality in the Bay State will be. Virtually all the political pundits agree with that appraisal, but some of them are still unconvinced that Johnson's margin will be as staggering as the polls indicate.

While the GOP campaign strategists are worrying about the possible depth of the Johnson sweep and how to prevent thousands of their party members from staying home on election day, Democratic politicians have been speculating on whether there will be any new indictments of prominent public figures before the campaign comes to an end.

The Crime Commission has been relentlessly pressing its probe into corruption in the State, and Attorney General Brooke has been presenting evidence to a special Grand Jury.

More indictments undoubtedly are coming. The question is when they will come and what their political impact, if any, will be.

Brooke-Hennigan Fight Arouses Wide Interest

Next to the battles for President and Governor, the election fight on which the greatest attention is centered is the contest between Republican Attorney General Edward W. Brooke and Democratic State Senator James W. Hennigan, Jr.

Brooke is considered the strong man of the Republican State ticket and is rated a favorite to win reelection to a second term. Hennigan is the underdog.

Yet, there are decided elements of uncertainty surrounding this clash. One person who clearly recognizes this is Brooke himself. He has been doing his utmost to prevent any over-confidence on the part of his workers and supporters, reminding them constantly that candidates who supposedly couldn't lose have been defeated in the past.

The realistic Brooke obviously is apprehensive that a Democratic tide may roll across Massachusetts on Nov. 3. He is bracing his campaign to try to meet it if it does develop.

Brooke won in landslide fashion two years ago over Francis E. Kelly. He is now involved in an altogether different kind of fight.

Hennigan is a far more potent adversary than was Kelly. But Brooke as a result of serving 21 months as Attorney General is a much stronger candidate than he was in 1962.

Brooke unquestionably benefited in his '62 election contest from the fact that many Democrats and Independents either voted against Kelly or didn't vote at all for Attorney General.

That situation does not exist in the present campaign. There is no anti-Hennigan sentiment. Brooke's support will come entirely from people who are voting for him, not against his opponent.

Hennigan's big problem is that he is not especially well known outside of Boston. Hennigan has served in the State Senate for the past 10 years and before that was a member of the House of Representatives for two years. In that span of a dozen years Hennigan became one of the most respected law-makers on Beacon Hill.

But he had no flair for making headlines or indulging in the dramatic. He was a conscientious, hard-working Senator who performed his duties, attended faithfully to the needs of his district and usually was

relected without opposition.

However, his name is no byword in homes throughout the Berkshires, Blackstone Valley, Cape Cod or the North Shore. This is the big obstacle Hennigan has been striving to overcome.

It would have been to Hennigan's advantage if he had a primary fight which would have been widely publicized and would have drawn the spotlight to him.

Brooke, on the other hand, has been almost constantly before the public eye for the past 21 months and periodically has been in the headlines as a result of the indictments he has obtained.

Whether he was elected because the people voted for him or against Kelly, the fact is that he has made the most of the opportunity presented him and has gained widespread respect for the way he has conducted himself as Attorney General.

While Brooke has declined to endorse Senator Barry Goldwater because of the latter's civil rights views, there is no indication of any resentment against Brooke in the Goldwater Camp. In fact, some of the top leaders in the Goldwater organization have declared publicly that they intend to vote for Brooke.

Strangely, the Republicans have won the Attorney Generalship more often than any other state office. In modern times there have been only three Democratic Attorneys General. They were Edward J. McCormack, Jr., Francis E. Kelly and the late Paul A. Dever back in the 1930's.

Catholic Blind Guild's Card Shop In New Home

New home for the Card Shop of the Catholic Guild for All the Blind was announced this week by Rev. Thomas J. Carroll, executive director.

The Card Shop, which has been used for years by Newton residents, will now be open every day including Sundays and holidays from 9 a.m. to 9 p.m.

It is not a commercial card shop but rather an office where people leave memorial gifts for those who have died or are sick, taking with them a special memorial card.

The Memorial Office is located at St. Raphael's Hall, the first building on the grounds of the Catholic Guild for All the Blind at 770 Centre Street, Newton.

The wide-spread influence of the Catholic Guild for All the Blind was seen again during the past summer as The Graphic reported numerous foreign visitors to it.

In all, twenty-three foreign visitors came to the Guild from the following fourteen countries: Portugal, France, Saudi Arabia, India, South Africa, Spain, Central America, London, Australia, Korea, Egypt, Israel and Ceylon.

These professional visitors came to learn the philosophy and techniques of St. Paul's Rehabilitation Center for Recently Blinded Adults. Two of the visitors are planning to establish similar centers in their native lands, one in India and one in Egypt. Two have rehabilitation centers patterned after St. Paul's. They had read Father Carroll's book, "Blindness, What It Is, What It Does, And How To Live With It."

However, they wanted to see the prototype itself. One of these centers is in Paris, the other in Lisbon. In addition,

Great Circus Appearing At Boston Arena

The spectacular Hamid-Morton circus opens a five-day engagement at the Boston Arena today (Thursday) and runs through Monday, Columbus Day.

The circus, geared specially for the entertainment of children, is appearing in Boston under the sponsorship of Aleppo Temple of the Shrine.

From start to finish the circus provides fun and thrills for both the youngsters and grownups.

Exciting animal acts, trapeze artists, high-wire performers and other stars of the sawdust ring will hold Arena audiences spellbound during the program.

It is an old-fashioned circus which will keep the small fry wide-eyed and will bring nostalgic memories to their elders.

A baby chimpanzee which is being presented by the Shrine to the Franklin Park Zoo will make his first public appearance at Friday night's (Oct. 9) performance of the circus. Announcement also will be made of the name chosen for the chimpanzee in a contest in which more than 20,000 children participated.

Uniformed members of the Shrine will put on one of their colorful drills before the circus performance tonight (Thursday).

broaden their educational background.

The Technical and Vocational High School has been housed at Newton High School but has been considered as a separate entity from that school.

With its new comprehensive secondary program, the Newton school system may not qualify for the state and federal vocational-educational funds it now receives. At present such assistance is only given for separate vocational programs. If the aid is discontinued, Newton would be obliged to make up the loss from local funds. It now receives about \$130,000 a year from that source.

Under another phase of the program, a progression of vocational studies extending from the high schools into Newton's junior college will be devised to help more students continue education beyond the secondary level into junior colleges or technical institutes.

At the junior high school level Newton school officials plan to expand guidance services to increase student understanding of both vocational and higher educational opportunities.

Superintendent of Schools Charles E. Brown said the \$430,000 grant to the Newton School Department must be spent for "people and ideas."

He declared that it will be used for the employment of teacher-consultants from the business and professional world, to provide relief time for teachers so they may plan programs, for the conduct of workshops and for the administration of the program.

MARGARET M. HECKLER

Mrs. Heckler Seeks Clearer Judge Reports

Governor's Councillor Margaret M. Heckler this week declared that Bar Associations in recommending for or against the confirmation of persons proposed by a Governor for judgeships should make their positions clearer than in the past.

Mrs. Heckler asserted that at times the statements made by Bar Associations concerning nominees for the judiciary have been too vague.

She said that if a Bar Association says that an attorney is qualified for service as a judge but should not be appointed to the bench the Bar Association should spell out the reasons it feels a nominee should be denied appointment.

Last week Councillor Heckler voted for the confirmation of three judges nominated by Governor Peabody and against the confirmation of the fourth.

"This was in conformity with my firm policy of considering every nomination made by the Governor strictly on its merits and without regard for partisan politics," Mrs. Heckler emphasized.

Bar Associations in various parts of the State had recommended confirmation of the three judges for whom Councillor Heckler voted.

The Massachusetts Bar Association had recommended that the nomination of the fourth judge not be confirmed. Mrs. Heckler voted against confirmation.

"While I followed the recommendations of various Bar Associations in each of these four instances, I feel nevertheless that their reports in the future should be clearer and less vague so they will not be open to misunderstanding," Mrs. Heckler declared.

Mrs. Heckler is standing for reelection to a second term in the Executive Council.

For the past 21 months she has been one of the most respected and outspoken members of that body.

She has opposed Governor Peabody on some occasions and supported him on others.

Candidates Night By Fair Housing Group On Oct. 13

All Newton residents are invited to attend Candidates' Night sponsored by the Newton Committee for Fair Housing and Equal Rights, on October 13, at 8 p.m. at the Claffin School, Lowell avenue, Newtonville.

This is the only opportunity for citizens to question their candidates for election to the General Court on the issues of equal opportunity for all, stated Chairman Edward L. Richmond.

Program Chairman Dr. Melvin Richmond announces that acceptances have been received from most candidates seeking election to the office of State Representative from the 4th, 5th and 17 Middlesex Districts and State Senate from the Norfolk and Suffolk District and the Norfolk and Middlesex District.

introduce each candidate and allow him three minutes to answer prepared questions. Each candidate will also have the opportunity of answering questions from the audience. At the conclusion of the meeting, the Newton Youth for Equal Rights will serve refreshments and members of the audience will have a chance to talk informally with the candidates.

Mr. Richmond, chairman of the committee urges all residents to attend "and become fully acquainted with each candidate's views on Fair Practices."

Golden Text Of Jeremiah To Be Sunday Feature

The Golden Text for Christian Science churches this Sunday is from Jeremiah (17:14) — "Heal me, O Lord, and I shall be healed; save me, and I shall be saved: for thou art my praise." The Bible lesson is on the subject, "Are Sin, Disease, and Death Real?"

A central theme of the service will be this statement from the denomination's textbook: "The understanding of his spiritual individuality makes man more real, more formidable in truth, and enables him to conquer sin, disease, and death" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 317).

A graduate of Albertus Magnus College in New Haven and the Boston College Law School, Mrs. Heckler is a practicing attorney in professional life.

If you buy a bargain carpet, you'd better take steps to protect it.

Maybe it looked great in the store.

You fell for the color.

The pile felt thick.

You got a packaged deal too. They threw in the padding and installation. Supposedly free.

When the carpet was down, you took good care of it. Used extra pieces.

But the carpet didn't hold up anyway.

It pulled, snagged, raveled, began to wear thin, faded, and even smelled bad after a while.

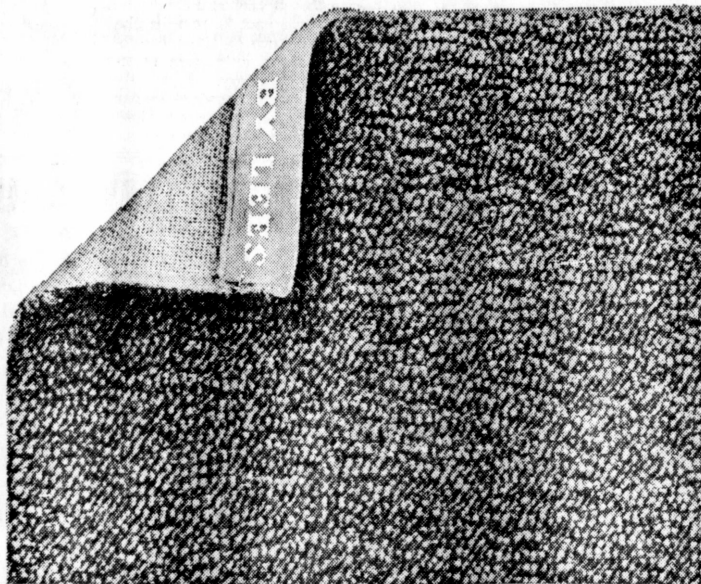

Don't laugh.

It happens all the time to otherwise level-headed Buying Guide-type people who for some reason can't seem to resist a "bargain" carpet.

The sad truth is, this kind of a carpet never pays.

That's why Lees doesn't make one.

That's why we sell Lees.

Are you getting all you pay for when you buy carpet?

Carpet is probably the most important purchase you make (next to the house itself). When buying carpet, quality construction is the most important thing to look for. Here at Abramson's, you'll find that our budget priced broadloom must meet high quality specifications and standards just the same as our finest of broadloom.

Protect yourself by buying only from a reliable firm. Don't go for phony offers, free gifts, fly-by-night bargain salesmen. Question all ads which offer you too much for too little. Your best safeguard in purchasing carpet is the integrity of your dealer. Come to Abramson's where you get your money's worth! You get what you pay for and more, when you buy carpet at Abramson's.

LEE'S SPICEWOOD can take it because it's the carpet with pile of 100% **CUMULIFT®** nylon... Easier to clean... resists stains and ordinary soil. Won't shed, fuzz, or pill... no loose yarn ends. Non-allergic... the entire family can enjoy **CUMULIFT®** nylon, the plump nylon... won't wear thin. (There is one problem, though... with so many wonderful stay-fresh colors to choose, you may find it hard to settle on just one). See them all at Abramson Carpet.

Abramson's Guarantee of Satisfaction

Because our skilled and experienced workmen are especially trained to expertly measure, install and service carpet we make this guarantee of satisfaction:

We Guarantee the least possible carpet waste. By efficient measuring, estimating and installation, every inch of carpet you pay for is used to best advantage on your floor.

We Guarantee the neatest, best-looking installation you've ever seen. We measure, cut and install carpet to fit any size, shape or type room without ragged or loose edges—even around corners, doorways, baseboards.

We Guarantee complete satisfaction even after the carpet is installed. If not entirely pleased with our work, call and request our workman back at any time. We do not forget you once the sale is made.

ed at the Sept. 14 meeting by Alderman David W. Jackson in an effort to get from experts a report on a type of equipment that would cost more than that which was proposed by the mayor and one which, in the opinion of Jackson and a Metcalf and Eddy engineering consultant, might prove to be more efficient.

According to Mayor Gibbs, that type of equipment is unproven at this time.

The mayor, out of the city Monday, was not available for comment in the most recent delay.

Gifford-Wood Of N.Y. Bought By Local Firm

Stowe-Woodward, Inc., of 181 Oak St., Newton Upper Falls, has purchased Gifford-Wood Company of Hudson, N. Y., it was announced this week by David W. Stapleton, president and chairman of the board.

The transaction involved an undisclosed sum of cash and Stowe-Woodward stock.

According to Stapleton, the acquisition will be of significant benefit to both companies. It will intensify the marketing position of Gifford-Wood, now in their 150th year, whose product line includes materials handling devices, milling and mixing machinery, conveyor systems, ice machinery, and restaurant equipment; and it is expected to make an important contribution to future Stowe-Woodward earnings, as part of S-W's planned acquisition program.

E. F. Spicer, Gifford-Wood president, indicated no changes in management or personnel are contemplated as a result of the transaction.

Stowe-Woodward, whose sales were \$7,537,000 in 1963 with a net income of \$380,000, is headquartered in Newton and has plants in Neenah, Wisc.; Griffin, Ga.; Sandusky, Ohio, and Glenrothes, Scotland. It is a leading producer of rubber rolls for the paper, textile and plastics industries, and its Ebonite Bowling Ball Division is one of the world's largest producers of bowling balls.

Alvin Schorr, acting chief of long-range research for the Social Security Administration, author of the book "Slums and Social Insecurity," flew in from Washington last week to address the Special Commission on Low Income Housing, to which three Newton residents were appointed by the Governor.

Mr. Schorr outlined the harmful effects of substandard housing on health, family relationships and child-rearing.

"In Massachusetts alone," he said, "nearly 150,000 households with less than \$4000 annual income are living in substandard housing."

The Newton appointees to the commission are Alexander Beal of 419 Beacon street, Chestnut Hill, past president of the Massachusetts Association of Real Estate Boards; Myron C. Roberts of 1555 Commonwealth avenue, West Newton, past president of the Greater Boston Real Estate Board, and Robert E. Segal, 50 Verdale road, Newton Highlands, director of the Jewish Community Council.

DRAWINGS WILL BE HELD ON TUESDAY OCTOBER 13, 1964, A VERY LUCKY DAY FOR SOMEONE, SO DON'T MISS OUT BECAUSE THIS IS YOUR LAST CHANCE.

Substitute Teachers To Meet Here Oct. 13

Dr. Constance Smith, director of the Radcliffe Institute for Independent Study, will be the featured speaker at the opening meeting for the current school year of the Newton Substitute Teachers Association, according to an announcement by Mrs. Irma S. Bronson, newly elected Association president.

The meeting will be held Tuesday, October 13 at 3:15 p.m. in the dining room of the Meadowbrook Junior High School, Meadowbrook Road, Newton Centre, and an especially large attendance is expected.

There has been an impressive public response to the recent publication of the Radcliffe Institute's book, "The Next Step", which was prepared by a group working under Dr. Smith's direction. This has prompted the association to invite principals of all the Newton Schools, as well as any other interested members of the community, to attend the meeting.

Dr. Smith's topic will be "Continuing Education, Prospects and Problems" and she will discuss the difficulties as well as the many fresh educational and vocational opportunities for mature women brought about by new trends in American society.

Dr. Smith is a graduate of Wellesley College and received her doctorate from Radcliffe. Before undertaking the directorship of the Institute, she had enjoyed a varied and interesting career in both the business and academic worlds.

A former Fulbright Fellow at the London School of Economics, she has lectured and written extensively in the fields of politics and international affairs.

Dr. Smith engaged in teaching, research, and administrative work at Wellesley College, Wheaton College, Douglass College, and the Eagleton Institute of Politics at Rutgers University. At one time she was sales promotion and advertising manager for Marshall-Smith, Inc., Cleveland, Ohio.

In addition to Mrs. Bronson, officers of the Newton Substitute Teachers Association for the current academic year include Mrs. Barbara G. Trott, vice president; Mrs. Sara M. Horowitz, corresponding secretary; Mrs. Clara H. Friedman, treasurer; and Mrs. Edith O'Gorman, recording secretary.

Facts On Choice Of A President

Mrs. Peter Morehouse, publications chairman of the Newton League of Women Voters, calls attention to a newly published booklet that has the answers to many questions in the minds of those who will vote next month in the Presidential election.

Called "Choosing the President," it is put out by the league's national office, and can be obtained at a cost of 75 cents by calling Mrs. Morehouse at BI 4-5826.

RUG COMPANY EXECUTIVES — Celebrating 30th Anniversary are executives of Emerson Rug Company. The company will hold Open House at all six stores during October. Seated in foreground is President John Reilly. Standing, left to right: Executive Vice President Daniel Reilly and Treasurer John Emerson.

30th Anniversary Of Emerson Rug Underway

A celebration is underway at Emerson Rug stores, marking the company's 30th Anniversary. During October, Emerson Rug will hold Open House at its six carpet showrooms surrounding Greater Boston. On display will be a beautiful, bountiful selection of varied styles and colors at special anniversary savings.

There are sumptuous high pile broadlooms, colorful tweeds, sturdy twist styles, and elegant embossed patterns by quality mills like Lees, Cabin Crafts, Mohawks, Bigelow, Barwick and Masland. You'll see your favorite color in dozens of different shades, including all the latest decorator hues.

This famous carpet company was founded in 1934. Under the direction of President John Reilly, Treasurer John Emerson, and Executive Vice President Daniel Reilly, Emerson has grown to be New England's leading broadloom specialists.

In the early years, Emerson occupied a modest store in West Roxbury. As its reputation grew, the firm relocated in Norwood and then expanded into Natick, Stoneham, Quincy, Hanover and Danvers. Today Emerson Rug showrooms are conveniently located to all communities north, south and west of Boston.

In the 1950's, Emerson established a Shop at Home Division, bringing new ease and convenience to carpet shopping. Today, any Emerson Rug store is as near to you as your telephone. By calling FA 5-7100, or the nearest showroom, you can arrange to have the entire selection brought to your home days or evenings.

Emerson's Shop at Home service not only saves time and traveling, but also makes it easy to choose the right carpet for your home. You can spread the samples all over the room. In an instant you'll know which colors clash or blend with your decor. Some patterns may be too large and others too delicate. You can be sure if you see them beside your furnishings.

Emerson's representative will measure your rooms and help you with expert advice. This service is available to anyone living anywhere in New England at no cost or obligation.

To most New Englanders, Emerson's name is synonymous with fine quality broadloom. Emerson has selected only the most excellent brands for display in its showrooms, and makes these carpets available to you at competitive prices. Names like Lees, Cabin Crafts, Mohawk, Bigelow and Barwick are your best safeguard when buying carpet, because their quality and performance are proven facts.

Although Emerson has reduced its prices as much as \$4.50 per square yard, there will be no extra cost for padding and installation during the Anniversary Sale. You pay only the sale price for carpet, thick luxury padding and deluxe, tackless installation.

For your shopping convenience Emerson Rug stores will be open 5 nights per week during the Anniversary Sale. Monday through Friday 'til 9 p.m. and Saturday 'til 5:30 p.m.

Horatio Alger Books On View At Brandeis U

Arthur Vershore of 54 Bishopsgate Rd., Newton Centre, will be a member of a panel of three bibliophiles who will provide a highlight of a seminar, "Horatio Alger — Facts and Fancy," to be held at Brandeis University library Wednesday, Oct. 28, at 4 p.m.

A collection of books, many of them first editions, and manuscripts, story papers, magazines and memorabilia, will commemorate the centennial of the publication of Alger's first "rags-to-riches" book, "Frank's Campaign." The Alger material is drawn from a recent gift to the University by Edward G. Levy of New Haven, president of the Bibliophiles.

Mrs. George J. Elbaum of Newton Highlands was the representative of the class of 1940 at a meeting of Radcliffe College Class Agents in Cambridge.

DISCUSS NEW EQUIPMENT—Left to right, Mrs. Robert H. Smith, Party Day co-chairman, Wellesley, and Mrs. Andrew W. Johnston, Newton co-chairman, learn about the new surgical microscope from Mrs. Carl Soberg of Waltham, assistant operating room supervisor.

"Party Day" Raises Funds For Local Hospital Needs

The 1,800 members of the Newton-Wellesley Hospital Aid Association are readying for Party Day, to be held on Wednesday afternoon, October 28th.

Opening their homes for dessert-bridge parties, the women seek to raise money enough to finance an important new health service at the 260-bed community hospital.

Through Party Day, they hope to provide a \$4,500 Operating Microscope for the hospital, and \$1,500 worth of delicate surgical instruments used with the microscope.

The microscope and instruments are combined for dramatic ear surgery, when such surgery can benefit persons suffering certain kinds of deafness.

A patient enters the operating room unable to hear. He leaves with his hearing restored.

Organizing for a successful project are Mrs. Andrew W. Johnston, Party Day Chairman for Newton, and Mrs. Robert H. Smith, Party Day Co-Chairman for Wellesley.

Busy accepting ticket reservations and contributions are the Treasurer, Mrs. Robert C. Casselman of Auburndale, and Mrs. Alexander Duff of Wellesley.

Prizes are being selected by Mrs. Nelson Curtis of Waban. Arranging for Party Day refreshments is Mrs. Donald B.

NEW STORE OPENS—New Thayer McNeil store in Chestnut Hill which featured a grand opening this week.

New Thayer McNeil Store Opens In Chestnut Hill

The new Thayer McNeil store had its grand opening this week at 200 Boylston street, Chestnut Hill. Featuring Thayer McNeil shoes for women and Florsheim shoes for men and women, the store is built around a tradition of quality since 1881.

You'll be delighted with the subtle decor; raised panelling taken from one of Rhode Island's great mansions grace

the walls of this beautiful store — even the Italian marble fireplace and great mahogany doors have been restored to add warmth and charm.

The Decor was created by Messrs. Koepke and Lyons of Chicago and a few of the interior highlights are noteworthy.

The Peer mirror is of 18th century French origin, and the seating arrangement includes sofas of soft Grey Hampshire velvet, fruit-wood cane back arm chairs in Cyclamen Chamois or Empire mahogany chairs in golden-orange monreale velvet — or sit on French settees covered with scarlet and bronze sebastian — all against a background of preno green walls trimmed with louvered white.

There is a large English armoire, tables (Louis XVI) topped with marble. The tole lamps were originally brass shoe shine pedestals taken from one of Boston's landmarks. The hand rubbed great mahogany doors that greet you came from one of Rhode Island's great estates. So much to see and love in this delightful store.

Rep. Bradley Outlines Job Training Need

Representative Joseph G. Bradley, who is campaigning for reelection to a second term in the House of Representatives, this week outlined the steps which have been taken in Massachusetts for the protection of civil and human rights. He also discussed the need for better job training.

Bradley is running in the district which includes Wards 1, 2 and 3 of Newton and Ward 6 of Waltham.

"Our Commonwealth has been one of the leading states of the nation in the civil rights movement," he declared. "The legislative statutes of Massachusetts protecting the individual rights of its citizens were enacted years before the passage of the Federal Civil Rights Act of the recent congressional session," Bradley declared.

"Rather than rest on these accomplishments we must recognize that the economic opportunities of our people as well as the protection of their individual rights are necessary subjects of consideration," Bradley continued.

"Substantial numbers of our populace are seriously handicapped in the earning of their livelihoods due to a lack of education and training. Moreover, in a dynamic economy such as ours, the uneducated and unskilled are the first to suffer the effects of change," Rep. Bradley pointed out.

"Each year many of our young people compound this problem by dropping out of school prior to the completion of their educations. Once this unfortunate decision has been made, the changing circumstances of their lives do not often allow for a return to the classroom on a regular basis," Bradley said.

"It is, of course, incumbent upon our society to discourage its students from prematurely leaving school. As a practical approach to the problem we must establish a program which will encourage those who do not need our admonishments to continue their schooling on a part time basis. Moreover, those pupils who must work should be assisted in the finding of positions that will allow a maximum amount of time for the continuance of their education.

"It is my further recommendation that centers be established in our state for the purpose of helping and assisting the unskilled members of our labor force to upgrade the talents and abilities which they may thereafter offer in their quest for suitable employment.

"The implementation of these recommendations will most assuredly increase the ability of many of our citizens to secure desirable economic opportunities," Rep. Bradley concluded.

Mason-Rice PTA Meeting Tuesday

PTA dues for the year will be collected in the classrooms where Room Mothers will be present to collect.

Marian Anderson Concert Tickets Now Available

The Massachusetts Committee for the National Cathedral Association has underwritten a block of choice seats in Symphony Hall for the farewell appearance there of Marian Anderson on Sunday afternoon, Nov. 22.

Proceeds from the performance will be applied to the fund for completion of the Washington Cathedral. A mission church without parish, it is being built on a site originally selected by George Washington. It was begun in 1907, and is now two-thirds completed.

Funds for the work are raised by committees in all the states, including Massachusetts. Mrs. H. S. Mendenhall of 70 Suffolk road, Chestnut Hill, whose husband for many years was a member of the Newton Board of Aldermen, is a member of the Massachusetts Committee.

Tickets may be ordered by calling Mrs. Franklin Wyman Jr., at 734-6652.

Noted Artist To Talk On Flowers

"Flower Arranging for the Busy Homemaker" is the title of a talk and demonstration to be given at the Temple Shalom Garden Club meeting on Wednesday afternoon, October 14, in the auditorium at 175 Temple St., West Newton.

Mrs. Arnold Shaw will preside, and Mrs. Morris Bearak, program chairman, will introduce Mrs. Lawrence Steinman of the New Meadows Garden Club in Topsfield, an artist of note and assistant director of the northern district of the Garden Club Federation of Massachusetts.

Coffee will be served at 1 o'clock.

includes the Beethoven "Sonata Quasi Una Fantasia" Opus 27, No. 2, E Flat Major, Schumann's "Kreisleriana" Opus 16, and Schubert's "Sonata in A Major" Opus Posthumous. Tickets are available in advance at the Center, 42 Brattle Street, Cambridge.

Sen. Cutler Attends APH Session In NY

Sen. Leslie B. Cutler took time out from a busy campaign period to attend both the Annual Meeting of the American Public Health Association in New York this week and the dedication of the new Lakeville Hospital last week.

As a member of the mental health section of the APHA, she attended sessions of her section. Senator Cutler is chairman of the Commission on Mental Health now in its second year of work.

At the New York confab, she attended one session on Air pollution control. She will report back to the Special Commission on Air Pollution, which was established by the last session of the State Legislature. She was appointed to the commission by Senate President Maurice A. Donohue.

Senator Cutler attended the Lakeville Hospital dedication at the invitation of Dr. Alfred L. Frechette, Commissioner of Public Health in Massachusetts.

As a member of the legislature's Public Health Committee, Senator Cutler has been aware of the hospital's need and problems.

The new building has 300 beds, 120 for children who are cerebral palsy patients or who have physical handicaps. The remaining 180 beds are for adults who are long-term care patients of injuries or have a chronic disease.

Needham and Dedham are among the 103 cities and towns covered by the hospital.

Campaign For Kritzman Now In High Gear

The formation of a "Women's Committee for the election of Morris Kritzman for State Senator" has been announced by Mrs. Harold Koslow of 33 Bound Brook road, Newton Highlands. Mr. Kritzman is running in the Norfolk-Middlesex district which includes Dedham, Needham, Wellesley, Weston and Newton Wards 2, 3, 4, 5 and 8.

"This group is being formed to assure the election of Mr. Kritzman's record as a legislator. He has an outstanding background and is responsible for many legislative 'firsts' . . . this is not generally known and it is our aim to publicize them," for example—

Morris Kritzman was the first legislator to propose legislation for the establishment of the greater Boston Branch of the University of Mass. and the coordination of all State Supported Higher Education Institutions.

Mr. Kritzman was the first legislator to propose legislation for equal employment opportunities.

Mr. Kritzman was the first legislator to propose programs to meet the health needs of our Senior Citizens.

Mr. Kritzman was the first legislator to propose State training programs for the unemployed.

Mr. Kritzman was the first legislator to propose courses of study in propaganda analysis in our Public Schools to help develop critical thinking citizens.

His past record proves his ability and cannot be overlooked . . . and his current platforms are indicative of his desires for even better government in the future. We are interested in President Johnson's program for peace and feel that we must start on the local level so that all men who are elected to office will work for, not oppose the President at this critical time in our lives.

Mr. Kritzman's followers were greatly encouraged by his outstanding showing in the primary election. He is the first Democratic nominee to obtain more votes than his Republican opponent in 25 years.

The committee includes many independents and Republicans as well as Democrats whose names will be released to the local newspapers shortly. All women interested are invited to join the group.

Raymond J. Langelier, son of Mr. and Mrs. Joseph A. Langelier, 58 Falmouth Rd., West Newton, was named to the Dean's List at Bentley College of Accounting and Finance, Boston.

LESLIE KIM CHIN

RONNA S. TAPPER

Two Are Style Winners

Two young ladies who go to school in Newton have been chosen for a one-year reign on Jordan's Fashion Board.

They are Leslie Kim Chin, 7-year-old daughter of Dr. and Mrs. Stanley Chin, 96 Brookline St., Chestnut Hill, a pupil at the Spaulding School, and Ronna Susan Tapper, 11-year-old daughter of Mr. and Mrs. Arthur Tapper, 57 Levbert Rd., Newton

Centre, a Meadowbrook Junior High student.

Both were recent finalists in the Jordan fashion contest for girls 7 to 12 years of age. Their exciting year at Jordan Marsh Company will include modeling in the Jody Jordan 712 Club shows, attending monthly meetings and selecting a back-to-school prize.

Headlights and Highlights From Newton South High

by DANIEL LAX

Newton South, this year, has been chosen to try a new educational experiment. Called the Newton South Educational Project (NSEP), it is designed to change the traditional daily schedule into a more flexible, continuous learning affair.

The selected sophomores who are involved in the project don't go to their classrooms in the morning but report directly to class, where attendance is taken. Intensive majors are held in the morning to provide time for afternoon conferences and individual conference sessions. Students may also take minor subjects in the afternoon.

All students are required to take English, French, history, math, and biology, all of which are taught by teachers who instruct only as part of the program. Students will evaluate themselves four times a year and receive grades twice. NSEP is being supported by funds from the Ford Foundation.

Three exchange students have come to spend their senior year at South this year. One of them, Ian Narin from England, was sent over by N.F.T.Y., a reform Jewish youth organization. About South and its students, Ian says, "I have found people

very friendly and I hope . . . to meet as many of you as possible."

The other two students, Christine Marsh from New Zealand, and Shinobu Fujita from Japan, are both A.F.S. students. Christine was impressed with the difference in school atmospheres between here and home . . . partly due to the fact that there are no school uniforms . . . and no system of prefects to make sure one wears them correctly."

Shinobu had a six day bus trip across the country from his arrival point, San Francisco, to Boston. He says, "It is a big country . . . very friendly."

While on the subject of exchange students, it should be mentioned that one of our own students, Jonathan Mann, has just returned from a summer in France, sponsored by A.S.E. While there, Jon lived with a French family and went mountain climbing in the Alps. As a result, he would like to continue climbing.

Other students in the news are the National Merit Semifinalists who are Paul Balmuth, Marjorie Barkin, Stanley Cole, Valerie Eckardt, Edward Gray, Robert Myerson, John Penney, Caroline Poplin, Paul Rosenberg, Stephen Shaw, and Robert Wynne. The announcement was made in the "Graphic" on September 24.

Now that school is underway, the various houses are making plans for activities this year. Cutler House, under president Terry Young, plans to hold informal record hops before home basketball games in order to raise money to improve the Cutler commons room.

President Bob Gladstone of Goodwin House says that the "Lion's Den," an after school snack-bar will again be sponsored by his house. Other Goodwin plans include another GoodwinNite which has, in the past, been a record hop. Plans are supposed to be "radically different."

Wheeler House, says president Barbara Wallace, will hold bake sales, a raffle and Friday afternoon get-togethers.

Maurice E. Carlin of 53 Pine Crest Rd., Newton Centre, and Craig M. Jonah of 353 Lincoln Ave., Newtonville, are enrolled at the Massachusetts College of Pharmacy in Boston.

Hyde PTA Board Holds Meeting For Planning

Plans for the rest of the year will be discussed by the executive board of Hyde School PTA on Wednesday evening, October 14, at 8 o'clock in the home of Joshua Guberman.

Present will be the faculty representatives, officers and committee chairmen as follows:

President, Joshua Guberman; principal, Arthur Laughland; 1st vice president, Mrs. Robert Royster; recording secretary, Mrs. Harold Band; corresponding secretary, Mrs. Robert Logan; treasurer, Mrs. Charles Saccardo, and assistant treasurer, Mrs. William Rab.

Committee chairmen: Health and Safety, Mrs. Haig Merian; creative arts, Mrs. Marcus Grodberg; Hallowsen, Charles Aries; hospitality, Mrs. Thomas Lane; library, Mrs. Charles Thompson; music, Mrs. Martin Osman; outgrown shop, Mrs. Erwin Prietz and Mrs. Roger Foley; program, Walter Robinson; publicity, Mrs. Joseph Alexander; Hydelites, Mrs. Warren Sylvester; room mothers, Mrs. Alvin Goodman and scholarship, Mrs. Emmanuel Gilbert.

Denmark, Australia, British Columbia, and in the United States from as far away as Texas and Alaska.

The Newton Club will seek to raise \$4,000, its share of the \$250,000 needed by the Lions Eye Research Fund Committee, to support projects in Massachusetts by annual light bulb sales.

This is the eleventh consecutive year that the Massachusetts Lions have chosen eye research as the chief fund-raising activity.

They are currently supporting eye research projects in the fields of tumor of the eye, blindness due to diabetes and analysis of clinical material of the Retina Service.

The research projects are at Tufts, Massachusetts Eye and Ear Infirmary, the Joslin Clinic, the Ophthalmic Plastics Laboratory, the E. B. Dunphy Eye Research Fellowship, the Howe Laboratory of Ophthalmology and the Retina Foundation.

Nancy Boujicanian of Newton was one of 12 graduating nurses at Lasell Junior College in commencement ceremonies at which William S. Brines, director of Newton-Wellesley Hospital was the speaker.

Poll Against More Parking In Some Areas

Out of 181 retailers queried, 149 indicated that there is need for additional off-street parking facilities in many of the Newton community's retail areas, it was revealed in a recent survey conducted by the Newton Chamber of Commerce Traffic Committee, John P. Nixon, chairman.

The committee found that an increase in facilities appears to be justified due to peak shopping periods that result from a tendency on the part of Newton citizens to concentrate on shopping during the latter part of each week.

Specific recommendations for each of the village areas will be made the latter part of this month.

UN Day To Be Observed Here On October 28

Mayor Donald L. Gibbs, in his United Nations Day Proclamation, calls for the support of all Newton citizens of United Nations Day, to be celebrated in this city on Wednesday, October 28.

The focus of the Day will be a dinner, to be held at 6:30 p.m. at Newton South High School, followed by a talk at 8 p.m. in the auditorium by Stanley Hoffman, Professor of Government at Harvard University.

Once again, Newton has secured an outstanding speaker and an authority on international relations.

Professor Hoffman will speak on the subject "The Future of the United Nations." Harold J. Berman, Professor of Law at Harvard Law School and a Newton resident, will introduce Dr. Hoffman.

Survey Of Candidate Opinion Is Released

The Graphic is cooperating with the Newton League of Women Voters in publishing the answers made by candidates to questions submitted to them.

Queried by the League

were candidates for the State Senate, the Massachusetts House of Representatives, the Governor's Council, Clerk of Court, Registrar of Deeds and County Commissioner.

The names of all the candidates questioned will appear on the ballot either in part of Newton or the entire city.

To help Newton voters become more familiar with the candidates seeking their support, the League also is planning a Candidates' Night Newton High School at 8 p.m. on Monday night, Oct. 26.

The candidates were asked by the League to give their name, age, address, party affiliation, present occupation and education.

In addition, they were requested to answer the following questions:

"The following proposed amendments to the constitution have been passed by the 1963-64 session of the General Court. What is your position on these proposals in the 1965-66 General Court:

- Proposal for joint election of governor and lieutenant governor
- A proposal providing for a reorganization plan procedure for the executive department
- A proposal for home rule
- A proposal providing for the industrial development of cities and towns.

Are there additional changes to the constitution of Massachusetts that you feel should be considered? Please list.

2. In practically every field of state service, greater demands are being made by the citizens of Massachusetts. Both executive and legislative leaders have voiced concern about the fiscal situation in the Commonwealth. What solution do you propose for this problem?

3. As a legislator, on what specific issue and problem affecting your area would you concentrate your efforts?

Following are thumbnail sketches of the candidates and the answers they made to the questions presented to them.

First Victory Still Eluding High Gridders

A Newton High School football team that is still seeking its first victory of the season meets Watertown High's Red Raiders at Dickinson Stadium at 1:30 Saturday afternoon.

This game looms as a tossup, and there is about an even chance that the Tigers may chalk up their first triumph of the season.

Watertown snapped an 11-game winless skein by defeating Brockton 8-0 in an upset last Saturday.

Newton and Brockton battled to a 6-6 tie earlier in the season, but despite the score Newton appeared to have the better team.

Weymouth High's defending Class A championship team had too many guns for Newton last Saturday and tamed the Tigers 37-12.

Dick DiLuzio, a junior quarterback who was starting his first game for Newton, set up both touchdowns with forward passes.

Record Enrollment At Junior College

Charles W. Dudley, president of Newton Junior College, has announced that the September enrollment of the college is the largest in its history, 819 students. In a statement to the press, Mr. Dudley remarked that "the significant increase is due in no small measure to the fact that the college was accredited in December of last year."

In the College Credit programs, the full-time first-year students and the full-time year students total 423, an increase over the 357 students in this category last year.

Part-time students in these programs, both day and evening divisions, total 182, an increase over the 154 students in this category last year.

More Than 400 Parties To Feature Local Hallowe'en

Everything from music and magic to World Series films will be featured at Newton's more than 400 Halloween parties this year, it was reported by Mrs. Dorothy H. Garon, general program chairman.

Early reports from building chairmen indicate the traditional House of Fun, games and refreshments

will be augmented by the popular Hootenaney, rock and roll singers, folk singers and guitar players.

An innovation this year is a list of Junior High School students who can perform for the Elementary School children at afternoon and early evening parties. This list of talented youngsters was compiled by James H. Remley

who is well-known for his work with the Newton School music program.

The first building chairmen to report plans for Halloween activity this year are Mrs. Leon Kruger and Mrs. Mario Abbondi.

Heading up the Halloween celebration at the Mason-Rice School in Newton Centre, Mrs. Kruger and Mrs. Abbondi report that 609 youngsters are expected to attend afternoon and evening parties at the school.

The younger children will attend a party from 2 to 4 o'clock while the older pupils will have their party from 7 to 9 p.m. The range of students at the Mason-Rice School runs from kindergarten through the sixth grade.

POLITICAL HIGHLIGHTS

By JAMES G. COLBERT

Surveys Show Ted Kennedy Not Forgotten By Voters

A reader wrote in recently to complain that Senator Edward M. Kennedy seems to be the "forgotten man" of the Massachusetts election campaign.

It is true that hospitalized Senator Kennedy isn't getting as much publicity as if he were out on the stump spearheading the Democratic drive in this State.

It also is a fact that the political spotlight is centered mainly on the Presidential race and on the struggle for the Governorship between ex-Governor John A. Volpe and Lieutenant Governor Francis X. Bellotti.

But if anyone is forgetting about Ted Kennedy, it isn't the voters of Massachusetts.

Polls which have been made indicate clearly that Ted Kennedy will achieve reelection to a full term by a wide margin.

The fact that Ted Kennedy will romp home an easy winner is not surprising. That's a foregone conclusion. It's also the reason political observers are not paying more heed to the contest in which he is engaged.

But the survey findings that Ted will pile up an

Gift Of \$1000 Aids Work Of Blind Center

The Degree of Pocahontas has raised almost \$1000 for St. Paul's Rehabilitation Center (for newly blinded adults) in Newton. Mrs. Mabel T. Mills, the Great Pocahontas, selected this center as the object of this year's charitable endeavors of the Degree because of the professional rehabilitation offered there on a non-sectarian basis.

Mrs. Mills, the Great Pocahontas, presented a check for nearly \$1,000 to Rev. Robert H. Carolan, director of Professional Services at Boston's Catholic Guild for All the Blind, of which St. Paul's Rehabilitation Center is a part.

This took place at the State Great Council Session of the Degree of Pocahontas on October 13, at the New Ocean House in Swampscott.

There are 52 councils of the Degree of Pocahontas in Massachusetts, with a membership of approximately 3000. The Degree is an affiliate of the Improved Order of Red Men, one of the country's oldest fraternal societies.

It owes its origin to the fact that many of the early patriots of this country disguised themselves as Indians as they sought their independence, e.g., the Boston Tea Party. The motto of the Order is Freedom, Friendship and Charity.

One of the aims at St. Paul's Rehabilitation Center is to help the newly blinded adult to achieve his independence—his freedom from dependence on others. Professional rehabilitation instructors assist the recently blinded man or woman, irrespective of race, color, or creed, to regain their self-

Local Panel Airs Pertinent Issues

An audience of approximately 150 people attending a Newton panel discussion on Massachusetts State Government, heard two qualified speakers favor legislative reform although their approach to it differed slightly.

Judge Charles Mahoney, Special Justice of the Municipal Court of the City of Boston, speaking at the Newton League of Women Voters open meeting held recently at the Beethoven School in Waban, advised the group "not to tinker with the State Constitution on a piece-meal basis" because effectiveness might be lost when further changes are necessary.

He strongly favored a Constitutional Convention and feels it is the best method for legislative reform, but Judge Mahoney continued, "the referendum is a step in the right direction within our established existing Massachusetts framework."

Professor Robert C. Wood, Chairman of Political Science at M.I.T., expressed the feeling that he is willing to "tinker" until he can get a Constitutional Convention. In evaluating and comparing our Massachusetts legislature, Professor Wood concluded that "Massachusetts looks pretty good."

He feels that we stand well in regard to contingency, party alignment and pattern of pressure groups, but that the character of our legislative leadership is lagging. This he attributes to a bigger work load, type of recruitment, and party orientation.

When asked to comment

on the legislature in regard to salary, Judge Mahoney said, "If we want corruption, the most effective way to get the least amount of government is to offer unrealistic pay."

He feels that \$15-\$20,000 a year would be fair pay considering the length of time and quality of service a legislator performs.

Newton South Gridders Seek Victory No. 2

Newton South High School's football team, with a record of one victory and two defeats, journeys to Amesbury on Saturday with high hopes of getting back into the win column.

South bowed 20-16 to Stoughton High at Stoughton last Saturday while Amesbury was losing 18-8 to Lynn Classical.

The most disappointing aspect to last week's defeat at the hands of Stoughton was that the Lions had plenty of opportunities to win the game but couldn't capitalize on them.

South led Stoughton 16-14 at half-time, then trailed 20-16 at the end of the third period.

In the fourth period it seemed repeatedly that the Lions would come up with a victory, but it just didn't turn out that way.

Mrs. Heckler Asks Support For 2nd Term

Executive Councillor Margaret M. Heckler today reminded voters of her second councillor district that they must elect a Governor's Councillor even if they vote to reduce the powers of the Council.

"Some persons mistakenly believe that if they vote to curb the authority of the Council, they should not at the same time vote to elect a Councillor," Mrs. Heckler declared.

"That is not the case," she added. Mrs. Heckler emphasized that there will still be a Governor's Council regardless of the vote on the referendum which will appear on the Nov. 3 ballot as Question 5.

"It should be understood," Mrs. Heckler stressed, "that the question on which the people will vote will be whether the powers of the Council should be reduced, not whether the Council should be abolished."

"If the voters strip the Council of its statutory powers—which is the question which will be decided Nov. 3—the Council will still act on judicial appointments, pardons and other matters," she stated.

Mrs. Heckler explained that these latter powers were vested in the Council by the State Constitution and could be wiped out only by an amendment to the Constitution.

Councillor Heckler stressed that she is campaigning for reelection and is leaving it to the voters to decide for themselves whether they want to curb the powers of the Council.

"Regardless of how you vote on Question 5, I hope you will vote to elect me to the Governor's Council," Mrs. Heckler asserted in a message directed to the voters of her district.

"During the past 22 months I have worked diligently and conscientiously to protect the public interest on all matters to come before the Council."

"I have considered all appointments strictly on their merit and without regard for partisan political considerations."

"The newspapers have commended me for opposing anything which smacked of a political deal."

"On this record of honest, faithful service I most respectfully and earnestly ask your support."

"Whatever the functions of the Executive Council may be for the coming two years, I will serve and protect your interest in it," Mrs. Heckler concluded.

An Informed Citizen

A column written and prepared by the Newton League of Women Voters and devoted to the prin- ciple that an informed citizen is a good citizen.

Ideally, government in the United States is "of the peo- ple, by the people and for the people." The art of self-gov- ernment is the proudest po- litical tradition we know. Elec- tions are the primary means of putting the concept of self- government into action. For this, an interested, informed, participating electorate is basic.

American political life is organized so that the will of the people is exerted through channels provided by political parties. When the original states took part in the 1789 elections, they were pioneer- ing a revolutionary concept of government. In most of the world, the right to vote was not a universal right, but a re- stricted privilege.

Today, as 175 years ago, the process of "ELECTION, U. S. A." remains essentially the same—the will of a self- governing people expressed peacefully at the polls.

What then, are the reasons for voter apathy? Why don't all who are eligible vote?

In 1960, John F. Kennedy won the presidency by fewer than 120,000 votes out of a total of nearly 69 million cast. This was a plurality of less than one vote per precinct—an impressive demonstration of the power of a single vote. Yet, in that same election more than 35 million Ameri- cans of voting age stayed away from the polls.

Indifference or reluctance to stand in a long line when "my vote doesn't count" may be reasons for not voting. But there are others. Many Peo- ple don't vote because they can't. They may be away from home unexpectedly and can't (or don't know how to) cast absentee ballots. Perhaps a legal requirement like a lengthy pre-election residence requirement or a complicated registration process has been the barrier.

Generally until just before Election Day relatively little is done to help equip the citi- zen to make the most satis- fying use of his vote. To help the busy person who would like to cast informed votes, the League of Women Voters has worked since its inception in 1920 to give the voter a hand.

Through the Voters Service Committee, the non-partisan League offers information on registration requirements, election laws and procedures, the roles of political parties and the structure and opera- tion of government. In addi-

enormous vote against an opponent of the stature of former Newton Mayor Howard Whitmore, Jr., are some- what startling.

Whitmore is an extremely able public official. Under ordinary circumstances he would be a potent contender for the U. S. Senate or any State office. Only four years ago, he made a strong bid for his party's nomination for Governor.

But Whitmore is not running under ordinary con- ditions or against an ordinary candidate.

When Whitmore allowed himself to be talked into accepting the GOP nomination for the U. S. Senate at the Republican State Convention last June, he re- cognized he was assuming a sacrificial political role for his party although he may not fully have realized just how sacrificial it really was.

In a sense, Whitmore painted himself into a corner from which he couldn't get out. He joined GOP State Chairman Frederic C. Dumaine, Jr., in trying to persuade other Re- publicans to run against Ted Kennedy. When they refused, he was hard pressed to offer a good reason for not doing what he had asked other persons to do.

The returns in Whitmore's contest with Ted Kennedy will not be a true indication of the former Newton Mayor's strength as a vote-getter.

They will reflect the trem- endous popularity of Ted Kennedy, the public feeling for this young man who suffered a broken-back in a plane crash on the way to the Democratic State Convention last June and has been hospitalized since then, and the great admiration for his unflinching courage.

Surveys which have been made show Ted Kennedy and President Johnson drawing about the same percentage of the Massachusetts vote.

That percentage is so high that many seasoned politicians doubt the accuracy of the polls. They simply don't believe that anyone — regardless of who he is or how popular he may be — can carry Massachusetts by more than 3-1 in a state- wide fight.

But they suspect that the poll figures may be more accurate in the case of Ted Kennedy than they are for President Johnson.

The reason for this is that some political analysts believe that many persons who plan to vote for Senator Barry Gold- water aren't revealing their true intentions to the pollsters.

In 1958 the late John F. Kennedy, standing for reelection to a second term in the U. S. Senate, defeated Vincent J. Celeste of East Boston almost 3-1. The returns gave Kennedy 1,362,926 votes and Celeste 488,318. Kennedy's plurality was 874,608 votes.

Former Mayor Whitmore is a far more formidable candi- date than was Celeste. He should make a much stronger run.

Yet, it's not impossible that Ted Kennedy's margin of victory over Whitmore will be as great or greater than his late brother's plurality over Celeste.

Volpe and Bellotti Take Off the Gloves

Ex-Governor John A. Volpe and Lieutenant Governor Fran- cis X. Bellotti have taken off the gloves in their battle for the Governorship.

Both men were somewhat slow in getting their campaigns into high gear. Now they are pulling out all the stops.

With only a short time re- maining before the election, their contest still appears to be an extremely close one which could be decided by develop- ments in the closing stages of the race.

The stakes, of course, are extremely high for both Volpe and Bellotti. The Governorship awaits one of the two, with political oblivion likely for the loser.

This is reflected in the man- ner in which Volpe and Bel- lotti have been working, driv- ing for every possible vote.

Had Volpe made the same kind of tremendous campaign two years ago, he now would be running for reelection to a third term instead of attempt- ing a political comeback.

This is a completely differ- ent kind of contest from those which Volpe waged in 1960 with Joseph D. Ward and in 1962 with Endicott Peabody.

In both these fights Volpe could count on the bulk of the Italo-American vote, most of it normally Democratic. Now he's running against a candidate of Italian descent, and Volpe and Bellotti are splitting the Italo- American vote, with Bellotti getting the bigger portion of it.

The question on which the outcome of the Volpe-Bellotti fight may hinge is whether Bellotti can get the votes of

those Democrats who were dis- turbed and dismayed that he toppled Governor Peabody in the primary.

If there is any substantial defection in the Democratic party on election day, it will hurt Bellotti's chances severely.

The feeling against Bellotti among the Peabody supporters has subsided to some extent in the weeks since the primary, but it hasn't disappeared en- tirely.

The extent to which it fades out between now and the elec- tion could be a very important factor in determining the out- come of this tight, tense guber- natorial race.

Council Will Remain Even if Powers Curbed

Some persons are under the mistaken impression that if they vote to curb the powers of the Governor's Council they should not vote for any candi- dates for the Council. That is a complete misunderstanding.

Even though the statutory powers of the Council are re- pealed, there will still be a Governor's Council which will act on judicial appointments, pardons and recommendations for clemency from the death penalty.

The proposal on which the people will vote in the Nov. 3 election would greatly reduce the authority of the Governor's Council, but it would NOT wipe out the Council. That could be done only by an amendment to the State Con- stitution.

Many persons who originally advocated trimming down the Council's powers are now hav- ing second thoughts on the matter.

If the voters do take away the statutory authority of the Executive Council, that change would go into effect on Dec. 3, one month after the election.

This would mean that for the final month of administration Governor Peabody could make most appointments with the stroke of a pen.

The Council would not be able to hold or hold up ap- pointments, as it is doing now in the case of Peabody's at- tempt to name John Albano of Longmeadow to the Massachu- setts Commission Against Dis- crimination in place of Mrs. Mildred H. Mahoney of Win- chester.

Such an appointment would- n't even go to the Council if Question 5 is approved by the voters in the coming election.

Interesting Fight For Auditor Post

Not since the 1930's has a Republican State Auditor been elected in Massachusetts.

The late Thomas J. Buckley became so firmly entrenched in the office during the nearly 24 years he filled it that the GOP virtually had to draft someone to run against him in election after election.

But this year a Republican candidate is making a strong bid under unusual circum- stances for the right to serve as the next State Auditor.

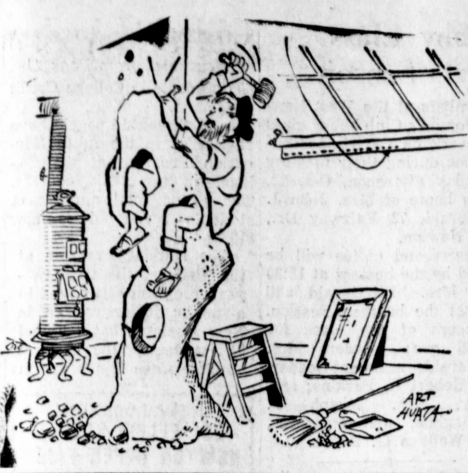

When Elwyn J. Miller of Medford was nominated as the Republican candidate for Au- ditor at the GOP State Conven- tion in late June, it was widely assumed that Miller was filling a role as sacrificial political lamb to round out his party's State ticket.

Nobody could defeat Tom Buckley, it was pointed out, and it didn't matter much whom the Republicans put up against him. Then Buckley died suddenly on the eve of the Sep- tember primary.

Had Buckley's death oc- curred a day or two earlier, someone such as Boston City Councilor Peter F. Hines prob- ably would have won the nom- ination on stickers.

But there just wasn't time for Hines and other aspiring Dem- ocratic candidates to organize drives to get the 5000 sticker votes necessary to obtain the nomination.

nated Thaddeus Buczko of Salem as the Democratic candi- date for Auditor, and Governor Peabody appointed him as Au- ditor to give him the political advantage of holding the office. Suddenly a real battle was in progress between Buczko, the Democratic nominee, and Miller, the Republican stand- ard-bearer.

Miller, the sacrificial lamb, became a fighting candidate overnight.

On the basis of tradition and past political history Buczko is the favorite over Miller. One big reason for that is that thousands of Republi- cans don't vote all the way down the ballot.

But Buczko is an unknown quantity as a state-wide vote- getter. He certainly is not the political powerhouse Buckley was. Some Democratic politi- cos are not at all happy over their own inability to get more consideration for the office from party bosses.

It is only fair to report that Buczko is not the strongest candidate the Democratic State Committee could have nomi- nated. On the other hand, the Democratic chieftains who picked him obviously believed he could win election.

Miller, who is both an at- torney and a certified public accountant, has put on an ag- gressive, hard-hitting campaign and looms as a darkhorse con- tender unless a Democratic tide is running.

What originally shaped up as a landslide victory for the late Tom Buckley now looms as an interesting clash between Buczko and Miller.

Rep. Fishman Is Junior Chamber's Speaker Tuesday

Representative Irving Fishman addressed the Newton Junior Chamber of Commerce Tuesday evening at Valle's Steak House in Newton Highlands on curbing the powers of the Governor's Council.

Fishman urged voters to support the referendum on November 3 to repeal the statutory powers of "this archaic relic of colonial days."

Rep. Fishman described the effort to curb the Governor's Council as the "focus of all who are working to improve the political structure in Massachusetts."

Irving Fishman is a director of the Council for Constitutional Reform which has sought to abolish the Governor's Council and he is working with the Junior Chamber of Commerce and other groups to reduce the influence of the Governor's Council in state government.

"We expect the legislature to fill responsibility with limited resources," he concluded.

Both speakers endorsed Referendum No. 5 — the question on the November ballot which will seek to limit the statutory powers of the Governor's Council, and agreed it is a step in the right direction.

Mrs. Proctor Houghton, President of the Newton League of Women Voters, opened the meeting and turned it over to Mrs. Ernest Picard, chairman of the evening. - Additional changes: 1. Reduce number of members in House of Representatives. 2. Abolish the Executive Council. 3. Limit legislative sessions in EVEN numbered years to consideration of State Budget, Governor's Messages, and emergency bills for counties and municipalities.
2. There must be complete revision of the present tax structure in order to relieve the high taxes on real estate. New revenue is essential to improve many state services. A full scale study by tax experts is necessary before any decision is reached. I would vote for a limited sales tax, with part distributed to municipalities and part retained for State. I would not vote for any form of a sweepstakes bill.
3. Transportation; Conservation; Mental Health and Retardation; Highway safety; vocational education.

 - Support. I do not believe the Legislature should legislate on matters which concern individual communities and which are subject to local

determination; however, home rule must give way to larger needs of State or metropolitan areas which cannot be handled on a purely local level.

- Support.
- We should not give way to pressure to cut or eliminate necessary expenditures for health, education, and welfare services; yet individual property owner carries unjust burden. We must seek ways to obtain greater efficiency in State operations and at same time maintain high level flow of vital state services. We must seek new means of increasing our tax revenues.
- My role as legislator would focus on needs and problems of all people of state. A legislator must think beyond his town, to all the problems of our people. All communities share needs in common but few, if any, can solve them without some help.

STATE SENATE (Norfolk-Suffolk District) BERYL W. COHEN, 29, of 227 Tappan St., Brookline, Democrat, present Senator and attorney. Educated at Brookline High School, Boston College and Boston College Law School.

2. There is always a need for executive and legislative responsibility to demand a sound fiscal policy by which we live within our means; however, when the need is demonstrated for greater revenue to the Commonwealth to support vital services to the citizens of this Commonwealth, I will vote for new and/or additional revenue measures.

3. If reelected I plan to continue my efforts to bring about needed constitutional reform, revision of our mental health statutes, implement and coordinate welfare, public health, correction and mental health facilities, modernize penal laws and work for relocation assistance legislation.

Additional changes: Abolish Executive Council.

2. We need to restore fiscal responsibility to our state government. The tax burden on the home owner and rent payer has become unbearable. Reckless spending spree, typified by this past session of the State Senate, must cease. We need to eliminate many costly and non-essential services which tend to be abused by special interest groups. The present tax structure should be overhauled and there should be a single annual audit of state finances accompanied by the filing of a single comprehensive budget.

Being the person who coordinated the anti legislative pay raise referendum campaign in Brighton, I am anxious to see this thing through. If elected, I shall exert every effort to enforce the will of the people in this and all other matters. Also, I am concerned about the attempts at landtaking within the district.

2. Revision of the state tax structure.

3. Field of Education: I am specifically interested in the expansion of the University of Massachusetts and believe a site may be found in this area.

LORENZ F. MUTHER, JR., 55, of 44 Roslyn Rd., Waban, a lawyer, present legislator, Republican. Educated at Harvard College, A.B. (cum laude), Northeastern University, LL.B.

- Will vote for it if statutory approach fails again.
- Will vote for it.

Additional changes: Confine second legislative session to budgetary and emergency matters. Co-terminous appointments by governors of commissioners and boards. Reduce number of Representatives. Gubernatorial recall if 4 year term adopted.

2. Check ancillary activities and adjust personnel; overhaul state tax structure including limited sales tax, cutting federal deduction, evening earned and unearned income rates and deductions; legislative rules change requiring fiscal notes on committee reports.

3. Develop sufficient public transportation integrated between MBTA, M&B, Railroads, Turnpike, State Highway Division, MDC and City. My experience on Transportation Committee shows present state transportation policies split between seven communities, several boards. Little coordination, less training of legislators in integrated transport concepts. Will reintroduce my order establishing correlating Transportation Committee able to integrate transport policies.

No additional Constitutional changes at the moment.

2. I propose prudent administration of funds and the development of a fair and understandable budget. Study new areas for raising income to provide relief for homeowners and renters. Improving the business climate would be one way of attracting new industry which in turn would provide additional revenue.

3. Improving Public Transportation Service; Proper study and planning in such matters as air and water pollution; Metropolitan and regional planning and assistance in providing for disposal of refuse.

IRVING FISHMAN, 43, of 1457 Beacon St., Waban, Democrat, lawyer and legislator. Educated at Boston University, Harvard Law School. I voted for all four of the above proposed amendments during my first term as Representative in 1963-64 session of the General Court, and I will continue to support them if I am reelected to the 1965-66 session. In addition I favor changes in the constitution

to abolish the Executive Council, to provide a so-called short ballot, and make terms of department heads co-terminous with the Governor's term.

2 Tax reform by closing loopholes in our state laws and tax relief by a more equitable distribution of the tax burden are two considerations which could help to solve our fiscal problem.

3. The inequitable burden of taxation falling on home owners affects Newton acutely because of our many owner-occupied dwellings. Any solution to the fiscal problems of our state must reduce the excessive ratio of real estate taxes.

HOUSE OF REPRESENTATIVES (17th Middlesex District) (This district includes Ward 4 of Newton.)

EDWARD M. DICKSON, 52, of 125 Highland St., Newton, Republican, Selectman, Town Clerk, treasurer of Weston Land Co. Educated at Harvard College, A.B., and Harvard Business School.

- Support: in addition the proposals in Section 2 below will go a long way toward fiscal reform and a stable local tax rate, which are the first essentials in attracting new industry.

1. Six years experience as Register of Deeds in Middlesex County and Assistant Recorder in Massachusetts Land Court. By serving on Committee on Counties while a member of State Legislature and Chairman Board of Assessors and School Committee member I have administrative and legislative experience in State, County, and Municipal Government.

2. I would like the opportunity to continue program of modernization and economy I instituted as Register of Deeds.

CLERK OF COURT EDWARD J. SULLIVAN, 43, of 15 Surrey St., Cambridge, Democrat, present clerk of courts. Educated at St. Paul's School and Rindge Technical High School.

- Clerk of Courts, Middlesex County, 1959-1964; Mayor, Cambridge, 1956-57; Cambridge City Council, 1958-59; general manager and treasurer, M. A. Sullivan Corp., Cambridge; Senior Partner, Sullivan Twomey Insurance, Cambridge; Veteran, World War II.
- The increasing volume of court business caused by the population increase, extensive automobile use, the activity of business and commerce, increasing crime rate creates major problems which must be met by use of modern efficient procedures and methods, an understanding people, and dedicated employees.

2. We must continue to improve public education, care of the mentally ill and retarded, and recognize our responsibility to those who cannot care for themselves. In order to meet these and other obligations of State Government we must have a sound fiscal program. To increase revenue, to eliminate inequities and plug the loopholes, a complete and thorough revision of our tax structure and rate is necessary.

3. Protection of the power

of the towns to determine their own development cooperation and the growth of Greater Boston.

REGISTER OF DEEDS Candidates for this office and for Clerk of Court and County Commissioner were asked these two questions?

- What in your background and experience qualifies you for the office you seek?
- Is there a particular governmental problem in the county you wish to serve? If so please explain any measures you might consider in improving the situation.

EDMUND C. BUCKLEY, 46, of 83a Wendell St., Cambridge, Democrat, present Register of Deeds. Educated at Boston Latin School and Suffolk University Law School, LL.B.

- My ability to capably administer the largest registry of deeds in the Commonwealth during its transition from a largely handwritten effort to a modern xerophoto and data processing operation.
- I am particularly interested in introducing an information retrieval system and a massive indexing program during my second administration.

WILLIAM B. BAILEY, of 222 School St., Somerville, Republican, city assessor. Education — high school, Wentworth, Franklin Tech., courses at M.I.T., Harvard, Boston University and Boston State.

1. (1) Reform a) integrity in government

b) stop practice of appropriating money for projects without providing means to pay

c) stop pork-barrel sections in every major legislative act.

(2) New money; limited sales tax accompanied by tax overhaul with more money distributed to cities and towns for education through a revised equitable formula.

3. I would concentrate on more than one issue as follows:

- greater and more equitable financial help to cities and towns.
- oppose legislative interference in local affairs.
- transportation
- maintain close contact with local boards.
- more constructive Republican leadership in the House.

PATRICIA COLE, 38, of 40 Loring Rd., Weston, Democrat, housewife, teacher and artist. Educated at New York University, B.A.

- I have already worked for the adoption of the first three proposed constitutional reforms and support the fourth with certain controls. I also support the reforms which will appear on the November ballot—four year term for Governor and limitation of the powers of the Governor's Council. I consider all these reforms basic to the needs of Massachusetts.

In order to meet these and other obligations of State Government we must have a sound fiscal program. GOVERNOR'S COUNCIL (The candidates were asked: What in your background and experience qualifies you for the office you seek?)

MARGARET M. HECKER, 33, of 30 Colburn Rd., Wellesley, Republican, practicing attorney and present Governor's Councilor. B.A., Albertus Magnus College; Exchange Student, University of Leiden Holland; LL.B., Boston College Law School.

As a woman serving on the Governor's Council in 1963-64 I gained unique experience in promoting high ideals. I am the only lawyer seeking reelection to the Council. My legal training has been especially valuable considering judicial appointments and will be equally important if the Council's powers are reduced.

Aldermen Recommend Purchase Of Land For West Newton Parking

Expressing considerable concern over the lack of parking space for West Newton shoppers and railroad commuters, the Board of Aldermen at its last meeting recommended to Mayor Gibbs that the city negotiate for the purchase of an area owned by the Rockman Estate on Elm Street.

Also recommended was that that area, and the adjacent city-owned property between Elm and Cherry Streets, and between Cherry and Waltham Streets, be metered in a manner that would allow ample time for shopping and give commuters an opportunity to leave their cars at West Newton while they worked in Boston or elsewhere.

Ernest F. Dietz, chairman of the committee on municipal parking and meters, reported that the owners of the Elm Street lot were willing to sell. His committee had voted 8 to 0 in favor of the recommendation, and the Board's vote for it was unanimous.

An offer of \$9600 for a block of city-owned land comprising approximately 19,200 square feet on Washington Street, site of the old Newtonville fire station, was refused. In explaining why the Finance committee had recommended denial of the offer, Chairman John P. Nixon said that in the committee's opinion the city should retain the land until the impact of the toll road on traffic in that area could be determined.

The following recommendations of the committees on Finance and Public Works were approved: An appropriation of \$880 for extension of the water main in Grove Hill Avenue, Newtonville, \$3000 for a sewer in Robinhood St., Auburndale, and discontinuance of the public footway underneath the MBTA tracks from Lincoln Street to Meredith Avenue, Newton Highlands. Residents of the area had termed the footway a public nuisance at the public hearing on the question of its abandonment.

A request for \$600 by the city solicitor for settlement of a damage claim by Charlotte Cohen was approved. It was explained that she was injured on May 3, 1959 in a sidewalk fall at 47 Elmwood Road, Newton Centre, and had originally asked \$1200. Cause of the accident, Alderman Harry H. Ham Jr., said, was a separation of concrete sidewalk slabs.

There was no opposition voiced at a public hearing on the petition of the newly formed West Newton Chrysler-Plymouth Corporation for storage of inflammable materials at the former West Newton Motor Mart, 1203 Washington Street.

Plan Auburndale Scholarship Card Party Sale

Plans for the Auburndale Club scholarship card party to be held at the clubhouse Wednesday afternoon, Oct. 21, at 1:15 o'clock, were talked over recently by committee members meeting in the home of the chairman, Mrs. John B. G. Palen, 297 Islington road.

Proceeds will be applied to the fund to help an Auburndale girl attend college next year.

Features of the party will be a Country Store table with various items for sale, and a Baked Food table.

Reservations may be made by calling Mrs. Henry R. Graves, or Mrs. William B. Campbell.

Committee members are as follows:

Mrs. R. Emerson Sylvester and Mrs. Charles A. Higgins, Jr., refreshments; Mrs. Henry R. Graves and Mrs. William B. Campbell, tickets; Mrs. Leonard Martin and Mrs. Orazio E. Vaccaro, tables and tallies; Mrs. Carl L. Recco, Mrs. John H. Pantano, Mrs. Blake Tewksbury, Mrs. Theodore Gilmore and Mrs. James I. Glaser, merchant's table; Mrs. Robert P. McLaughlin and Mrs. Gregory J. Samoylenko, bake table; and Mrs. Paul H. Tardival, special contributions.

William and Eleanor Fried of the Mercer nursery school at 84 Eldredge Street, Newton, Applied were the same restrictions under which Mrs. Mercer now operates the school, namely, that it will be operated Monday to Friday only, and not during July and August.

It was voted that the mayor should order a public hearing to determine whether the local ordinance relative to the new "common day of rest" law should be amended to conform with the new General Laws. What comprises the common day of rest has been given a new interpretation in the General Laws of the state, but not in the city ordinances.

the campaign received a different children and adults who had rarely owned a new pair of shoes. Again, each 'shod' family received its diploma."

The girls' skills were also put to use to help the people of Cabrican, the missioner reported. The young women repair and restyle used clothing that is donated to the town through Catholic Relief Services (CRS-NWC).

The girls also sew new clothing made from the material that they themselves weave on two archaic looms.

Father Melville's current project, an agricultural cooperative, has been underway for nearly a year. The staple crop of Cabrican is corn, which makes up over 90 per cent of the Indian diet. But Cabrican's altitude of 8,700 feet, combined with the problems from the padre.

"Then came 'the year of the shoe,'" Father Melville explained, "to create jobs for the shoemakers, while at the same time providing shoes for the exhausted soil, cold climate and poor farm methods, makes it difficult and unprofitable to grow corn."

"Six other parishes in our area want to join the agricultural program," Father Melville said. "But first we must get the coastal land on which to build a cooperative farm. Obstacles loom ahead, but with time and effort we are certain that this plan, too, will be successful. The son of Mr. and Mrs. Arthur G. Melville of 245 Cypress St., Newton, Father Melville is a graduate of Boston College High School, Boston, Mass. He began his mission service in Guatemala shortly after his ordination to the priesthood at Maryknoll, N.Y., in 1937. His brother, Rev. Arthur G. Melville, is also a Maryknoll missionary who serves in Las Libertad, a town northwest of Cabrican in Guatemala."

Elected to succeed the retiring treasurer was Edward W. Martin, 65 Sheridan Rd., Wellesley, also associated with the First National Bank.

Other elected to official responsibilities in the Highland Glee Club for the 1964-65 season were: George F. Brewer, 1090 Walnut St., Newton Highlands, president; Ermond F. Lewis, 1545 Beacon St., Waban, vice president; Rodney C. Eaton, Prospect Hill Rd., Harvard, Mass., secretary; F. Seifert Smith, 687 Union St., North Marshfield, chairman, Music Committee; Robert G. Members of the nominating committee were Robert D. McNaughton, 4 Loreau Terr., Winthrop; Howard L. Krueger, 16 Foster St., Newtonville, and Chester G. Parsons, 25 Cavanaugh Rd., Wellesley, chairman.

T. Geoffrey Hale, 15 Lindbergh Ave., West Newton, 1964 recipient of the Newton High School Music Scholarship, given annually by the Highland Glee Club, was introduced. He explained that he was "specializing in the musical instrument known as the bassoon."

Geoffrey has had eight years of piano study and also plays the clarinet. While in school he was a member of the Music Club, played in the marching band, the concert band and in the school orchestra.

Besides his music activities

President Brewer announced that the rehearsals for the 1964-65 season would start on Monday evening, October 5, with a dinner at 6:30 at the Newton Centre Methodist Church.

Dr. Homer Whitford of Belmont will continue as the musical director of the Highland Glee Club.

Watkins Is Promoted
John E. Watkins, son of Mr. and Mrs. A. C. Watkins, 221 Elliot street, Newton Upper Falls, has been promoted to airman 2nd class in the USAF at Keesler AFB, Miss. A graduate of Newton South High School, he entered the Air Force last February.

while in high school he also played in the Liberty Club Band of Cambridge, and had his own dance band known as "The Continentals." Geoffrey will continue his education with one year in Newton Junior College after which he will enroll in the Miami Conservatory of Music.

At present he is studying in the All Newton Music School with Mrs. Ruth McKee, first bassoonist in the Rhode Island Symphony Orchestra.

Between the dinner and business portions of the annual meeting, entertainment was supplied by Jeff and Leeds Brewer, sons of the club president. The boys played a banjo and a guitar while singing several popular hill-billy folksongs. Special interest in the guitar was shown by the club members because the Brewer boys had made the guitar which they used. Making musical instruments is not new with Jeff and Leeds, who, with their father have constructed numerous musical instruments several of which were designed from patterns of rarely seen ancient instruments.

President Brewer announced that the rehearsals for the 1964-65 season would start on Monday evening, October 5, with a dinner at 6:30 at the Newton Centre Methodist Church.

Dr. Homer Whitford of Belmont will continue as the musical director of the Highland Glee Club.

First Open House At Jackson Home Sunday

A new type of exhibit will be featured at the Jackson Homestead, 527 Washington St., Newton, at the first Open House of the season on Sunday, October 18, from 3 to 5 o'clock.

Thanks to the ingenuity of Co-Chairmen Mrs. Orin E. Skinner and Mrs. Ralph E. Keyes, assisted by Mrs. John B. G. Palen, gone are the bulky show cases, as the old nursery has been transformed into a schoolroom of the 1800's, complete with desks, blackboards, very old school books, a real stove, and a mannequin dressed as a "Schoolmarm." There is something of interest for all ages and everyone is cordially invited to drop in.

Members of the West New-

ton Woman's Club who will be hostesses that afternoon are Mrs. Raymond J. Grenier, president; Mrs. Patrick J. Duncan, Mrs. George H. Fernald, Miss Gertrude M. Hasty, Mrs. John F. Leonard, Mrs. Leslie P. Phinney, Mrs. Leonard G. Simmons and Mrs. George C. Thompson. Camp Fire Girls Helen Alman and Rebecca Williams, dressed in old-fashioned costumes, will also greet the guests. Miss Lorraine Cotting is chairman of hospitality this year for the homestead.

Mrs. Charles W. Peterson, flower chairman, has invited the West Newton Women's Educational Garden Club to do the arrangements in the various rooms. Among the members on Mrs. Leonard G. Simmons' committee are Mrs. Philip W. Carter, Mrs. Albert M. Kreider, Mrs. Frederick E. Whelpley and Mrs. Sidney Williamson.

Guests will be welcomed by the new president of the Jackson Homestead, Mrs. Earle D. Wood. Other new officers include Mrs. B. Alden Thresher, 2nd Vice-President, and Directors-At-Large Mrs. A. E. Burgess, Jr., Mrs. John H. Jackson, Mrs. John B. G. Palen, Mrs. A. H. Stenberg and Mrs. George M. Wille.

HENRY G. BARRY

Reception For Henry G. Barry Next Wednesday

A reception for Henry G. Barry of 65 Oxford Rd., Newton Centre, a Democratic candidate for the House of Representatives in the 5th Middlesex district, will be held at 8 p. m. next Wednesday night (Oct. 21) at the Newton Highlands Workshop on Columbus St., opposite the Hyde School.

State Treasurer Robert Q. Crane is to be the featured speaker at the reception which is being sponsored by the Hank Barry Fund Raising Committee. The district in which Barry is running includes Wards 5, 6, 7 and 8 of Newton.

A teacher at the Bigelow Junior High School in Newton, Barry in speeches at parties and house parties stresses his experience with the needs of education. He asserts that Newton's school system is recognized as one of the best in the nation and must be kept that way.

"Excellent services of the private institutions and philanthropic grants help this immensely, but much greater state aid to schools is vitally needed as the special legislative commission will show in coming months," he declares.

Barry says that the state tax structure is greatly in need of revision to meet educational needs, the need of reducing juvenile delinquency and expanded mental health facilities.

He states that he will vote to up-date the antiquated tax distribution formula, particularly to bring Newton a fairer share, aid its schools and lower property taxes. He supports continuation of civil rights statutes and the fullest implementation of laws now on the books.

Barry was educated in the Newton public and parochial schools, St. Sebastian's Country Day School, Boston College, AB 1948 and M.Ed. 1958. He did graduate studies at Harvard, Illinois, Boston University and Northeastern.

Prior to teaching at Bigelow Junior High, he was an instructor at Northeastern and an apprentice and management training coordinator at Raytheon. For 17 years he was baseball and basketball coach at Sacred Heart High School in Newton. He worked as a scout for the Kansas City Athletics.

Active in civic, charitable and fraternal affairs, he worked on the YMCA building fund drive, was director of the Raytheon Community Fund drive, is a member of the Holy Name Society and the Knights of Columbus. He is on the Administrative Council of the Newton Teachers' Association, a member of the Massachusetts Teachers' Association and the National Education Association.

Noted for his major contribution to the cause of civil liberties through his association as senior staff counsel for A.J.C., he has written extensively on the question of Jewish-Arab relationships, and is author of a white paper instrumental in obtaining unanimous adoption by the U.S. Senate of a resolution condemning U.S. acquiescence in discrimination against American citizens in the Middle East.

At one stage in the final quarter South had a first down on Stoughton's one-yard line, with four tries for a touchdown that would have won the game.

But a five-yard penalty set the Lions back on their heels, and four rushes failed to produce a score.

Still later in the game South got inside Stoughton's 12-yard line but again gave up the ball on downs. One touchdown on a pass from Ted Clarke to Chuck Spear was cancelled out because an illegal receiver was downfield. That's the kind of day it was for Coach George Winkler and his pupils.

One of the bright spots of the contest was the play of Sophomore Steve Cooper who tallied two touchdowns, caught several passes, showed good speed and played well defensively.

Coach Winkler was endeavoring to bolster his team's defense for Saturday's game with Amesbury.

Addressing the graduates last Thursday night was Mrs. Charlotte W. Troutwine, Executive Director of The Intercommunity Homemaker Service. Mrs. Troutwine pointed out that additional homemakers were greatly needed to respond to the many requests coming into her office.

She stressed that mature women living in or near the four communities serviced are being recruited and screened, and asked the graduates to recommend any of their friends who might be interested.

Officers of The Intercommunity Homemaker Service are Mrs. Irene K. Thresher, president, Newton; Mrs. Ruth Cowin, vice-president, Brookline; Mrs. Ellen Nichols, secretary, Needham; and Dr. Lamson Blaney, treasurer, Wellesley.

Grace Church Has Something New In Fairs

Something new in church fairs has been planned by Grace Church, Newton Corner.

On Saturday, Oct. 24, the Church Service League will present a "Harvest of Treasure" under the chairmanship of Mrs. Charles Kimball.

One section of the fair will be devoted to a silent auction sale, in which sealed bids are turned in and items go to the highest bidders at the sale's end.

There will also be a "Tasting Tea," where customers may sample Thanksgiving pies and cranberry-nut bread and Christmas cake and cookies.

Mrs. Edward Englund and Dr. Winifred Miller are sale chairmen.

Orders may be placed for fresh-baked holiday delivery on Nov. 21 and Dec. 12.

Also at the fair will be the traditional tables of plants, preserves, casseroles, aprons and many lovely hand-made articles.

All proceeds will go to aid the several charities the group supports.

In the early days of the United States, customs duties and the sale of public lands were the mainstays of Federal internal revenue.

HOWARD WHITMORE, JR.

Ike Endorses Whitmore For U.S. Senate

Former President Dwight D. Eisenhower gave a big lift to the campaign of former Newton Mayor Howard Whitmore, Jr., by urging Whitmore's election to the U. S. Senate.

"Howard Whitmore, Jr., is exceptionally well qualified to be your United States Senator," Eisenhower declared in a message to Massachusetts voters.

"His outstanding record in 15 years of public service in the Massachusetts House and as Mayor of Newton, assures full and able representation," Ike asserted.

"I urge you to elect Howard Whitmore, Jr., your U. S. Senator on November 3rd."

Whitmore also has been endorsed for the U. S. Senate by Senator Leverett Saltonstall and former U. S. Ambassador Henry Cabot Lodge.

The Whitmore camp pointed out that no one in America "better knows the full qualifications of a member of the U. S. Senate than former President Eisenhower, who for eight years inspired unprecedented prosperity and unbroken peace in this nation."

Whitmore, former Massachusetts legislator, former Mayor of Newton and a director of the Greater Boston Chamber of Commerce, is campaigning to join Senator Saltonstall in the Senate and together "initiate work to spur Massachusetts business and save Massachusetts jobs, threatened by defense production shifts and other hazards."

Named Apparel U.F. Chairman

David L. Rosenberg of 14 Mandalay road, Newton Centre has been named chairman for the apparel industry in this fall's Greater Boston United Fund "People Helping People" campaign.

A past president of the Apparel Industries New England Association, he is at present the organization's treasurer. Mr. Rosenberg is a member of the president's council of Brandeis University, and president of Jewish Memorial, a non-sectarian, 250-bed hospital in Roxbury.

Members who would like to help with the sale should get in touch with Mrs. James R. Doherty or Mrs. Albert S. Genaske. Rummage may be delivered to the workshop, Columbus St., Newton Highlands, Thursday, Oct. 29, between 9:30 a.m. and 4 p.m.

Victory -

(Continued from Page 1)

Diluzio flipped a 33-yard pass to Hollis Perry for one touchdown and tossed a 47-yard bomb to Fred Angier for the other score. Both touchdowns were tallied in the second period.

Newton made it a close game for the first two quarters. At half-time Weymouth led 18-12. But in the second half the talented South Shore gridders rolled up 19 points while holding the Tigers scoreless.

This Saturday may see a different story at Dickinson Field and a happier one for Coach Jim Ronayne's charges. But things will look dark for the Tigers unless they can get onto the victory trail this week.

Takes Refresher MDC Police Course

should you have a MORTGAGE?

If you want to become a homeowner, and your family's income will allow regular payments, you probably should have a mortgage. A home is such a big investment that a home loan provides the only practical way for most families to own one. As you pay for your home, the money you formerly paid for rent is represented by your own valuable property. In fact, buying a home is actually a form of saving. When you've paid off a good part of your mortgage, you can borrow against your home at low rates for large expenses. A home is also one of the best investments in family happiness. When you're ready to buy, visit our nearest office. We'll gladly help with expert service and the loan to fit your needs.

'65 Newtonian Is All-School Book This Year

The public relations department of the Newtonian, the Newton High School yearbook, announced this week the plans for the new '65 Newtonian. Being stressed is the idea that the '65 Newtonian is an all school book, geared to all classes, not just the senior class. Besides the usual senior section, there will be a section of pictures of all the sophomores and juniors in their homeroom groups.

Also new this year; each student will be able to have their yearbook personalized with their name in gold on the front cover.

An installment plan is being introduced this year, by means of which the students may pay \$2 beginning October 15, when the yearbook goes on sale, and pay the remaining \$3 in December or January. If the student holds a Student Activity Ticket, the Newtonian costs only \$4, and may be paid for in two \$2 installments.

The Newtonian has grown from 220 pages in 1961 to a projected 300 pages for this year. To supplement the new concept of the all-school yearbook, this year's edition will have extended coverage of all administrative and academic events. This year four times as much color as in the last two years will be seen.

This year's Newtonian staff is working under the able direction of Mr. Armando Rossi, while Matt Coogan, editor-in-chief, and Paul Sugarman, assistant editor, coordinate the work of the various staffs. A newly created position, Publicity and Public Relations, is being filled by Suzanne Rens, who is assisted by Kathy Waters.

Newton PAX Votes To Favor 3 Democrats

The Newton Branch of Massachusetts Political Action for Peace voted to endorse Representative Joseph G. Bradley, Representative Irving Fishman and Morris Kritzman at a meeting held in the home of Mr. and Mrs. George Sapin of Newton Centre, on Tuesday, Sept. 29.

Massachusetts PAX is a non-partisan political action organization, which seeks to help practicing politicians to become more aware of existing sentiment for peace and disarmament. It seeks to connect peace, foreign policy and disarmament with the issues of racial justice and social change.

Representative Bradley, of the Fourth Middlesex District, and Representative Fishman, of the Fifth Middlesex District, are running for reelection. Kritzman, a Democrat, is running for State Senator, against the Republican Senator Leslie B. Cutler.

The meeting, chaired by Jerome Grossman, elected Mrs. Edmund C. Berkeley of Newtonville, chairman, succeeding Mrs. Leon Birnbaum. Those interested in lending active support to the candidates may contact Mrs. Berkeley.

Campaign Tempo Rises In Newton

The tempo of political campaigning was steadily rising in Newton this week as the candidates for a variety of public offices moved into the crucial stages of their races.

Keen local interest was being aroused by lively fights between eight Newton contenders for four seats in the House of Representatives.

POLITICAL HIGHLIGHTS

By JAMES G. COLBERT

Volpe and Bellotti Waging Hectic Neck-and-Neck Race

Ex-Governor John A. Volpe and Lieutenant Governor Francis X. Bellotti, opponents for the Governorship, appear to be coming down to the wire in a race almost as close as the one Volpe and Governor Endicott Peabody waged two years ago.

Surveys of voting sentiment made by this writer indicate that Bellotti is slightly ahead of Volpe but that Volpe has been gaining and closing the gap.

The margin between Volpe and Bellotti is small enough so that Volpe—if he continues to pick up support—could overtake Bellotti and pass him before election day.

A strong finishing spurt by Bellotti, on the other hand, could see him sweep to a victory.

In short, the Volpe-Bellotti fight at this stage is a tossup which could go either way. Either Volpe or Bellotti can still win the election.

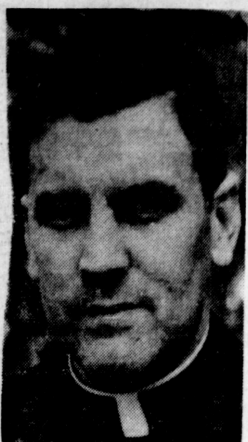

Whether the winner is Volpe or Bellotti, his plurality is likely to be a slender one.

Father Thomas J. Carroll, executive director of Boston's Catholic Guild for All the Blind in Newton, today announced the appointment of Father Robert H. Carolan the Guild's Director of Professional Services as chairman of the 1964 Harvest Drive.

The announcement was made at the Harvest Drive Dinner held at the Guild's American Center for Research in Blindness and Rehabilitation in Newton, on Thursday evening, October 15th.

The world renowned Guild which today consists of the Catholic Guild for All the Blind, St. Raphael's for the geriatric blind and the American Center for Research in Blindness and Rehabilitation, depend for their operating funds on the Annual Harvest Drive to which so many thousands generously donate each year.

The new chairman, who since 1963 has been the Director of Professional Services at the Guild, has served at Our Lady of the Assumption Parish in East Boston; St. Mary's Parish, Chelmsford; St. Raphael's Parish, West Medford; and

Aldermen Vote 15-6 To Give Green Light To Incinerator

An impasse which had been stalling action on the proposed erection of a new \$2 million municipal incinerator in West Newton was finally ended at Monday night's meeting of the Board of Aldermen.

By a 15-6 vote the Aldermen approved an appropriation of \$779,500 for the purchase of machinery for the interior of the incinerator, thus terminating a dispute as to what type of equipment should be bought.

Mayor Donald L. Gibbs, who voiced his delight at the Aldermanic action and his gratification that the matter had finally been resolved, announced yesterday that contracts will be signed immediately for the purchase of the incinerator machinery.

Other steps toward the actual construction of the incinerator building itself will be taken as promptly as possible, the Mayor stated.

These will include the design of the incinerator building.

South High Lions Shoot For 2nd Win

Newton South High's hard-luck football team, with a record of three defeats and only one victory, will be seeking its second win of the season when it plays a sturdy Lexington High team at Dickinson Stadium Saturday afternoon with the kickoff scheduled for 1:30 p.m.

The Lions suffered their third loss of the season last Saturday at the hands of Amesbury High in a game they could have and should have won. The score was 12-8 in favor of Amesbury.

One Amesbury touchdown was scored when Art Leventhal grounded a South punt and an official was late in blowing his whistle.

Newton Girl Wins Teenage Title In Hub

Elizabeth Joan Fox, 17, daughter of Mr. and Mrs. Franklin H. Fox, 31 Lancaster road, Newton, sighed a little last Saturday night on realizing that she will have to miss a week of school, but then put back the broad smile she wore on being chosen Miss Teenage Boston 1965.

A slender, brown-eyed brunette, she is a Newton High senior, and was crowned after being selected from among nine semi-finalists.

As Greater Boston's top teenager, she will be flown to Dallas, Texas, on Nov. 7 to compete in the Miss Teenage America finals.

In addition to the Dallas trip, she will get a number of additional prizes, including a wardrobe, silverware, books,

ing and the award of the contract for its erection. The building could not be designed until it was known

what type of machinery and equipment it will house.

The Mayor said it was

his understanding that the building shall be erected and the machinery installed inside of it simultaneously

He expressed the hope that the new incinerator will be in use within a year. The incinerator is to be located on Rumford Avenue in West Newton.

At Monday night's Aldermanic session it was decided that a spray and baffle type of fly ash control machinery costing \$779,500 would be used in the incinerator.

Alderman David W. Jackson, himself an engineer, had urged that a more expensive equipment known as the traveling grate and cyclone type be used. This would have cost \$969,500 and reportedly is somewhat more efficient than the type to be used.

Mayor Gibbs, on the recommendation of his advisory board, originally recommended that \$779,500 be appropriated. But the Mayor subsequently asserted

Poll Shows Johnson Big Winner In Local Voting

By JAMES G. COLBERT

A poll conducted by this writer indicates that President Johnson will carry normally Republican Newton by a big margin over Senator Barry Goldwater in the November 3 election.

Ex-Governor John A. Volpe showed a gain in Newton over his vote of two years ago, while Lieutenant Governor Francis X. Bellotti apparently is not running as well in the Garden City as Governor Peabody did in 1962.

If the trend revealed by the Newton survey were consistent across the entire State, Volpe would loom as a sure winner over Bellotti in their fight for the Governorship.

However, Volpe gains votes in some communities — notably Republican areas — and loses some of his 1962 support in other sections.

The pattern of Bellotti's vote is similarly irregular, going up over Peabody's totals of two years ago in some cities and towns and dropping down in others.

Attorney General Edward W. Brooke, himself a Newton resident, topped his Democratic opponent, State Senator James W. Hennigan, Jr., of Jamaica Plain 6-1 on the Garden City poll.

A total of 152 Newton voters, 83 of them men and 69 women, cast straw ballots in the Newton poll.

The survey was made in Newton Centre, West Newton, Newton Upper Falls and Newton Highlands in an endeavor to get a cross-section of voting sentiment in the city.

The persons interviewed were asked how they intended to vote in the contests for President, Governor and At-

torney General, how they voted two years ago in the fights

Auburndale Church Holds Rededication

The 98-year-old sanctuary of Centenary Methodist Church in Auburndale was rededicated at last Sunday's morning service.

With the interior of the sanctuary completely rebuilt, and with new pews, communion table and pulpit installed, the renovation was the first major improvement since the church was built.

Also, the Hook and Hastings

pipe organ, originally built in 1923, has been overhauled and the organ console relocated.

While work was underway since last spring, morning services were held in the parish hall.

Included in the renovation was installation of two memorial stained glass windows, and 10 more will be installed during the next few months. They will appear in sequence and illustrate outstanding events in the life of Christ.

Special music was presented under the direction of Paul VanSickle, organist and choir director. William Phelan, trumpeter, was guest soloist.

Odors Subject Of MDC Attack

Because of obnoxious odors due to persistent plant growth, the Metropolitan District Commission has decided to release 15,000,000 gallons of water daily into the Charles River at Echo Bridge in Newton Upper Falls.

A request for the move was made by the State Department of Public Health.

The water dumping, from MDC reservoirs, will continue until the condition is corrected, or until a maximum of 500 million gallons has been poured into the river.

Priest Says Negro Problem Also Ours

"It is not comforting for white people to realize that the Negro must force us to

give consideration to his plea for freedom," warned the Very Reverend Robert Drinan, S. J., Dean of the Boston College Law School, guest speaker at the opening breakfast of the Temple Shalom Brotherhood in Newton on Sunday morning, Oct. 18.

Continuing on his theme of "Education and Human Rights," Father Drinan appealed for an end to the dangerous complacency of the "White Moderate," stating that white people of all faiths are the "conscience of the community."

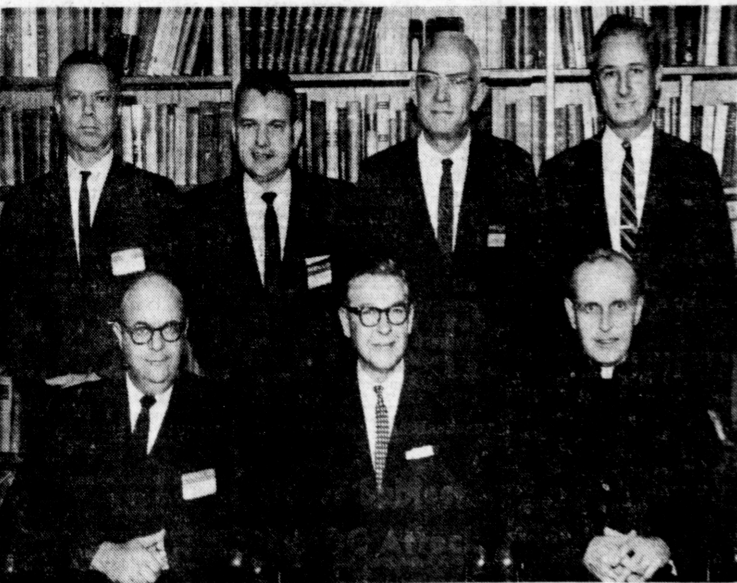

He appealed for maintenance of a concept of justice to end the barbarism of rejection and deprivation.

In these times, in major areas like the Chicago South Side, only 22 percent of Negroes are employed. Actually they live on "islands of poverty in a sea of affluence."

We must become engaged in this "problem," by not standing off as the "enemy," but rather by joining the revolution to make the Negro part of the mainstream of American life.

Then, and only then, will the Negro attain dignity; build family solidarity, and become part of the mainstream of American Life.

Under the order's terms the city's voting places will be open from 7 in the morning until 8 o'clock at night. Following are the positions to be filled, according to the order:

Electors of President and Vice President.
Senator in Congress.
Governor, Lieutenant Governor, Attorney General, Secretary, Treasurer, Auditor, Representative in Congress from the 10th Congressional District.

Also, Councillor for the 2nd Councillor District, one Senator each in the Norfolk-Suffolk District and Norfolk-Middlesex District, and Representatives in the General Court as follows:

Two in the 4th Middlesex District, two in the 5th Middlesex District.

Others are Register of Deeds for Middlesex County and two County Commissioners for Middlesex County.

Also, the voters will have an opportunity to mark their choices on the following questions which will appear on the ballot:

QUESTION No. 1 PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held March 29, 1961, received 219 votes in the affirmative and 26 in the negative, and in a joint session of the two branches held May 8, 1963, received 244 votes in the affirmative and 14 in the negative?

SUMMARY
The proposed amendment provides that the terms of office of the Governor, Lieutenant Governor, Secretary of the Commonwealth, Treasurer, and Receiver General, Attorney General and Auditor shall be four years. Executive Councillors, Senators and Representatives shall continue to serve for two years. The four-year term for constitutional officers would become effective at the time of the November election in the year 1966.

QUESTION No. 2 PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held July 18, 1962, received 238 votes in the affirmative and 1 in the negative, and in a joint session of the two branches held May 8, 1963, received 246 votes in the affirmative and 2 in the negative?

SUMMARY
In the event that any public office, whether elective or appointive, shall become vacant as a result of enemy attack, the proposed amendment would enable the General Court to provide for prompt and temporary succession to the powers and duties of such offices, and to take steps to insure continuity of govern-

ment of the Commonwealth and its political subdivisions.

QUESTION No. 3 PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held March 29, 1961, received 251 votes in the affirmative and 0 in the negative, and in a joint session of the two branches held May 8, 1963, received 252 votes in the affirmative and 3 in the negative?

SUMMARY
The proposed amendment provides that the credit of the Commonwealth may be given, loaned or pledged only by a two-thirds vote of each branch of the Legislature. In no event shall the credit of the Commonwealth be given or loaned to or for any individual, private association or corporation privately owned or managed.

QUESTION No. 4 PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held July 18, 1962, received 220 votes in the affirmative and 24 in the negative, and in a joint session of the two branches held May 8, 1963, received 258 votes in the affirmative and 1 in the negative?

SUMMARY
The proposed amendment authorizes both the Governor and the Executive Council to require opinions of the Justices of the Supreme Judicial Court on questions of law. The present requirement that the Governor and Council agree before a question may be submitted would be annulled.

QUESTION No. 5 LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below which was approved in the House of Representatives by a vote of 109 in the affirmative and 109 in the negative and was approved in the Senate by a vote of 16 in the affirmative and 20 in the negative?

SUMMARY
The proposed measure provides that henceforth appointments in the executive branch of the government shall not require the advice and consent of the Governor's Council. Exceptions to this provision include appointments to the Youth Service Board, Industrial Accident Board, Commission of the Department of Public Utilities, Parole Board and Appellate Tax Board, which appointments shall continue to require Council action.

However, should the Council fail to act upon appointments within thirty calendar days, then the person involved shall be deemed to have been lawfully appointed. Any appointment in the executive branch by an officer other than the Governor which theretofore required Council approval shall henceforth require approval by the Governor.

Removals from office shall no longer require the advice and consent of the Council, except in the case of the Youth Service Board, which removals must still receive Council approval. As in the case of appointments still requiring Council approval, such recommended removal from the Youth Service Board must be acted upon by the Council within thirty calendar days; otherwise the proposed removal shall become effective as if approval had been given. In the case of any appointment which heretofore required Council approval the Governor may, within fifteen days of the making of the appointment, remove the person appointed without cause.

The Council shall no longer be required to approve the fixing of any compensation for services rendered in the executive department, and henceforth there need be no approval by the Council of actions or agreements by executive officers, including but not limited to borrowings and loans, investments, leases, licenses, purchases and conveyances, and contracts, and also including the promulgation of rules and regulations. Notwithstanding the foregoing, the Governor shall at all times remain free to seek the advice and consent of the Council upon any matter.

Mental Health Group Com'ends Irving Fishman

Action for Mental Health in Newton at a recent meeting of its Board of Directors voted its gratitude and thanks to Representative Irving Fishman for his work in obtaining state funds for the new Newton Child Guidance Center. Representative Fishman is a Director of Action for Mental Health in Newton (AMHIN) and its affiliate, Action for Mental Health in Children, Inc. (AMHIC), and he has been working with these organizations for several years to bring a mental health clinic for children to Newton. The new clinic, first of its kind in Newton, opened in September.

The citation to Representative Fishman was signed by Kenneth Huberman, President of the groups sponsoring the new center and expressed appreciation for Fishman's "wise counsel and guidance which have contributed in great measure to the achieving of our goal."

Irving Fishman is also a participant in the Massachusetts Mental Health Planning Project and he has been working on the Task Force considering outpatient services for the adult mentally ill under the chairmanship of Dr. Leeton Havens of West Newton.

Headlights And Highlights From Newton South High

By DANIEL LAX

Letters of Commendation were awarded by the National Merit Corporation to 39 Newton South seniors. In order to receive a letter, a student had to obtain a high score on a qualifying test last year. These students scored among the top two percent of the students in the country.

Letters were given to Kent Anapolle, Susan Asquith, James Baile, Jonathan Burrows, Ann Chambers, Barry Daschsky, Christopher Davis, Mark Edinberg, Sheldon Fishman, Stanley Forman, Robert Gass, Robert Gladstone, Jay Gold, Carol Gordon, Judith Gould, Jerome Green, Richard Harrison and Marjorie Harrison.

Also, Emily Homonoff, Mark Homonoff, Jane Hopen-garten, Dana Jackson, Bruce Katz, Edward Levin, Jonathan Mann, Eliot Norman, Neil Nyren, Frederick Portnoy, Steven Rosenthal, Richard Rossman, Constance Roud, Robert Runstein, Michael Sandberg, John Shapiro, Carol Stomberg, Barbara Wallace, Ross Zoll and Susan Zonderman.

Apparently, Newton students either eat too much, or don't get enough exercise. The United States Public Service has announced that it plans to do a survey on students in Newton, 15 percent of whom are overweight. This study, being done in association with the Harvard School of Public Health, now includes only girls but will be expanded in January to include boys.

Political Highlights

Bellotti had his greatest lead over Volpe immediately after the primary when Bellotti's upset triumph over Peabody was being appraised as a spectacular political feat.

As the dust settled after the bruising primary struggle between Bellotti and Peabody, Volpe gradually closed in on Bellotti, and their contest grew steadily tighter.

The latest polls show that about 8 per cent of the voters are still undecided whether they will ballot for Volpe or Bellotti. These voters could determine the outcome of the gubernatorial election if the contest is as close as it seems to be.

The recent indictments stemming from the State Crime Commission's investigations appear to have had little effect upon the battle for Governor. They may have helped Volpe and hurt Bellotti but only to a very slight—almost negligible—degree.

The polls do not reflect anything approaching the impact many political analysts predicted the indictments would make upon the voters.

One thing the polls make crystal clear is that the coming election will see more ballot-splitting than ever before in the history of Massachusetts.

The spread between the vote totals of Senator Barry Goldwater and Attorney General Edward W. Brooke will be startling.

The polls reveal an incredible lead for President Johnson over Senator Goldwater.

Johnson runs so far ahead of Goldwater that a pollster wonders about the accuracy of his own findings and hesitates to report them.

Either a lot of people who intend to vote for Goldwater aren't telling the truth, or Johnson is going to carry Massachusetts by a fantastic plurality.

There's no question that Johnson will capture the State by a big margin. It just doesn't seem possible that it will as great a plurality as the polls indicate.

Goldwater is no help whatever to the members of the Republican State ticket. On the contrary, he's a political millstone around their necks.

The overriding consideration influencing the Republicans who say they are going to vote against Goldwater is that they are fearful of trusting him with the decision of involving this country in a nuclear war. They are apprehensive that he might be a little too fast on the trigger.

Attorney General Edward W. Brooke, who has flatly refused to endorse Goldwater, is by far the strong man of the Republican State ticket.

The polls reveal Brooke to have a commanding lead over Senator James W. Hennigan, Jr., his Democratic opponent. As Hennigan has become better known in recent weeks, he has gradually reduced Brooke's advantage.

But Brooke is still ahead by a comfortable and safe margin.

A very small percentage of the people voting for Goldwater are cutting Brooke.

That slight loss, however, is more than offset by the surprising support Brooke is getting from Democratic voters.

Brooke shapes up as the only sure winner on the Republican State ticket.

Volpe may wind up by capturing the Governorship. But right now he appears to be a little behind Bellotti and fighting for his political life.

Hospitalized Senator Edward M. Kennedy will win reelection by a large plurality over former Newton Mayor Howard Whitmore, Jr.

The Republican high command in the State has given no hint of a change in policy. Whitmore anywhere near the help he needed to make a creditable run against Ted Kennedy. At GOP fund-raising dinner last week, for example, Whitmore was not even called upon to speak so that he could make his pitch at least to the guests in attendance.

Whitmore is a highly able, articulate candidate with a good record of public service. But he's involved in a hopeless fight which he undertook to help out the Republican party. Secretary of State Kevin H. White and State Treasurer Robert Q. Crane are both well ahead of their Republican opponents on the poll returns.

The contest between former U. S. Attorney Elliot Richardson and Governor's Councillor John W. Costello for the Lieutenant Governorship apparently will follow the pattern of the gubernatorial battle.

If Bellotti defeats Volpe, he will carry Costello in with him.

very large in number, but in a contest as close as this one cratic vote would be a blow to Bellotti.

If Volpe finally loses this neck-and-neck race, his defeat will be attributable to the strong feeling many Republicans hold against Goldwater.

It is apparent that the nomination of Goldwater as the GOP candidate for President was just about the worst thing that could have happened for the Republican State ticket in Massachusetts.

If the Republican national convention had picked Pennsylvania's Governor William Scranton or even Richard M. Nixon as their party's candidate for President, the political picture in this State probably would be altogether different.

There is a very strong anti-Goldwater sentiment in Massachusetts.

That is the explanation for the tremendous vote President Johnson will roll up and the great plurality by which he will carry this State.

No one would seriously contend that Johnson is as popular in Massachusetts as was the late John F. Kennedy in 1960.

Yet, the polls indicate that Johnson will pile up a bigger vote in this State than Kennedy polled four years ago and that Johnson's plurality will be larger than Kennedy's. That may seem difficult to believe, but it appears to be a political fact.

Thousands upon thousands of persons who normally vote Republican will ballot against Goldwater and for Johnson. A small number will stay home on election day.

The indications are that Johnson will carry some Republican towns which never before have gone Democratic.

What is the explanation for the runaway victory Johnson will score in Massachusetts? The answer many people give is that they are afraid of Goldwater's foreign policies.

This fear of Goldwater has made Volpe's fight more difficult than it would otherwise be.

Most Republicans and some Independents will switch back and vote for the members of the Republican State ticket after marking a cross for Johnson. They obviously place the Presidential contest entirely apart from the state-wide election contest.

But the strong Democratic trend at the top of the ticket will have some effect on the state fights.

In a basically Democratic State Volpe also cannot afford to have any substantial number of Republicans sit out the election.

With the anti-Goldwater sentiment so strong, it is remarkable that Volpe has been gaining on Bellotti in recent weeks and that their race is as tight and close as it appears to be.

Rights

(Continued from Page 1)
His assignment was Hattiesburg, a city 90 miles south of Jackson.

Being a native of Arkansas and while growing up there, the Newton minister had thought of this general area of Mississippi as a second home. The University of Southern Mississippi and William Carey College are both located there.

Rev. Totten was reminded of the many summer days he had spent there with his grandparents, aunts, uncles and cousins. But coming back as a civil rights worker he was unwelcome and resented by the white community.

He feared to contact his relatives because of the retribution they might suffer. The only faces he could trust, except fellow ministers and students, were black. "It was a strange feeling," Rev. Totten said.

Neither Rev. Totten nor his civil rights volunteer colleagues were in Mississippi to take part in sit-ins or to picket establishments. They were dedicated to the achievement of civil rights through strictly legal and non-violent means.

But violence was perpetrated upon some of them in a variety of instances.

A Cleveland rabbi had been severely beaten by a Mississippi mob just before the arrival of Rev. Totten and some students suffered the same treatment although less seriously. His last two nights in Hattiesburg featured the exploding of home-made bombs hurled at two Negro residences. Three volunteers were murdered in the now famous case, then considered a "hoax" by many Mississippi whites.

Two Negro churches were burned the night before he arrived making 12 in less than two months. Toll of Negro churches bombed and burned during the summer totaled more than 20, Rev. Totten stated.

The civil rights volunteers, including the Newton clergyman, were instructed not to defend themselves with force, even if attacked, and were told how to conduct themselves in public, how to travel, what to do if arrested.

Rev. Totten explained the work performed by the volunteers, by giving a several-day resume of his activities as typical. On two days he explained the voter registration process to Negroes in a rural suburb of Hattiesburg; the next day he attended a Negro Baptist church convention; the next afternoon he canvassed on behalf of the Freedom Democratic Party and that evening attended Freedom Schools.

The next two days he interviewed local white clergy. He said that all were polite, one sympathized with his objectives, but the rest re-

Latest In Fine Rugs On Display at Abramson Carpet

All of the latest broadloom styles and colors, luxuriant high piles, colorful tweeds, tight twists and new embossed textures, are currently being displayed by George J. Abramson Carpets of 2047 Centre street, West Roxbury.

In addition to hundreds of the latest decorator hues, many carpets are now available dyed to order at no additional charge. Abramson Carpet, West Roxbury's only broadloom specialty store, features only carpeting from quality mills such as Lees, Bigelow, Mohawk, Masland, Magee, Barwick and others.

In a recent interview Abramson stated "Can you buy a houseful of carpet for only \$129? or less? Of course you can... just don't walk on it! A 'bargain' carpet can't take it for long. That's why we won't sell these so-called bargains. They're generally made with skimpy dyers, don't have enough yarn, weren't inspected properly at the mill, get bald before their time and disappoint you and your pocket-book all too soon."

At Abramson's, only merchandise that is worthy of the customer's investment is carried. This doesn't mean that carpeting need be expensive. It does indicate that the carpet prospect should be honestly informed of the carpet's wearing abilities. Abramson believes that the customer's intelligence is insulted by offers of supposedly "free installation and padding."

The cost of the installation and padding is obviously included in the total cost of the carpet, if performed by skilled

sent his presence. Rev. Totten emphasized that Mississippi still needs more outside help to heal the sickness of racism and cultural paranoia which choke democracy and individual freedom in the state.

He pointed out that the white person in Mississippi is not free; he is only free to agree with the reigning racial ideology. Dissent from the racist position carries harsh penalties for the whites.

Rev. Totten emphasized the plight of these sympathetic whites in Mississippi. On leaving the state he said he felt some of the same emotions felt on leaving Russia after two weeks of harassment by the secret police.

He warned that when you don't agree with the racist "party line" in Mississippi, it's not a safe or happy place to be.

This is Rev. Totten's third year as pastor of the Newton Methodist Church. He has served churches in Arkansas, Newport, R.I., and the Second Church in Boston, Mass.

He was born and educated in Arkansas and is a member of the Little Rock Annual Conference of the Methodist Church. He is now working on his degree as doctor of theology at Boston University School of Theology.

Temple Group Plans Program Of Activities

The NEFTY group of Temple Beth Avodah held a breakfast meeting on Sunday, October 18. Plans for the coming year were discussed, and it was decided that a debate would be the activity for the next meeting.

The topic to be discussed will be: "Is Chanukah Too Commercial?" Other plans include a service to be prepared and led by the group on a Friday night, a hootenanny, a bowling league, and a dance.

The first anniversary dance will be held October 24, at the Temple. The young temple plans a gala evening for its members and their guests beginning with cocktails at 7:30. Richard Martin and his orchestra will furnish the music and entertainment during dinner.

On Oct. 28, the Sisterhood will present Lawrence Shubow, prominent Boston attorney and a leading member of the American Jewish Congress. Mr. Shubow will review the controversial book

"Danger on the Right," published by the anti-defamation league of the B'nai B'rith and based on the crisis and individuals financing the radical right.

An open discussion will follow. During the political year Sisterhood members and their friends are urged to attend.

Cong. Martin Hails Growth In Jobs Here

Congressman Joseph W. Martin, Jr., today hailed the industrial growth taking place in the 10th Congressional District as a promise of more and better jobs in the future.

"A survey by the Greater Boston Chamber of Commerce reveals five major construction projects started in the district during the first six months of 1964," Congressman Martin reported. "These five projects call for the expenditure of 3.7 million, almost matching the construction activity for the entire year of 1963 in only six months."

The projects and their costs are as follows: Westwood Shopping Center, Eastern Seaboard Construction Co., \$150,000; Newton Motel, Eastern State Motel Hotel Corp., \$1,736,410; Medfield Store, Fernandes Super Market, \$100,000; Wellesley Motel, John J. Gairusso, \$1,500,000; and a Walpole skating rink, Lobar Corp., \$200,000.

Congressman Martin said he was confident that this type of new activity would strengthen the economy of the 10th district, and that this favorable trend would be speeded up by the location of the NASA Space Research Lab in the Greater Boston area, and the construction of new expressways speeding travel into southeastern Massachusetts.

"In addition to these major industrial and commercial projects," Congressman Martin said, "I am gratified by signs of considerable additional building in every town and city in the district."

LADIES BOOST GOP BEAN SUPPER—Aid for the party from the distaff side was forthcoming when Mrs. Stanley Miller, president of the Newton Women's Republican Club, presented local GOP candidates with the club's contribution for their campaign funds. With Mrs. Miller are, left to right, Rep. Lorenz F. Muther, Jr., Theodore D. Mann, Mrs. Stanley Miller, Robert Tennant, and Rep. John W. Whittemore.

Republicans Set For Huge Rally Saturday

Advised as the "Grand Cavalcade of Stars," the gala Bean Supper and Rally sponsored by the Newton GOP at the West Newton Armory, Saturday night, October 24, promises to be an exciting event attracting an enthusiastic crowd.

Among other things, a bean supper (with the traditional hot dog, of course) will be served with local candidates for the House acting as hosts. Those assisting with the serving will be candidates Theodore D. Mann, Rep. Lorenz F. Muther, Jr., Robert Tennant, and Rep. John W. Whittemore.

Also present for the festivities will be the candidates of the State GOP ticket who will come to the Armory via a Cavalcade which will wind up its tour of several areas of the county in Newton.

The program will feature brief talks by Howard W. Whittemore, Jr., candidate for the U. S. Senate; John A. Volpe, candidate for the Governorship; Elliott Richardson, candidate for Lieutenant Governor; and Attorney General Edward W. Brooke.

Something to delight the young and the young of heart will be the "George Porgie Show" listed as the "top combo in the East." It is quite evident that the Republicans intend to make themselves heard in the community.

Frederick G. Fisher, Jr., chairman of the event which is sponsored by the Newton Republican Club with the cooperation of all other GOP

groups in the city, promises an old fashioned rally with a liberal mixture of fun and politicking for all who come.

All are welcome. Tickets and information may be obtained by calling Newton GOP Headquarters, 527-3462.

Tiger

(Continued from Page 1)

A bad bounce for Watertown and a 15-yard penalty against the visitors helped to set the stage for Newton's touchdown in the third period of Monday's game.

Watertown punted from its 41-yard line. The ball landed on Newton's 35-yard line but caromed back to midfield, ending up only nine yards from the original line of scrimmage.

The fired-up Tigers immediately launched a march but then bogged down at the Watertown 35-yard line. A 15-yard penalty against Watertown kept Newton moving.

Dick Diluzio and Guy Reynolds teamed on a forward pass that carried to the Watertown 11-yard line. Bill Jonah plunged across from the five-yard line for the TD three plays later, and Diluzio rushed for the extra two points.

Newton put on another drive late in the game and was on the Watertown 6-yard line when the final whistle blew. Watertown never got beyond the Newton 25-yard line and only penetrated once that deeply into Tiger territory.

Unless Newton shows great improvement over its play in recent games, Arlington will have too many guns for Coach Jim Ronayne's charges this Saturday.

Lions

(Continued from Page 1)

While Leventhal was glancing to the sideline to see why the whistle hadn't blown, Amesbury halfback Paul DeSauteles picked up the football and raced 65 yards for a touchdown.

A Lion fumble on South's 34-yard line paved the way for Amesbury's second touchdown in the final period.

To add misery to misfortune, Ted Clarke, South's fine quarterback and passer, lost one of his contact lenses in the mud at Amesbury Field early in the game and played under that handicap for the final three periods.

Amesbury went into a six-point lead on the disputed touchdown gallop after the football was supposedly dead.

Newton South roared back with a 53-yard drive sparked by Clarke's passing and climaxed when John Passarini plunged over from the one-yard line for the TD. Dick D'Eugenio scored the extra two points, and South was out in front 8-6, holding that advantage until the final quarter.

Amesbury staged a 34-yard march that ended in a touchdown after recovering a Newton South fumble. Clarke put on a desperation, last-ditch aerial attack, completing four of six passes for a total of 44 yards but was unable to explode the big bomb.

Coach George Winkler, who rarely questions the officiating, protested long and loud about the tardy whistle which made possible Amesbury's first touchdown. "It was robbery in broad daylight," declared Winkler.

Should she win the Miss Teenage Age America crown in Dallas, her awards will include a \$10,000 four-year college scholarship, a 1965 Comet Caliente convertible, 50 shares of stock in the Dr. Pepper Company, and a complete leather wardrobe from Armour meats.

There were 850 original applicants for the Greater Boston title. Elizabeth's final tests included one for talent, in which she danced and sang, one for poise and self-expression, and an interview with the contest judges, Arthur Fiedler, Tony Conigliaro of the Red Sox, and Frederick C. Ferry Jr., president of Pine Manor Junior College.

Miss Teenage Boston has her sights set on a career in foreign service, and someday may represent the United States abroad. Last summer she studied at the Swiss University in Lausanne, which she attended under a scholarship from the United States National Student Association.

Nothing if not versatile, at Newton High she serves on the yearbook advertising staff, as a homeroom manager and as a class representative. She designs and makes her own clothes, and is at home on water skis and on the tennis court.

VITAL EQUIPMENT EXPLAINED—Dr. Edgar M. Holmes explains delicate ear surgery, equipment to aid such surgery to be bought by Party Day proceeds, to Mrs. Winslow H. Adams, left of Auburndale, vice president, and Mrs. Edward P. Garland, Wellesley, president of Aid Association.

\$6,000 Goal Of Party Day For Hospital Aid

Party Day plans of the Newton - Wellesley Hospital Aid Association are at a fever pitch.

Next Wednesday afternoon, October 28, the 1,800-member Aid Association will strive to raise \$6,000 through a series of dessert-bridge parties held in the homes of members. A successful day of fun for a worthy purpose will finance an operating microscope and delicate instruments, to be used during ear surgery at the 260-bed community hospital.

The equipment can help restore hearing to persons suffering certain kinds of deafness.

More than 60 women in the western suburbs have offered to open their homes in behalf of the important project. The hostesses include:

Auburndale: Mrs. S. Page Cotton, chairman; Mrs. Winslow W. Adams, Mrs. Chester Borden, Mrs. Robert C. Casselman, and Mrs. Walter B. Littlefield.

Newton: Mrs. George L. White, chairman; Miss Margaret S. Ball, Mrs. Joe W. Gerrity, Mrs. Fred A. Hawkins, and Mrs. Henry C. Jones, Jr.

Alderman Mann Cites Program In House Bid

Alderman Theodore D. Mann, candidate for Representative from Newton, today announced a five point legislative program he will introduce if elected to the State Legislature.

Emphasis of the Mann proposals focussed on mental health, adult education, underprivileged youth and metropolitan planning.

"These are basic needs," stated Mann, "which must be recognized by our state government and implemented by programs which serve the economy, health and welfare of our citizens."

"Of primary concern," Mann stressed, "is a modern community-oriented program of mental health centers for adults. We are all aware of the overcrowded state of our present mental hospitals and we are all too familiar with the difficulty of securing competent personnel, who will care for the mentally ill on a twenty-four hour a day basis."

"The answer," says Mann, "both from humanitarian and economic concern, is the establishment of adult treatment centers, located close to where adults live and work, so that they may receive help on an out-patient basis."

"Urban treatment centers are the alternative to building more expensive institutions. These community clinics will enable us to offer psychiatric care much earlier in the treatment of mental disorders and the mental stresses which are the outgrowth of the tension of modern life," he declared.

Sacred Heart Novel Series

Mother Catherine Maguire, R.S.C.J., professor of English at Newton College of the Sacred Heart, will conduct an informal discussion of R. K. Narayan's "The Financial Expert" on Wednesday, Oct. 28, at 7:45 p.m. in the Stuart House Alumnae Lounge.

The discussion—one in a series on the modern novel—is offered as a service to the alumnae and is open to the interested public.

The novel—a comedy of manners set in modern India—was described in the New Statesman and Nation as having a "flavor of Gogol. There is the same exuberance of incident, the same appetite for national humors, the same flair for pinning down a whole society in two pages of dialogue."

"The Financial Expert," with an introduction by Graham Greene, is available in paperback.

City Hospital Party

Mrs. Stanley Gaffin of 114 Garland road, Newton Centre, is a chairman of the Halloween party for children at Boston City Hospital, sponsored by Mayflower Chapter, B'nai B'rith, Sunday, Oct. 25, from 2 to 4 p.m.

Poll

(Continued from Page 1)
for Governor and Attorney General, and whether they voted for the late John F. Kennedy or Richard M. Nixon for President in 1960.

The poll returns are reported simply for the interest of Graphic readers and are not intended to influence anyone's political thinking. Here are the tabulations of the straw vote:

For President: Johnson 113, Goldwater 19, undecided 20.

For Governor: Volpe 77, Bellotti 54, undecided 21.

For Attorney General: Brooke 120, Hennigan 20, undecided 12.

Vote for Governor in 1962: Peabody 66, Volpe 65, didn't vote 21.

Vote for Attorney General: in 1962: Brooke 113, Kelly 16, didn't vote 23.

Vote for President in 1960: Kennedy 103, Nixon 32, didn't vote 17.

Volpe's vote rose from 65 in 1962 to 77 this year. Bellotti polled 12 fewer votes than did Peabody in 1962.

Brooke topped Hennigan on the poll by about the same margin that he bested Francis X. Kelly two years ago.

One of the surprises produced by the survey was that President Johnson received 10 more votes than the late President Kennedy, while Goldwater drew 13 fewer votes than Nixon received from the same people in 1960.

The poll was made before Tuesday night's debate between Volpe and Bellotti and does not reflect any impact the debate made upon voting sentiment in Newton.

Suburbanite?
Is it you?

Always on-the-go . . . but not a hair's out of place. She's up on the new fashions . . . but demands a special individual charm with that newness. And she's ultra-particular about her maternity fashions. This is the suburbanite we have in mind. The new Italian knits are tailor-made to her way of life. Suddenly the jumper is high-fashion . . . she'll enjoy the deft way it goes from P.T.A. to in-town matinee. We suspect she'll fall in love with our new late-day and at-home fashions. Vote

(Continued from Page 1)

that in the interest of getting the incinerator built he would use the more expensive machinery.

The Aldermen at their session Monday night decided to adopt the Mayor's original proposal.

The equipment controversy had been the subject of exhaustive debate at the Board's two previous meetings and during a prolonged fact-finding session on the night of Oct. 1, when the Board met as a committee of the whole to listen to several experts in the fields of dust and ash control, and air pollution.

But at Monday night's meeting, debate was at a minimum.

Reported out was a recommendation of the finance committee, whose members had voted 5 to 2 in favor of equipping the incinerator with the baffle type of ash control at a cost of \$779,500.

The committee's recommendation was accepted by a vote of 15 to 6 with 3 members absent. A motion to reconsider the vote was then defeated 6 to 13 with 3 members absent.

Prior to accepting and confirming the committee report, the Board defeated Alderman Jackson's proposal that the report be amended changing the amount of the appropriation from \$779,500 to \$969,500. That vote was 9 to 12, with 3 absent.

Debate leading to the voting was opened by Alderman John P. Nixon, chairman of the finance committee, who compared the costs of the three types that had been suggested for consideration.

Melvin J. Dangel, chairman of the committee on public buildings, declared that the majority of the finance committee felt the nearly \$200,000 extra the cyclone type would cost was unjustified. Dr. Moore, the Metcalf and Eddy consulting engineer, had advised, Dangel said, that the hourly emission of fly ash by the baffle type would be 38 pounds, by the cyclone type 70 pounds, and by the electrostatic type 50 pounds.

In Dr. Moore's opinion, Dangel said, the difference in fly ash emission was inconsequential. He added that Dr. Moore had said the air pollution would not be a problem, as Newton does not have the conditions that exist in Los Angeles and New York City. Dangel further stated that should the electrostatic precipitator type ever be found fit for adoption, the baffle type equipment could serve as its basis at no extra cost. Alderman Jackson read a minority report. He and Alderman Andrew J. Magni were the two dissenters in the 52 committee report. "The majority report," he declared "recommends a poor third choice. Third choices are not good enough."

Harry H. Ham Jr., made a brief plea for the appropriation of \$969,500, the cost of equipment of the cyclone type.

Those aldermen voting in favor of accepting the recommendation for installation of the baffle type equipment were: Winslow C. Auryansen, Adelaide B. Ball, William L. Bruce, William Carmen, Melvin J. Dangel, Ernest F. Dietz, Franklin N. Flaschner, William M. Glovsky, William E. Hopkins, Theodore D. Mann, John P. McCarthy, John P. Nixon, Jack M. Roberts, Warren A. Sutherland and Edward Uehlein.

Voting against were Aldermen Paul J. Burke, Harry H. Ham Jr., John F. Holden, David W. Jackson, Andrew J. Magni and Wendell R. Bauckman. The absentees were George L. Hicks, Charles F. Hovey and Harry L. Walen.

Voting for reconsideration were Paul J. Burke, William Carmen, Harry H. Ham Jr., John F. Holden, David W. Jackson and Andrew J. Magni. Against reconsideration were Aldermen Auryansen, Ball, Bruce, Dangel, Dietz, Flaschner, Glovsky, Hopkins, Mann, Nixon, Sutherland and Uehlein. Absent: Hicks, Hovey and Walen.

The vote on the Jackson amendment to increase the appropriation that would permit installation of cyclone type equipment was as follows: Yes—Burke, Carmen, Ham, Holden, Jackson, Magni, McCarthy, Roberts and Bauckman. No—Auryansen, Ball, Bruce, Dangel, Dietz, Flaschner, Glovsky, Hopkins, Mann, Nixon, Sutherland and Uehlein. Absent: Hicks, Hovey and Walen.

Hawaiian Fair At St. Paul's Long Planned

Members of the Parish of St. Paul were busy throughout the summer collecting and preparing items to be offered for sale at their "Hawaiian Holiday Fair."

Articles to be offered for sale will include jewelry, books, white elephant items and a special collection of gifts from the Hawaiian Islands.

There will be a trading post to interest the Christmas shopper and a large booth stocked with home-cooked food. In addition to tea and coffee, there will be tropical punch available.

Hawaiian leis, flown in from the Islands especially for the occasion, will be presented to all women who attend. In the evening, there will be an Hawaiian dinner.

Other features include a movie travelogue of the Islands, an authentic hay-

ride for children and special gifts and grabs to delight the small fry. Mrs. Dino DiCarlo is chairman and Lewis Lucy and Edgar Swail are co-chairmen for the event, with the Rev. John M. Balcom, rector, an active committee member.

Thursday, Oct. 22, 1964, The Newton Graphic Page 11

The several months of planning should insure success for the affair, which will be held in St. Paul's Church, 1135 Walnut St., Newton Highlands for one day only, Saturday, Nov. 21, beginning at 10:30 a. m.

Chinese Auction To Be Held At Temple Sunday

Mrs. Gerald Kraft, of Newton, president of Hancock Chapter, Eastern Mass. Region Women's American ORT, this week announces a "Chinese Auction" on Sunday, October 25 at 8 p.m., at Temple Beth Avodah, Puddingstone lane, Oak Hill, Newton.

Mrs. Harvey Flashman, Newton, and Mrs. Arthur Goldberg, also of Newton, chairmen of the program committee of Hancock Chapter, invite guests to attend.

ORT is the Organization for Rehabilitation through Training. It is the largest single non-governmental volunteer training agency in the world.

Kritzman Outlines His Platform In Campaign For State Senate

Morris Kritzman of Newton, Democratic nominee for the State Senate who has been making a strong campaign for a seat in the upper legislative chamber, outlined his platform this week before several hundred persons who attended a reception in his honor at the home of Mr. and Mrs. Alvin S. Hochberg, 51 Prospect ave., Newtonville.

Regarding his stand on the war against poverty, Mr. Kritzman stated, "Twenty million Americans are living without the barest of essentials, another 26 million are borderline poverty cases, this is shameful in the richest nation in the world. Our best brains in our business community, organized labor, education and government, must join hands to open a Massachusetts front in a war against poverty and ignorance."

"Automation and technology must create new jobs, not more jobless! We can only create new jobs through planning — coordinated research and planning to stimulate new enterprise and investment. Well paid workers are good customers," continued Mr. Kritzman, "a society that has poorly paid workers is heading for trouble. I believe in a decent working wage."

"A four year term for our major state officials is essential. We should adopt legislation to provide for continuity in government. We must also help our senior citizens meet the problem of paying increased health costs in old age by strengthening the social security system under which people pay during their working years towards the benefits they will receive when they retire."

"We can assure the dignity and privacy of the individual by eliminating the extensive investigation of one's personal affairs which accompanies our public welfare programs, and help our aged to enjoy their years in dignity and security," Kritzman asserted.

"This is no time for politics as usual . . . our communities benefit and the democratic process is strengthened from a steady flow of vigorous new leaders who are more 'in step' with the times in which we live. My opponent has been in the legislature for 25 years. I respectfully suggest that it is time for a change," he concluded.

Mr. Kritzman, a former member of the State House of Representatives, was the first Democrat in 25 years to receive more votes in the primary election than his opponent. He has been endorsed by the State AFL-CIO and a host of leading Democrats including Secretary of State Kevin H. White.

D.A.R. Rummage Sale

A fall rummage sale has been planned by Lucy Jackson Chapter, D.A.R., to be held Friday, Oct. 30, from 9:30 a. m. to 2 p. m. in the Chapter House, 2349 Washington street, Newton Lower Falls, corner of Concord street.

MORRIS KRITZMAN

Paul Malloy Makes Strong House Drive

Attorney Paul F. Malloy, who topped his field in last month's Democratic primary, is making an all-out drive for election to the House of Representatives from the 4th Middlesex district.

The district in which he is running includes Wards 1, 2 and 3 of Newton and Ward 6 of Waltham.

The Democratic primary fight in this legislative district resulted in an upset win for Attorney Malloy who received 3367 votes, topping his nearest opponent by 620 votes. This was the largest vote ever polled by a candidate in a Democratic primary in that district.

Unusual interest has been shown in the campaign by a large group of dedicated young voters who have been carrying on an intensive personal contact drive in Malloy's behalf.

Malloy has advocated a united effort by the community to obtain a substantial part of the N.A.S.A. Research Center with its satellite electronics business to the Newton-Waltham area.

He stressed that new business and job opportunities of this type are necessary in order to maintain real estate values in his district and pointed out that the Newton-Waltham area is the home of the electronics industry. Malloy predicts that the days remaining before election will see the most intensive and interesting campaign ever witnessed in Wards 1, 2 and 3.

with Acrilan® acrylic fibre.

Acrilan® is a boy's best friend. It's to play on . . . to sail the seven seas on . . . to run a Christmas train on. Acrilan® is to round up the posse on . . . to capture the culprit on . . . to have cookies and milk on whenever his favorite Western's on. And if he knocks over that glass of milk that jumped up and hit his knee — Acrilan® is even more of a pal because Acrilan® won't tell. It stops most spills at the surface, where Mom can get at them with no strain. Even after rambunctious moments, Acrilan® bounces back for more! MORNING by MASLAND can take almost anything — especially little boys. How's that, Mother!

Living with Your Heart

"Living With Your Heart" is a public service of the Massachusetts Heart Association's Greater Boston Chapter). If still another argument against cigarette smoking is needed to convince the people of Massachusetts of its dangers to health, consider this: Statistical studies show significantly higher death rates from emphysema among smokers than among non-smokers.

Emphysema is a mysterious, but very common, lung ailment, and it has become a major American health hazard. About one-fourth of all men over 45 have it in some degree.

It ranks second only to heart disease as a condition qualifying individuals to receive disability allowances under Social Security.

Over the last decade the emphysema death rate in white males — who, incidentally, are eight times more susceptible than women — has increased greatly. An estimated 10 deaths per 100,000 are ascribed to the disease.

Although a direct causal relationship between cigarette smoking and emphysema has not been established, one study listed emphysema as a cause of death 13 times more frequently among smokers; another put the rate at 7½ times. Either figure is disquieting.

Pulmonary emphysema occurs when the walls of the lungs' tiny air sacs break down. The lungs then lose some of their ability to oxygenate the blood passing through the capillaries, tiny vessels situated within the air sac walls. There are about 300 million such air sacs in an adult's lungs, and symptoms of emphysema such as shortness of breath, are believed to appear when 20 per cent of these sacs are lost.

Human Error Main Cause of Auto Deaths

More than eight out of every ten casualties on the nation's highways in 1963 were caused by human error and lack of judgment. And the speedster still ranks as the number-one killer on the road.

These and other grim reminders were disclosed in a report issued by The Travelers Insurance Companies. The report is compiled annually from information provided by state motor vehicle departments.

Of the 42,700 persons who lost their lives in traffic accidents last year, 34,700 died in accidents caused by driver error and traffic law violations. Moreover, according to the report, nearly 3,000,000 persons were injured in auto mishaps caused by driver error.

The fast driver continued to be the greatest menace on the highways. More than 14,000 deaths and 1,223,000 injuries were directly attributable to excessive speeding.

A Travelers spokesman pointed out that — like the majority of accidents in other categories — most highway casualties could have been avoided. They were caused by human rather than mechanical failure, he said, and stressed the importance of getting this message across to the American public.

"If we can do this effectively," he added, "we have an opportunity to make dramatic improvements in the field of traffic safety."

John F. Mungovan, director of the Massachusetts Division of the Blind, in a statement this week, informs the blind voters of the Commonwealth that their privilege of having assistance in voting is provided in Chapter 54, Section 79 of the Massachusetts General Laws.

"In this year of important elections, with the attendant interest and excitement, I think it appropriate to remind the blind voters of Massachusetts of their right to assistance in voting," Mungovan declared.

Trees Need Heavy Rain to Offset Drought

Now that fall has arrived, the time is here to repair damage to trees caused by the drought which plagued New England this summer.

New England Nurserymen's Association officials, non-profit organization of nursery experts, warn that trees need heavy soakings now to prepare them to withstand the winter.

The drought which caused parts of New England to be declared drought disaster areas and eligible for federal aid, may have caused damage that will not show up until next spring.

Probably the first incendiary weapon was invented by ancient Romans who mixed brimstone with tar, rosin, bitumen, or similar combustible materials.

An early tourist guide to Greece was written in the second century by Pausanias and is the source of much information about Greek industries.

Highway accidents in the U.S. took a record number of lives in 1963. Some 42,700 persons died on the nation's highways last year, and more than 3,460,000 were injured.

Over 65? Need Medical Care? Can't Afford It?

If you are over 65, need medical care and can't afford to pay for it . . . the program of Medical Assistance for the Aged (M.A.A.) will provide you with help needed. In Massachusetts this program known as the Kerr-Mills Law offers a health program for the elderly, with both the federal and state governments sharing the cost.

M.A.A. provides medical care for persons over 65 with health expenses beyond their ability to pay.

More than 22,000 Massachusetts residents over 65 are being helped through M.A.A.

You may qualify even though you have limited income and assets, as well as a home which you may own free of any lien.

The "Medicare" Tax plan would force every wage earner to pay higher taxes to the government. Your M.A.A. is a much fairer program. The cost comes out of taxes already being paid. And it provides help to those who need help.

Teen Talent Show At South High School

Overwhelming response has been noted for the Teen Talent Show to be presented at Newton South High School tomorrow (Friday) evening at 8 o'clock under sponsorship of Boston Spirit Chapter B'nai B'rith.

Mrs. Elliot Segal, 8 Willow St., Newton Centre, chapter president, who attended all the show's auditions, expressed amazement at the great number of talented youngsters who displayed their abilities.

"They were all good, and not only musically," Mrs. Segal said, adding that most of them were from Newton, and "it was most rewarding to be associated with a group of normal kids who were polite and enthusiastic about the opportunity to perform."

The chapter's aim in conducting the affair is to raise funds for B'nai B'rith.

Hills and Falls Nursery School Opens For Year

Hills and Falls Community Nursery School, a nonsectarian cooperative school for three and four-year old children, officially started its 23rd year on September 21. Classes are held Monday through Friday from 9 to 11:45 a.m. at St. Mary's Church, Newton Lower Falls.

The new director of Hills and Falls is Mrs. John Morganthau, who will also teach the older children. Mrs. Morganthau, who resides in Newtonville with her husband and four children, received her B.A. in Education from Duke University and has taught at the Carr School Nursery in Newtonville.

Teaching the younger group this year will be Mrs. Leon Blum, who received her B.A. from Smith College and her M.A. in Teaching from Radcliffe College. Mrs. Blum resides in Waban with her husband and two children.

Assisting Mrs. Morganthau and Mrs. Blum will be student teachers from Wheelock College and the Elliot-Pearson School at Tufts University, and alternating "mother-helpers." With two excellent teachers, mother-help, and student teachers — a ratio of one adult to five or six children — Hills and Falls offers stimulating creative activities under well qualified leadership.

Inasmuch as the success of a cooperative nursery such as Hills and Falls depends greatly upon the willingness of every parent to participate, there was a Parent Fix-it Night on September 15 at the school, at which time mothers and dads, equipped with paint brushes, hammers, etc., enthusiastically put all the equipment into good condition for the children.

On September 23, there was a Mothers' meeting, at which time Mrs. Morganthau discussed school routine and the mothers' help schedule was distributed. It is during her periods of assistance at school about once a month that a mother can enjoy the opportunity of observing her

Barn Owner Says Neighbors' Kids Broke Windows

William A. Katsenes of 174 Newtonville avenue, Newton, told the Board of Aldermen Monday night that the present condition of his 80-year-old barn was due to the mischievous children of his neighborhood, five of whom had come to City Hall to object to the continued presence of the structure in their neighborhood.

They, and perhaps even his own youngsters, he said, were the prime movers in the widespread barn window breaking that had left piles of shattered glass on the surrounding ground.

Katsenes went on to insist that Paul Foley, a building inspector, was inaccurate in his statement that the barn's owner had ignored written notices that the barn had been found a nuisance and a danger to the community, and that the question of its removal was to be put to the Aldermen at a public hearing.

He said he had visited City Hall to explain his intentions relative to the barn, but that perhaps he had made them known to the wrong persons. As a matter of fact, he said, he had engaged a contractor to clean up the broken glass and to replace the windows with plywood instead of glass panes. He read a letter from the contractor, who advised him that the barn was structurally sound.

"There aren't too many structures of this kind left here or anywhere else," he declared.

The matter was taken under advisement.

Aldermen May Meet Briefly

The next regular meeting of the Board of Aldermen will be brief in duration provided the members accept the recommendation of their president, Wendell R. Bauckman. It is scheduled for Monday, Nov. 2, the night before election.

Last Monday night it was suggested from the floor of the chamber that the Board meet instead on Thursday night, Nov. 5, out of deference to those members who would prefer to attend to campaign matters on the night of Nov. 2, particularly Alderman Theodore D. Mann, who is a candidate for a seat in the House of Representatives.

Bauckman suggested that in event the body voted to meet as usual on election eve, they strive for brevity, and then put the matter to a vote.

When Mann's name was called, his first vote was "I don't care," but when the laughter subsided he changed it to a vote in favor of the original date, which was approved by the majority.

Wilfand, Mrs. Herbert Leyton is coordinator.

Mrs. Murray Bernstein, vice president of Programming was in charge of arrangements. Mrs. Martin Alpert presided.

Tennant Campaigns For House On "Bread and Butter" Issues

Former Alderman Robert Tennant, Republican candidate for the House of Representatives in the 4th Middlesex legislative district, announced this week that he is campaigning on "bread and butter issues."

Tennant is seeking election to the House in the district which includes Wards 1, 2 and 3 of Newton and Ward 6 of Waltham.

"I will campaign on the bread and butter issues . . . the real issues . . . of this campaign. The housewife cannot keep up the spending race. Her husband brings home a paycheck on Friday, and it's gone on Monday," Tennant declared.

"Yet, the State Government can vote the highest budget in history . . . the first billion-dollar budget . . . and the people paying the taxes are not getting the biggest pay in history. The reason is simple. Massachusetts wages are not keeping up with pay raises throughout the country. The State Department of Labor and Industries admits the national weekly wage is \$103. In our state, the average is \$94.16. Our pay checks are smaller, but our living costs are higher. We have the nation's highest real estate taxes which result in high mortgage and rent payments," he continued.

"This state lost 50,000 industrial jobs during the past 20 months Democratic administration at the State House and White House. We are losing the Watertown Arsenal and the Charlestown Navy Yard. Springfield Armory cutbacks and a loss of small arms contracts in Worcester have hurt the state's economy. There has been a 20% loss in the Route 128 electronics business," Tennant asserted.

"Massachusetts is in fifth place in the nation for workers receiving Unemployment Checks. There are 120,000 unemployed persons in Massachusetts. More than 2,000,000 people in our state fail to meet middle class standards. More than 1,000,000 people in our state fall below wage standards necessary to support proper health. Unemployment increases in our state at the rate of 5 per cent a year."

"When elected, I will concentrate my efforts on the Department of Commerce as one means of boosting jobs and pay. My primary effort will be to secure new jobs and more pay . . . this is what Massachusetts needs . . . it certainly does not need any more tax burdens on its people," said Tennant.

Construction Nearly Doubles

A report by Vincent D. Burns, buildings commissioner, reveals that in the first nine months of this year the value of new construction for which permits were issued was nearly double the figure for the corresponding months of last year.

Permits to build issued through Sept. 30 totaled 448, and \$9,453,078 worth of new construction was involved. In 1963 there were 449 permits during that period, but their value was only \$5,948,618.

22'000 Kiddies Set For Gala Newton Hallowe'en

The largest single city-wide effort, the annual Halloween celebration, is well underway as hundreds of committee members meet throughout the Garden City to work out detailed plans for the more than 400 individual parties scheduled for 22,000 children for Halloween.

Typical of the many reports being received daily by the general program chairman, Mrs. Dorothy H. Garon, is this from Mrs. Marshall Smith and Mrs. Arthur Murphy, the building chairmen for the Bowen School.

The chairman report that there will be two parties held for Bowen's 401 youngsters. In the afternoon from 2 to 3:30 there will be classroom games, a movie in the auditorium and refreshments. Attending these festivities will be children in Kindergarten through the Third Grade.

The older children, the Fourth through Sixth Graders, will attend the evening party from 6:45 to 8:45. Entertainment for this evening party will include a Carnival in the gym, a House of Fun and the ever popular refreshments.

A good example of the enthusiasm generated by this program is the size of the committees made up of mothers and dads working with school personnel. The Bowen School Halloween Committee is a case in point.

The committee working with Mrs. Murphy and Mrs. Smith includes the following: Refreshments, Mrs. Daniel Gordon; House of Fun, Mr. Ira Blustein; publicity, Mrs. Paul Savin and First Aid, Mrs. Nancy Wallace.

Working committee members are Mrs. Philip Tresca, Mrs. Dominic Taglienti, David Leventhal, Bernard Goldberg, Frank Chambers, Burt Sacks, Lawrence Malchman, Morris Budd, Theodore Green, Max Wexler, Mrs. Wallace, Mrs. Milton Levy, Mrs. Gross, Albert Vespa and Sidney Beldin.

Also George McKinney, Mrs. Frederick Green, Sidney Small, Mr. and Mrs. Louis Medoff, Mr. and Mrs. Harold Goorvich, Mr. and Mrs. Arthur Framson, Mrs. John Morrison, Mrs. William O'Hearn, Mrs. Max Wexler, Mrs. B. Gehr, Mrs. Melvin Cohen, Mrs. Charles Lundquist, Mrs. John Miller, Mrs. Edward Schwarz, Mrs. Victor Taglienti, Dr. and Mrs. Gilson, Richard Gladston and Mr. and Mrs. Freedman.

And Mrs. Russell Keith, Mrs. Nella ManFried, Mrs. Peter Moorehouse, Mrs. Paul Barrett, Mrs. Charles Beecher, Mrs. Lowell Hammett, Mrs. Malcolm Wilson, Mrs. Leon Marino, Mrs. Bernard Goldberg, Mrs. Arnold Meltzer, Mrs. Mendel Sacks, Mrs. Alfred Pill, Mrs. Theodore Raphael, Mrs. Frederick Ehrlick, Mrs. Steven Sussman, Mrs. B. David Stoller, Mrs. Sherman Katz and Mrs. James Robbins.

And Mrs. Sydney Fruman, Mrs. Edwin Cohen, Mrs. Abraham Koppelman, Mrs. Milton Cohen, Mrs. Sumner Riceman, Mrs. Samuel Palisky, Mrs. Paul Barrett, Mrs. Livie D'Innocenzo, Mrs. Irvin Parness, Mrs. Rubin Valor, Mrs. Boudrot, Mrs. Howard Murphy, Mrs. Leon Singer, Mrs. Werner Fleig and Mrs. John Connors.

It has been announced by Recreation Commissioner John B. Penney that there

will be no high school dance on Halloween this year.

In his announcement, Mr. Penney said that the loss of the Totem Pole ballroom and the lack of another suitable location made it inadvisable to plan such a program.

The decision was made after members of the faculty and students government at both Newton North and Newton South High Schools had been consulted by the Halloween Committee, both last Spring and again this Fall.

The inability of the schools to agree on a common place for the dance made it necessary for the committee to cancel further planning.

Mr. Penney said that any such effort at the high school level should include students in the planning. Consequently, while no dance will be held this year, the idea will not be abandoned, but considered for study for future years.

Mrs. Nancy Jacobs and Mrs. Audrey Gartner expect that 500 children will attend the two parties planned for the Cabot School. They are co-chairmen for the celebration.

In the afternoon from 5:30 to 7 there will be a party for children in Grades 1 through 3 and in the evening from 7:30 to 9 o'clock for the Fourth through Sixth Graders. The Kindergarten will have their party in class on Friday.

The First and Second Grades will alternate their time between a movie, games and refreshments, and a costume judging contest with suitable awards.

The Third Graders will also follow this schedule but in addition will go to the gym for relays, races and games on a more competitive level.

At the later party for the Fourth, Fifth and Sixth Grades there will be refreshments, a movie, costume judging and a Fun House.

Mrs. Austen Madeson and Mrs. Reginald Benn are in charge of refreshments. The Third Grade games chairman is Mrs. Thomas Morris, decorations are in charge of Mrs. Dean Lair and the Fun House chairman is Mr. Henry Weiss.

Mr. and Mrs. Joseph A. Lewandowski, building chairmen for the Lincoln-Eliot School, met recently with committee members to plan parties for 153 children. Attending were Mrs. Edward Jackson, Mrs. Edward Lee, Mrs. Angelo Paradiso, Mrs. Joseph Longmore, Mrs. Joseph DeLoffi, Mrs. Arthur Jodrey and Mrs. William Ferguson.

The Lincoln-Eliot Kindergarten parties will be held from 10:30 to 11:30 Friday morning, October 30, and that

Volpe and Bellotti Locked In Tight Race For Governor

The big battle for the Governorship between John A. Volpe and Francis X. Bellotti is as puzzling today as it was a week and a month ago.

It is the only major election contest in Massachusetts which it is impossible to forecast with any degree of assurance and confidence.

Surveys indicate that President Johnson will crush Senator Barry Goldwater in this State next Tuesday and that Senator Edward M. Kennedy will defeat former Newton Mayor Howard Whitmore, Jr., by a wide margin.

The same polls show Attorney General Edward W. Brooke winning reelection to a second term in decisive fashion over State Senator James W. Hennigan, Jr., of Jamaica Plain.

Former Governor Foster Furcolo, who has been fighting like a wounded tiger since he was indicted, has cost Brooke some support among voters of Italian extraction. But Brooke is still running ahead of Hennigan on up-to-the-moment tests of public sentiment.

The surveys, however, provide no clearcut indication of who will win the gubernatorial race.

The poll returns still form a crazy-quilt pattern, with Volpe strong enough in some sections so that he looks like a winner but with Bellotti surging ahead in other areas.

STATE REPRESENTATIVE

A tremendous outpouring of Newton voters is predicted for next Tuesday's history-making election.

Political experts expect that more than 90 per cent of the city's 50,205 eligible voters will go to the polls to cast ballots.

Polling places will be open from 7 a.m. until 8 p.m. Heaviest voting will occur between 5 and 8 p.m. All women who can vote during the daytime hours are urged by city election officials to do so.

Intense interest has been aroused in Newton by the election battles ranging all the way from the contests for State Representatives to the gift for the Presidency.

Two Newton residents, former Mayor Howard W. Whitmore, Jr., and Attorney General Edward W. Brooke are on the Republican State ticket.

Whitmore is challenging hospitalized U. S. Senator Edward M. Kennedy and is making a fight most political experts consider is hopeless. However, Whitmore is striving to make a good showing in his home city.

Brooke is favored to win reelection over his Democratic opponent, State Senator James W. Hennigan Jr., of Jamaica Plain.

90 Percent Of Voters Will Cast Ballots Here Tuesday

Bitter feeling engendered by the fierce primary struggle between Governor Endicott Peabody and Lieutenant Governor Francis X. Bellotti may be reflected in the gubernatorial election returns next Tuesday night.

Indications are that ex-Governor John A. Volpe, attempting a political comeback, will make a stronger showing in Newton than he did two years ago in his losing fight with Endicott Peabody.

Polls conducted by The

Graphic also indicate that President Johnson will carry usually Republican Newton over Senator Barry Goldwater.

Former U. S. Attorney Elliot L. Richardson, who has waged an exceptionally strong campaign, is expected to roll up a big plurality in Newton in his bid for the Lieutenant Governorship.

Brooke, Volpe and Richardson are considered to be the only members of the GOP State ticket who have a real chance of winning election next Tuesday.

Hard battles have been waged for seats in the Massachusetts House of Representatives, with some legislators fighting for their political lives.

Free-for-all scrambles are being waged in both the 4th and 5th Middlesex districts.

In the 4th Middlesex district, which takes in Wards 1, 2 and 3 of Newton as well as Ward 6 in Waltham, the candidates are Representative Joseph G. Bradley, Representative John W. Whittemore, Attorney Paul F. Malloy and former Alderman Robert Tennant.

Mr. Carmen will serve with Mrs. Irene K. Thresher, vice chairman, John E. Bottomly, treasurer, and Joseph Snider, assistant treasurer, who were also reelected. The fifth member, without office, is Richard Lovell.

The Authority was organized in 1959. Newton's Mayor appoints four members, and the Governor, on the recommendation of the State Housing Board, appoints the fifth, who was Mr. Lovell.

24th Annual Halloween Here Seen Huge Success

Halloween programing has been completed at six of the city's seven junior high schools, public and parochial.

Although lack of interest on the part of parents of pupils in Warren Junior High and in the Clafin School has resulted in decisions to drop plans for an observance, no lessening of enthusiasm has been noted elsewhere in the city.

However, the Halloween dance for high school students this year has been cancelled, it is reported by Recreation Commissioner John C. Penney. The reason given: Faculty and students at both Newton and Newton South failed to agree on an alternate location to the Totem Pole Ballroom, which is no longer available.

Meantime, gala celebrations are expected at all other schools.

Halloween at the Frank A. Day Junior High School will be highlighted by a five-piece group, "The Echoes." This combo features Tommy An-

tonellis, Tony Caruso, Jeff Biondo, George Vallee and Kevin McNamara.

Mrs. Edward Swanson, chairman, reports that in addition to the musical group there will be a game room.

The event marked the 15th Annual Committee-

men's Dinner of the "Y". The audience comprised directors, trustees, committeemen and staff members of the Newton YMCA.

Also feted as special guests at the dinner were Mayor and

Sought was an increase of \$250 in the \$5000 now being paid a teacher without experience, but with a bachelor's degree, and increases all along the line that would cost the taxpayers \$327,120.

Said School Committeeman Francis P. Frazier of Ward 1: "This committee has to face the question of the city's ability to pay. We must ask ourselves if this is a realistic request. In my humble opinion, it is not. It is asking for entirely too much."

Frazier, a former school teacher, concluded by saying that "At this particular time it (the proposal) is just too much for the City of Newton," and he added: "The teachers of Newton are now being paid better than those anywhere in the state."

State ADA In Endorsements Of Candidates

With praise for the Johnson-Humphrey ticket, but cutting across party lines, the Massachusetts Chapter of Americans for Democratic Action has endorsed U. S. Senator Edward M. Kennedy, Attorney General Edward Brooke, and Secretary of State Kevin White for statewide office. It made no recommendation at the gubernatorial level.

The Commonwealth's Democratic Congressmen were commended for their good voting records, as were two Republican Congressmen, Silvio Conte and Bradford Morse, and Speaker John McCormack was singled out for special notice because of his effective role in the passage of important liberal legislation, including the Civil Rights Act.

The following candidates for the State Legislature from the Newton area were endorsed: for State Senator: Beryl W. Cohen, Democrat, Norfolk and Suffolk; Morris Kritzman, Democrat, Norfolk and Middlesex.

For State Representative: Joseph G. Bradley, Democrat, 4th Middlesex; Patricia Cole, Democrat, 17th Middlesex; Irving Fishman, Democrat, 5th Middlesex.

It is the common judgment of ADA that these candidates are pre-eminently qualified for the offices they seek, as evidenced by superior voting records, the unusually capable discharge of official

Richardson Makes Strong Drive For Lieutenant Governor Post

Former U. S. Attorney Elliot L. Richardson is making a strong drive for election as the next Lieutenant Governor.

Richardson not only has cited his own qualifications for the office but has vigorously supported adoption of the referendum to curb the powers of the Governor's Council.

His opponent is a member of the Executive Council, and Richardson charges that the Council "is running its own hand-picked candidate for Lieutenant Governor."

"My opponent has demonstrated beyond a question who is behind his campaign," Richardson declared.

Richardson challenged his opponent's position on ballot Question Five which would drastically reduce the powers of the Executive Council.

"The councilors and their cohorts picked one of their own to defend them against the rising tide of public indignation over wheeling and dealing and cronyism," Richardson said.

"In order to qualify for the support of his fellow councilors my opponent had to agree that he would turn against his own party platform and oppose a citizens' movement to reduce the Council's powers."

"He has committed himself so deeply that he now regards an attack on the Executive Council as a personal smear. Does he feel smeared by the 175,000 voters who put Question Five on the ballot?" he asked.

"Will he feel personally smeared when a majority of the voters say yes to Question Five and cut the Executive Council down to size?"

"John Volpe and I are asking for a yes vote because we believe that there are too many restraints on the Governor, too much horse-trading too much stalling and obstructionism for political gain."

"The legislators and other elected officials are well able to control a runaway Governor. The Council with its present powers can and often does hamstring a good Governor who is trying to do a job for the people," Richardson asserted.

Elliot Richardson is a graduate of Harvard College and the Harvard Law School who, in the intervals between periods of public service, has practiced law in Boston since 1949. A twice-wounded veteran of the D-Day landing in Normandy with the 4th Infantry Division, he was awarded the Bronze Star for heroic service and the European Theater Ribbon with five battle stars.

Upon graduation from Law School, where he served as President of the Harvard Law Review, he became law clerk to the late Judge Learned Hand and then to Justice Felix Frankfurter. In 1953 and 1954 he served as Assistant to Senator Leverett Saltonstall and in 1956 returned to Washington for another three years as President Eisenhower's Assistant Secretary and, for a time, Acting Secretary of Health, Education, and Welfare.

From September, 1959, to April, 1961, Richardson was United States Attorney for the District of Massachusetts and then, for two additional months, Special Assistant to the U. S. Attorney General to complete the Goldfine tax evasion case. As U. S. Attorney he also prosecuted the Thomas Worcester case, started a grand jury investigation of the highway landaking frauds, and launched a drive against organized crime. In 1962 he was a candidate for the Republican nomination for Attorney General of Massachusetts.

During his three years at the Department of Health, Education, and Welfare, Elliot Richardson was responsible for the development, drafting, and presentation to Congress of Administration programs in the fields of education, social security, public welfare, public health, medical research, food and drug administration, and vocational rehabilitation. The National Defense Education Act was the most important achievement of this period, which also included the adoption of new laws providing for the training of teachers of the mentally retarded, improving medical care for the elderly, and requiring stricter testing of chemicals added to food.

Among other civic activities, Elliot Richardson is a

Re-elect JOE MARTIN to Congress

Congressman Martin's experience and Seniority mean prestige and influence for Massachusetts in Washington

Just this year he waged a successful battle for the new \$60 million Electronics Research Center which will produce new industry and more jobs.

"Only Joe Martin could have done it," wrote Boston Globe Washington correspondent Wilfred C. Rodgers. "Democrats and Republicans alike will tell you all doubts about passage of a space lab disappeared Thursday when Joe Martin stepped away from the well of the House." (following his speech)

The Boston Herald said editorially: "Among the many causes for satisfaction in Massachusetts over the advance toward a space research center in Greater Boston, not the least was the part played by Joe Martin."

JOSEPH G. BRADLEY

Bradley Brings Broad View To Duty As Solon

Representative Joseph G. Bradley, of Newton, in a final statement to the voters of his legislative district, has stressed the necessity for having elected officials who are aware of the needs of the people.

These needs, Bradley pointed out in his campaign for re-election to the State Legislature, must be considered not only from the standpoint of the problems of a representative district but also, the broader issues facing the entire state.

"During the past two months, I have tried to campaign on what I feel are the pertinent issues of the campaign not only here in the city of Newton, but also the broader issues of state government. As a three term member of the Newton Board of Aldermen, I gained a deep and abiding interest in the problems of this city."

"My efforts to have the appropriations of money necessary to establish a mental health clinic were rewarded with the grant by the state of over \$50,000 in state funds to establish a mental health clinic, the first of its kind in the City of Newton. In 1964 I filed legislation to establish retarded children training centers in the Newton-Waltham area, and I am pleased to say that the first of these centers will be opening soon at the Walter Fernald School."

"The fiscal problems facing us are of great magnitude and of necessity must be faced shortly by the Mass. Legislature. I pledge that I will do all in my power to support intelligent tax revisions, in order to have the necessary state income to give aid to the cities and towns, increase our educational assistance programs, and broaden the economic base of the state and provide more job opportunities for our citizenry."

Play Your Part In History

This is the time to again remind our local eligible citizens of the importance of casting their ballot in next Tuesday's Presidential Election.

Vote the straight ticket or cross party lines as your judgement dictates but get that ballot into the box so that your choice may be counted.

The various candidates have placed their opinions and policies before the American people. A considerable amount of talk has been wafted on the nation's air. A long patient people listened and evaluated. On Tuesday they speak, silently but with a vital force.

Many, many Americans will heave huge sighs of relief when the campaign guns are muted. This has been a long, drawn-out political hassle, starting back last winter with the various primary campaigns, extending through the spring and summer and into the fall.

It will be pleasant when the shouting and the tumult dies. In the meantime, be certain that you play your important part in the history to be made next Tuesday.

Let Energy Be Unconfined

As Halloween approaches it might be well to survey some of the problems associated with the event in other communities.

One Bay State city police force this week managed to uncover plans for a king-sized teen-age "rumble" scheduled for Halloween. Hand-made circulars distributed throughout the city had the event associated in a commemorative way with the Hampton Beach riot of Labor Day. That's far-out commemoration to say the least.

Second thoughts on these so-called "rumbles" raises this point. Are we handling them correctly? Maybe we should give the pugnacious kids all the assistance possible. Why frustrate this young American spirit?

Could it be that the youngsters should be given access to a stadium, reserved strictly for combatants and be provided with all the required tools for mayhem, knives excepted. No kid should be unarmed. There should be a club for every head. However no audience should be allowed. Let the kids Donneybrook themselves until there isn't an unconked skul in the park.

Let this unbounded force be expended in a free-for-all, instead of on the highways behind the wheels of jalopies. In the old days, the same energy was used up by kids working at jobs after school. There wasn't much time or inclination for the extra curricular activities practiced by so many of today's youngsters.

Of course, the suggestion for supervised free-for-alls is strictly not in serious vein. But, isn't it a shame, all that energy wasted?

Political Highlights

(Continued from Page 1)

Bellotti has been made a slight favorite by the gambling gentry who, incidentally, are wrong as often as they're right.

Many political analysts, on the other hand, believe that Volpe bested Bellotti in their debate and that Volpe has been picking up support and gaining ground.

As this writer sees it, the struggle between Bellotti and Volpe is too close to be able to pick a probable winner.

The difference between them does not appear to be as large as the pollsters allow for a margin of error in making their surveys.

The outcome of the Volpe-Bellotti fight may hinge on the answers to two simple questions.

Did Volpe help or hurt himself by facing up to the State's financial problems and offering several possible alternatives, including a limited sales tax, for meeting them during his so-called debate with Bellotti?

Did Bellotti win or lose votes by playing politics and walking away from the same problems instead of meeting them head-on, as Volpe did?

Boston Mayor John B. Collins' disappointment with the stand of his fellow Democrat, Lieutenant Governor Bellotti, was certainly understandable.

Bellotti offered no program for helping the cities and towns with their burdensome real estate problems.

In fact, he didn't really tell where and how he's going to get the money needed to run the State government.

Bellotti did say that if he were forced to raise taxes in order to obtain added revenue he would do so by increasing the State income taxes.

Since their debate Bellotti has been attempting to make political capital of the fact that Volpe listed a limited sales tax as one of the three possible ways of getting the money needed to pay the State's bills and to aid the cities and towns.

Whether the sales tax question is the hot political issue Bellotti thinks it is, is a matter on which there is a sharp difference of opinion.

Mayor Collins favored a sales tax and former Senate President John E. Powers opposed it in their 1959 mayoralty battle. Collins won election in a spectacular upset. There was no evidence whatever that his espousal of a sales tax hurt him in any way.

Former Governor Furcolo made an all-out fight for a sales tax in 1957 and 1958 and then was overwhelmingly reelected in 1958.

Polls which have been made since the Volpe-Bellotti debate also indicate that Volpe has been gaining slightly.

Some shrewd and seasoned political observers believe that Volpe has inched his way up even with Bellotti and may even hold a wafer-thin lead at this point.

That presumably was the reason Johnson was importuned to make his flying visit to Boston.

Johnson didn't need to take the time to come here to assure that he would carry Massachusetts over Goldwater. This State has long been safely and securely in LBJ's column.

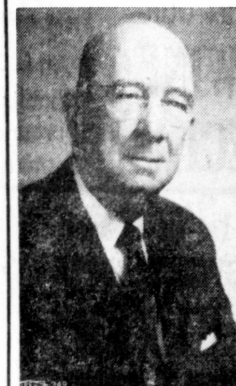

The one who did need a lift from Johnson's visit was Bellotti, and Johnson obviously was persuaded by Speaker John W. McCormack to try to help Bellotti.

How much of a boost Bellotti received from Johnson's visit one week before the election is a difficult question to answer.

On the other side of the political coin, Bellotti is being supported by many persons of Italian descent who two years ago voted for Volpe. He also is receiving the backing of those who are incensed by any suggestion that it may be necessary to adopt a sales tax.

Bellotti probably must roll up a plurality of about 100,000

votes in Boston in order to win the election.

Whether he can do that or not remains to be determined.

Peabody carried the Hub by approximately 60,000 votes two years ago and then nosed out Volpe in a hectic race. Bellotti, however, is not nearly as strong in the Republican towns as Peabody was in 1962.

The fight for the Governorship looms today as an even money bet and take your choice.

It seems so tight that its outcome could be affected by even slight shifts in public sentiment in the closing hours of the campaign.

If anyone has an edge, it may be Volpe who seemingly has been gaining momentum and strength during the final stages of his race.

On the basis of the campaigns they have made, former U. S. Attorney Elliot L. Richardson should defeat Governor's Councillor John W. Costello for the Lieutenant Governorship. Whether he will succeed in doing so is another matter.

Richardson has made a much more active fight than Costello.

He has an excellent background, having served as a U. S. Attorney, as Acting Secretary of Health, Education and Welfare in the Eisenhower Cabinet, as administrative assistant to Senator Leverett Saltonstall and as law clerk to both Judge Felix Frankfurter and the late Judge Justice Learned Hand.

Richardson has had to overcome two problems in his campaign. One is that he was not well known to the voters in many areas of the State. Another is that the Republicans usually have more difficulty winning the Lieutenant Gov-

Youngsters Will Again Take Part In "UNICEF" Day

Inspired, perhaps, by Mayor Donald L. Gibbs proclamation making Saturday, Oct. 31, UNICEF (United Nations Childrens Fund) Day, Newton's children will take part for the 10th year in the city-wide UN observance.

Their contributions of nickels and dimes and quarters will be added to those collected by the more than 3,000,000 young people participating in more than 12,000 communities in all 50 states.

Sponsored as in the past by the World Affairs Council of Newton, and with the endorsement of the mayor, the School Committee, the School and Recreation Departments, and the P.T.A. Council, the project has become double-fun of sharing Halloween "treats" with children everywhere.

Last year the young "spooks" all over the country who took part in a "UNICEF Halloween" collected or gave small coins which totaled over \$2,000,000. In Massachusetts, trick or treat contributions amounted to approximately \$76,000. And from Newton went a check for \$1763.24, which represented the voluntary aid sent from our children to the 750,000,000 — three out of four — children in the world who live in developing areas where help is needed.

REPRESENTATION...not REJECTION!

In 1962, the citizens of Newton voted 5 to 1 AGAINST the \$1,500 pay raise for state legislators.

Just five months after being elected, your present Democratic representative REJECTED you and your wishes, by voting in favor of a \$2,600 pay raise for state legislators, at a cost of over \$1,000,000 of your taxes.

When you elect a candidate to the state legislature, you have the right to expect that he will REPRESENT you by voting for the measures you favor and that he will vote AGAINST the bills to which you are opposed. This is the meaning of REPRESENTATION...and when your elected official votes against your wishes, it is a REJECTION of your precious mandate without your consent.

NOW IT IS YOUR TURN!

If you want REPRESENTATION of your interests, instead of REJECTION of your wishes, you will vote to send men to the State House who believe in RESPONSIVE and RESPONSIBLE government.

The team who will best serve YOUR interests and the interests of REPRESENTATIVE government is the team of LORENZ F. MUTHER and THEODORE D. MANN.

On November 3, vote YES for REPRESENTATION for Newton! Re-elect Representative LORRY MUTHER for a third term to the state legislature! Elect Alderman TED MANN as your representative to the state legislature!

Educational Clinic Is Dedicated Here

The new St. Joseph Educational Clinic located at 200 Jackson Road in Newton was dedicated last Saturday afternoon, Oct. 24.

Officiating at the ceremony was Most Reverend Eric F. MacKenzie, D.D., pastor of Sacred Heart Church in Newton.

Preceding the blessing of the building, Bishop MacKenzie addressed those in attendance regarding the work achieved by the Educational

Clinic during the time of its operation at St. Raphael's School in West Medford.

His Excellency drew the analogy between the singular coincidence that this dedication was taking place on the Feast of St. Raphael, patron of cures and that of the nature of the work accomplished at the Clinic which is high therapeutic as well as educational.

A tour of the new building followed the dedication ceremony.

Cong. Martin Was Key Figure In NASA Fight

Former Speaker Joe Martin, in recalling battles he has waged in his long career of public service, considers the successful fight he waged at the last session of Congress in conjunction with Speaker McCormack to locate the gigantic \$60 million Electronics Research Center in the Greater Boston area as one of the outstanding highlights of his achievements.

Other sections of the country, vying for this rich project, put up an intense battle to keep Massachusetts from obtaining it.

Some of the reporters who closely watched the contest credited Martin's speech in the House defending the Bay State site as the most influential factor in winning the laboratory for Massachusetts. "Only Joe Martin could have done it," wrote Boston Globe correspondent Wilfred C. Rodgers. "The Democrats and Republicans alike will tell you that all doubts about passage of an electronics space lab by the House disappeared Thursday when Joe Martin stepped away from the well of the House."

In reviewing the historic battle, Martin recalled that some members from other sections of the nation charged that the only reason Greater Boston was being considered as the site of the lab was because President Kennedy wanted to favor his younger brother, Ted, who had been elected to the Senate.

Martin said that as a Republican, he was morally obligated to squelch such reports. He branded the charge as a "red herring" to stampede the House into rejecting the measure. He defended President Kennedy for making the proposal, even though the President and he were on opposite sides of the political fence.

"No one questioned him," wrote the Globe reporter on Joe Martin's House speech. "There was nothing to question—only Joe Martin's word. And that has never been questioned by either Republicans or Democrats."

The 10th District Congressman, who twice served as Speaker of the House and for 20 years as Republican leader, believes the research center will give substantial employment and will be a boon to the economy of Massachusetts in the years ahead. Now ranking G.O.P. member of the House Committee on Science and Astronautics, which has jurisdiction over legislation in the space field, Martin

believes that future activities in space will have a terrific impact upon employment and prosperity in the coming years. It is bound, he said, to attract an influx of allied industries. It is his intention to insist that Massachusetts gets its fair share of the economic progress which space projects will stimulate.

Following the lab fight, Martin said he was gratified by an editorial in the Boston Herald which said:

"Among the many causes for satisfaction in Massachusetts over the twin advance by the U. S. Senate and House toward a Space Research Center in Greater Boston, not the least was the part played by Joe Martin."

"It was heartening to have a man so long and highly respected by the GOP leadership take the floor and give the lie to Republican charges that Kennedy family politics dictated the choice of Boston. * * * Joe Martin's speech was a factor in winning House approval of \$3.9 million in planning funds for the new NASA laboratory."

Volpe Says Opponent "Reckless" Explains Own Position On Taxes

Former Governor John A. Volpe today charged his opponent with "irresponsibility" and "recklessness" in pretending that the State is not facing a financial crisis.

Volpe accused Lieutenant Governor Francis X. Bellotti of refusing to face up to the problems confronting the Commonwealth.

He asserted that Bellotti has said he favors a graduated State income tax despite the fact that the people voted 5-1 against such a tax two years ago.

"My opponent recently described a sales tax as 'inevitable.' But now that election time has arrived he is attacking me for indicating that he is probably right," declared Volpe.

In a statement to the voters of this area, ex-Governor Volpe explained his own stand on taxes:

"I want to make my position on taxes very clear. My opponent, in his usual glib way, wants to tell you how I feel about taxes. He is about as far off base in discussing this issue as he has been in almost every other observation he has made concerning both my record as Governor and my positions in this campaign.

"It is easy to twist words and distort facts. It is easy to avoid taking a position. It is easy — but it is wrong.

"Those who listened to the Boston College Debate last week heard me say that as Governor I would put the state's financial house in order. I would obtain relief for the overburdened home owner and tenant, and I would move forward with progressive government, responsive to the people's needs.

"It is just irresponsible to pretend as my opponent has done that there is no financial crisis in our state government requiring new revenue. It is just irresponsible to ignore as my opponent has done the heavy burden on our home owners and tenants imposed by the highest property taxes in the nation, which only some new source of distributed state revenue can ease.

"But it is more than irresponsible — it is absolutely reckless not only to pretend that one problem does not exist and to ignore the other while promising at the same time 'pie in sky' programs for everyone, inevitably further increasing the need for new state revenue.

"Virtually every responsible person in this state, Republican, Democrat, and Independent alike agree on the general nature of our financial problem in Massachusetts, and they even agree to a certain extent on possible solutions. Yet my opponent stands alone, refusing to accept what is obvious to everyone else.

"What few suggestions he has made have proved either unjustified or inconsistent.

"For example he referred in our debate to a flood of federal excise tax money which he suggested President Johnson would distribute to the states. And yet on page 47 of

JOHN A. VOLPE

the 'New York Times' for Sunday, October 25, the President is reported as proposing the repeal of these excise taxes on the income of which my opponent chooses hopefully to rely.

"Further more, in evidence of his inconsistency, my opponent has said that he favors a graduated income tax — yet the people voted against it 5 to 1 in the 1962 Referendum. Furthermore, my opponent recently described a sales tax as 'inevitable.' But now that election time has arrived he is attacking me for indicating that he is probably correct.

"What my opponent is evidently either unwilling or unable to grasp is a matter of simple arithmetic. If we do not have enough money to balance our state budget, if we do not have enough money to hold the property taxes where they are, let alone prevent them from going up, how in the world can any responsible person pretend that the state has sufficient revenue to launch a host of new programs.

"Whether Frank Bellotti accepts it or not, our state and its cities and towns are suffering from a financial crisis, and all the glib phrases in the world will not solve it. We just simply have to have more state revenue and a fairer distribution of funds to the cities and towns.

"If we don't do this we are going to have not only a bankrupt state government but local property taxes so high that home owners may be forced to re-locate, unable to carry the burden any further. In addition, new industry will not be attracted to our state in this condition of financial ill health, and present industry may well begin to leave. I don't need to tell you what that means in terms of jobs. We need more jobs to meet our increasing population. We need new industry to provide these jobs. We need to retain the industry and the jobs that we have.

"I don't like taxes any better than anyone else. But our state is not in a healthy financial position. And unless something is done about it now, the problem will get much worse. Already the state is in reality not paying its bills promptly. Already our home owners and rent payers are far too heavily burdened and we are getting in deeper and deeper.

"I know it's politically unwise to talk about taxes during an election, but honesty and responsibility require that a candidate for Governor — the office where leadership is exercised — be prepared to face up to real problems, be able to lead toward a solution. To ignore these problems is not leadership, but opportunism. Maybe Frank Bellotti thinks he is fooling you, but I know that he is not.

"While I would of course prefer and will undertake a complete overhaul of our entire revenue structure and of the distribution formulas by which funds are given to the cities and towns, I know at the same time that our revenue needs are more immediate.

Young GOP To Hold Potluck Supper Today

Tonight, Thursday, October 29, the Newton Young Republican Club will hold a repeat of its annual Fall potluck supper to be held at the Newton Community Center, 429 Cherry Street, West Newton.

The dinner will begin promptly at 7:30 and will be followed by a short business meeting of the Club. Gene Hirshberg, president of the Newton Young Republican Club, has announced that in this election year Republican candidates, both local and state have been invited to this event.

Following the business meeting, the candidates will address the membership, discussing various aspects of their campaigns for election.

All Republicans as well as the general public are cordially invited to this potluck supper for which there will be a nominal charge.

Arrangements are under the direction of Mrs. Daniel Carman who is being assisted by Mrs. Gene Hirshberg and Mrs. Melvin Clayton. Club members wishing to donate food dishes to the supper are urged to call Mrs. Carman at DE 2-5344.

ate. To meet these needs, I have suggested possible avenues of increased revenue: Adjustments in the income tax, or a limited retail sales levy, or increased state fees and charges, or a combination of some or all of these. And the simple truth of the matter is that whoever is Governor of Massachusetts next January will have to employ one or more of these revenue-raising devices, no matter what he may say to you today.

"My opponent presumes to tell you where I stand. I would prefer to speak for myself. Particularly so in light of the act that what I say and do is quite different from what my opponent says that I say and do. I believe that the citizens of Massachusetts know where I stand. I believe that they realize that my opponent has been so busy distorting my position that he has never gotten around to explaining his own.

"I urge the voters to think this over very carefully and decide which candidate for Governor is telling you the truth."

PAUL F. MALLOY

Malloy Stresses Issues In Fight For Legislature

Civil rights, taxation, implementation of M.B.T.A. and new business for Fourth Middlesex District are most important problems facing the new legislator, stated Attorney Paul F. Malloy, at the League of Women Voters' Candidate's Night. The meeting was held Tuesday night at the Newton South High School auditorium.

Attorney Malloy topped the Primary voting with the largest Democratic vote in the history of Fourth Middlesex District. The district is composed of Wards 1, 2, and 3 of Newton and Ward 6 of Waltham.

Concerning Civil Rights, Mr. Malloy pointed out how disheartening it is to Negro Americans that they should have to ask white Americans for human rights that should be gladly acknowledged. Denial of these rights, he said, is responsible, among other disgraces, for the vast negro unemployment problem in urban areas.

Concerning taxation, Mr. Malloy stated that a report will be forthcoming from a special committee appointed by Governor Peabody to study the problem. There will be sufficient state revenue meanwhile, he said, to finance projects passed by the last legislature.

Mr. Malloy stated that he felt a sales tax placed too heavy a burden on the retired, the unemployed, and those with large families. States with sales taxes, he added, do not generally have income and personal property

taxes. Massachusetts has both. Mr. Malloy expects that Governor Peabody's special committee will recommend a combination of special taxes that will stop the rise of property taxes.

The best solution for property values and taxes in his district, Mr. Malloy asserted, is to share in the new space business connected with the N.A.S.A. Project. Part of Mr. Malloy's district is situated in the home of the Electronics industry.

Mr. Malloy said that he was in favor of the four-year term for elected officers, the termination of executive appointments at the end of the Governor's four-year term, annual review of all authorities in the Commonwealth. He also favors limitation of powers of the Governor's Council, increased housing for senior citizens, and out-patient care for the mentally ill.

Toll Road Easing Street Traffic

Ninety percent of the heavy overland trucks which formerly used Newton streets now travel the toll road, it has been determined by Capt. W. Corcoran of the Police Traffic Bureau.

Also, check counts of vehicles have revealed a marked decrease at Commonwealth Ave and Washington St., Auburndale, since completion of the toll road extension from Weston to Brighton.

Councillor Heckler Endorsed For 2nd Term By Civic Leaders

Governor's Councillor Margaret M. Heckler last night was endorsed for reelection to a second term by local civic leaders who warmly praised the high caliber of public service Mrs. Heckler has provided for the past 20 months.

They pointed out that Councillor Heckler, an attorney and graduate of Boston College Law School, is the only lawyer in the Executive Council who is standing for reelection.

Even if the Council is stripped of its statutory powers by the adoption of the referendum in the Nov. 3 election, Mrs. Heckler will still be needed in the Council to act on judicial appointments and other matters to come before the body, it was stressed.

Mrs. Heckler's sturdy integrity, her non-partisan attitude toward all appointments

curbing the authority it now has," one prominent local civic leader asserted in urging Democrats and Independents as well as Republicans to rally behind Councillor Heckler.

Mrs. Heckler herself reminded voters in this area that there will still be a Governor's Council even if the voters approve the referendum to trim down the Council's powers.

"The question appearing on the ballot next Tuesday is whether the Council's authority should be reduced, NOT whether the Council should be abolished," Councillor Heckler stressed, adding that the Council could be wiped out only by an amendment to the State Constitution, which would take five years.

Even though Mrs. Heckler is generally expected to win a second term by a decisive

BOSTON—The Coast Guard is now enlisting single women 18-30, with no dependents, as SPARS for one year of active duty and two years with a

margin next Tuesday, she has waged an active and energetic campaign and has appeared in all parts of her second councillor district.

She also will report to her constituents in five-minute talks on Channel 5 at 6:05 Friday night (Oct. 30) and at 6:05 and 11:35 next Monday night (Nov. 2).

Councillor Heckler is a graduate of Albertus Magnus College in New Haven and Boston College Law School and was an Exchange Student at the University of Leiden in Holland where she studied international government.

In professional life, she is a trial attorney. She is a member of the Massachusetts Trial Lawyers' Association and the Boston Bar Association.

and former UN Ambassador Henry Cabot Lodge were among those who paid high tribute to Whitmore's record of service as a three-term Mayor of Newton, as a former legislator and as chairman of the House Ways and Means Committee. Former President Eisenhower also has endorsed Whitmore.

Whitmore established a rep-

utation for both integrity and a keen understanding of State and municipal problems during his 15 years of public service.

In his campaign appearances throughout the State he has attacked what he claims are the outrageous spending, lending and banking policies of the Democrats on both the State and Federal levels.

Whitmore asserts that waste and scandals characterize too many areas of government today.

He also has promised aggressive action to aid the 110,000 persons unemployed in Massachusetts and has pledged that he will do his utmost to stimulate business and industry and to save jobs.

Newton GOP Has Voters' Service

Edward C. Uehlein, chairman of the Newton Republican Committee, reminds voters that special transportation service to the polls and voting information may be obtained election day by calling headquarters at 527-3462 or 527-3463.

The information service will remain open daily, except Sunday, from 10 a.m. until 9:30 p.m., right through election day.

Auburndale Man's Ace May Win Trip Abroad

A hole-in-one, shot recently at Fresh Pond Golf Club in New York by Marcus L. Knowlton of 147 Aspen avenue, Auburndale, may win him a trip for two to Scotland and \$1000.

Mr. Knowlton's ace entered him in the Old Smuggler Hole-in-One Sweepstakes, the winner of which will be announced next January.

REDISTRICTING SHUFFLE—Representative Lorenz F. Muther, Jr. (R) and Representative John W. Whittemore (R) have traded portions of their constituencies in the new redistricting shuffle. Voters in Ward 7 who vote at the Underwood and Ward Schools will find Representative Muther's name in place of Jack Whittemore's. And at the Cabot School in Ward 1 voters will find Representative Whittemore has replaced Lorry Muther. Both representatives have urged their old constituents to support the other man as an able and experienced legislator. Jack Whittemore has been reelected four terms and is seeking his fifth. Lorry Muther is bidding for a third term reelection.

Muther Campaign Gets Strong Youth Support

Students of all ages have been working on Representative Lorenz F. Muther's campaign for reelection to the State House. Once a week since the first of August a group of post-college young voters have reported to the Muther home at 44 Roslyn road, Waban, to address, paste, stamp, stuff, seal, sort, tie and count campaign literature. It is tedious work, but there have been at least four cases of perfect attendance.

High school students were active at the polls on Primary day and have been eagerly seeking their assignments for November 3rd.

Two 7th grade boys, Peter Hiatt and Peter Matthews recently rang the bell and asked for an opportunity to campaign door to door. They returned in half an hour with two new endorsements and neighbors reported that they were not only polite but were able to answer questions regarding Representative Muther's stand on issues and legislation.

George Collins, a high school senior, suggested that since the Muther pencils fulfilled the requirement for S.A.T. tests, he would pass them out to students taking the exam at South High.

"I am sure all candidates for public office can cite similar heart-warming evidence of the intelligence and knowledge as well as the services displayed by our 1964 young people," Representative Muther stated.

Representative Muther recently congratulated Sandy Janes, who worked for his 1960 campaign when she was still in Junior High School. Sandy continued her work for many Republican candidates, founded the Teen-Age-Republicans (TARS) at Newton High and is now a scholarship political science major at Syracuse University.

"Interest fanned in the youngest citizen can develop into a real career," said Representative Muther. "Kippie Henes, still in junior high, staged a full-scale Democratic Convention this June with parade, delegates (of all ages), sound system, and speakers representing the various candidates. I'll wager that Mrs. Muther is the only Republican ever invited to say a few words at a Democratic Convention," laughed the Representative, Mr. Muther. "But watch for the name of Henes—you'll see more of it in a few years!"

Girl Scouts To Be Baby-Sitters On Election Day

Newton Junior Girl Scouts of Troop 603 from Pierce School have volunteered and been accepted by John E. Gililand, Director of Business Services for the Newton Public Schools, as babysitters on Voting Day, November 3rd.

The girls will serve at the Division of Instruction, the "old Pierce School" on Chestnut street, West Newton. Babysitting for voters will be offered from 12-6 p.m. In this manner, the Scouts are covering a requirement for their Community Service Badge and are encouraging families to get out and vote. The leaders of the troop, Mrs. Harold J. Rosenberg, Mrs. Proctor W. Houghton, Mrs. Seymour Berman, all of West Newton, will supervise the activity.

The following girls have offered their services on a rotating schedule: Barbara Garrett, Kate Fernandez, Betsy Weiss, Anne Gross, Marjorie Rosenberg, Karen Berman, Kathryn Bloch, Judy Serkin, Beth Donovan, Louise Pfund, Nancy Tennant, Patty Hasenfus, Ilene Silberberg, Helen Stevens, Mary McGourty, Marci Shaw, Susan Glen, Ellen Raphael, Laureann Houghton, Maria Sanchez.

The Girl Scouts of Newton, part of the Bay Path Colonial Council, were commended twice for the collection of Special Gifts for the United Fund Residential Campaign which concluded on October 13.

GOP Rally Is Rated One Of Best Locally

The largest and most enthusiastic crowd ever to attend a political rally in Newton taxed the facilities of the West Newton Armory Saturday night when nearly a thousand local citizens turned out to greet the GOP Cavalcade of Candidates.

Candidates for the House of Representatives donned chef's uniforms to ladle out bean suppers to long lines of supporters. The aspirants for office (Theodore D. Mann, Lorenz F. Muther Jr., Robert Tennant and John W. Whittemore), thrilled by the huge turnout, were weary but happy. None complained of a hard days night! They loved it!

During the program a presentation was made by Edward C. Uehlein, on behalf of the Newton GOP organization, to Wallace F. Forbes, president of the Newton Republican Club. Forbes is leaving the community to take up residence in New York for business purposes. He has been actively identified for many years with Newton's civic and political affairs.

Commenting on the success of the rally, Edward C. Uehlein, chairman of the Newton Republican City Committee, said:

"We are deeply indebted to the Newton Republican Club and its president, Wallace F. Forbes; Frederick G. Fisher, Jr., Chairman of the event; Our Ward Chairmen; the co-operating clubs; and to all the men and women who worked so hard for so many weeks to assure the rally's outstanding success."

"As chairman of the New-

"The Trial" To Be Shown At Sacred Heart

The Art Club of Newton College of the Sacred Heart will screen Orson Welles' production of "The Trial" on Wednesday, Nov. 4, at 7 p.m. in the Stua Auditorium.

The film, open to the public free of charge, stars Anthony Perkins, Orson Welles, and Romy Schneider.

One of the classics of twentieth-century literature, "The Trial" is the story of Joseph K., a young bank clerk, caught in the web of a totalitarian nightmare.

Newsweek hailed Welles' film version of "The Trial" as "wonderfully faithful to Kafka's great work. It is amazing to see on the screen the most bizarre cinematic scenes... all burn themselves into the brain as by an ether's acid."

CREMENS IS INSTALLED—Shown above being installed as officers of American Legion Post 27 are left to right, John F. Cremens, Senior Vice Commander; Charles Finstein, past Commander and present Adjutant, Arthur "Doc" Blanchard, Commander and Arthur Keohane, Junior Vice Commander.

Panel Features Opening Meeting Of Oak Hill PTA

The opening meeting of the Oak Hill PTA held Tuesday night of this week was most successful, according to Alfred Benjamin, president.

The subject of the evening was "Extra Curricular Activities—Too Much, or Too Little?" A forum on this controversial and thought provoking subject was moderated by Irving Backman, program chairman of the Oak Hill P.T.A.

Members of the panel were Mrs. Mary Barry, Newton School Psychologist; Mr. Norman Huston, Newton Athletic Department; and Mr. David Silverman, Teacher, Oak Hill School.

In preparation for this meeting, a poll was taken of Oak Hill parents regarding time spent by their children on such extra curricular activities as sports, religious school, homework, music and art lessons, Cub Scouts, Camp Fire Girls, or other such activities.

Thus, both the parents and panel had full opportunity to express themselves as to whether a balanced program of extra curricular activities is followed by Newton School children, whether any one area of activity is being over emphasized, or whether any activities are not receiving their proper allotment of time.

With such an excellent panel of professional educators, as well as a much interested parent body, this meeting was one of the best attended P.T.A. meetings of the Oak Hill School. Refreshments and a social hour followed the meeting.

MORRIS KRITZMAN

Kritzman Gets Encouragement From President

Ex-Representative Morris Kritzman announced last night that he had received a message of encouragement and support from President Lyndon B. Johnson during the latter's visit to Boston.

Kritzman is opposing Republican State Senator Leslie B. Cutler in the senatorial district which includes parts of Newton, Dedham, Needham and several other towns.

He reported that the President had referred to him as "the type of candidate we can be proud to elect to State office."

The President urged thinking voters to support Kritzman and help elect him for "his fine qualities, his excellent record in the Legislature and his interest in the people he will serve."

Democratic leaders who accompanied LBJ in Boston declared that he expressed great pleasure at reports on Kritzman's campaign.

Kritzman himself voiced confidence in the outcome of his contest.

He said he started in the campaign as an underdog but that he feels he has forged ahead and is now the choice of a majority of the voters in the district.

"I think the voters realize that it is time for a change," Kritzman observed.

Girl Scouts To Attend Service Sunday, Nov. 1

Many girls from Newton are expected to be among the Catholic Girl Scouts attending Marian Sunday services at the Cathedral of the Holy Cross on Sunday, Nov. 1, marking the close of Boston's observance at CYO Week.

The Rt. Rev. John P. Carroll, the Archdiocese CYP director, says that principle emphasis during the week will be on the spiritual phase of the Catholic Youth program, but that the cultural, social and recreational phases will also be exemplified.

Raise

(Continued from Page 1)

School Committee Chairman Haskell C. Freedman, in concluding the hearing, told the teachers that "the committee's decision will depend on how much this is going to cost."

His final remark, "We'll be meeting with you again," could be interpreted as assurance that the teachers' proposal would be considered carefully, and that his committee was glad to enter with them into an exchange of ideas.

Spokesman for the Personnel Policies Committee was Miss Helen M. Ryan, its chairman, and housemaster at Newton High School.

As was the case in last spring's negotiations, this proposal presented significant local, state and national salary figures for purposes of comparison. Also, there were figures comparing salaries in teaching with those of industry. Figures in support of the teachers' contention that there should be no question of the city's ability to pay also were included.

After explaining that the Personnel Policies Committee's concern was to maintain excellence in the Newton public schools, Miss Ryan distributed to the school board members a 16-page presentation of the group's 1965-66 proposal, whose major aims were as follows:

1. To raise minimums to keep Newton ahead;
2. To obtain reasonable recognition of degree programs;
3. Advocacy of a return to a principle of even steps;
4. To have experience as well as training recognized;
5. To provide non-professional help for non-professional duties;
6. To obtain recognition and compensation for teachers bearing defined roles.

Salary steps for holders of various degrees were proposed as follows:
Bachelor's—minimum \$5,250, maximum \$9,400; Master's—minimum \$5,650, maximum \$10,500; Master plus one year—minimum \$5,950, maximum \$10,450; Doctor's—minimum \$6,350, maximum \$11,250.

In addition to Miss Ryan, membership in the Personnel Policies Committee is as follows:

Bonnie Allen, South High; Richard Avritch, South High; Walter Beevers, Bigelow; Henry Bissex, South High; William Blount, Day; Elizabeth Dohanian, South High; Howard Ferguson, Newton High, and Cleo Flynn, Memorial.

Also, Edwin Fraktman, Newton High; Emil Friene, Junior College; Jean Hoxie, division of instruction; Mary Hynes, Weeks; Marie McAuliffe, Lincoln-Elit; Anthony Penta, Technical High; Lewis Roderick, Meadowbrook, and Rudolph Satlak, Newton High.

Two other members are Michael Gradone, who is concerned with administrative salaries, and Richard M. Adams (ex officio).

Cabot PTA To Hold Cake Sale

The Cabot Schol PTA will sponsor a cake sale on Tuesday, November 3rd from 7:30 a.m. to 4 p.m. at the Newtonville school.

Coffee, doughnuts and pick-up pastry will be on sale for voters after casting their ballots at the school polling place.

The committee reports a wide variety of toothsome items will be available at the sale including cakes, cookies and pies.

REPUBLICANS CONFER—ELLIOT L. RICHARDSON, center, Republican nominee for Lieutenant Governor, confers with his Newton coordinators, Alderman Franklin N. Flaschner of Waban, left, and Jason Sacks of Newton Centre.

Voters

(Continued from Page 1)

This is a newly created district, and no one can be quite sure how the four embattled contenders will fare when the votes are counted. Bradley and Malloy are Democrats. Whittemore and Tennant are Republicans. Bradley, a Democrat, and Whittemore, a Republican, are seeking to return to Beacon Hill.

Malloy and Tennant are striving to wrest away seats in the Legislature from the present incumbents.

One of the surprises of the September primary saw Malloy top the field of Democratic aspirants.

All four contestants have waged hard fights, and there is considerable doubt as to the outcome of their race.

In the 5th Middlesex district the candidates are Representative Irving Fishman, Representative Lorenz F. Muther, Jr., Alderman Theodore D. Mann and Henry G. Barry. Fishman and Barry are Democrats. Muther and Mann are Republicans. Fishman, a Democrat, and Muther, a Republican, are standing for reelection. Mann and Barry are battling to win seats in the Legislature.

Executive Councillor Margaret M. Heckler is certain to roll up a big vote in Newton in her bid for reelection to a second term.

A number of Newton civic leaders this week issued a statement praising Mrs. Heckler's integrity, her non-partisan attitude on all nominations submitted to the Governor's Council during the past 22 months and her record of public service during that period.

Ex-Representative Morris Kritzman of Newton, a Democrat, is challenging Republican State Senator Leslie B. Cutler.

Democratic State Senator Beryl W. Cohen of Brookline, whose district takes in part of Newton, is being opposed by Thomas J. Barry of Brighton.

Newton voters also will find several referenda questions on the long election ballot.

These include whether the statutory powers of the Governor's Council should be repealed, whether a \$2600 pay raise the legislators voted themselves in 1963 should be rescinded, and whether the Governor and other State Constitutional officers should be elected for four-year terms.

Elect

THEODORE D. MANN

STATE REPRESENTATIVE

"With malice toward none; with charity to all."
The immortal words of Abraham Lincoln cry out for repetition in a day when political candidates of both parties debate about extremism and paint their platforms with extravagant promises.

Extremism and extravagance have no place in democratic life, where YOUR elected representative must be responsive to YOUR will... liberal in programs to advance human welfare and business-like concerning the expenditure of YOUR tax dollars, to insure the greatest service with maximum efficiency and economy.

Your state representative must be a man of conscience and a man who is conscientious. Theodore D. Mann, a leader in government, in business and in community life has demonstrated these qualities throughout his career.

We, your fellow citizens of Newton Wards 5, 6, 7, 8, urge your support of his candidacy for State Representative on November 3.

SENATOR CUTLER

Senator Cutler Cites Record In Reelection Bid

State Senator Leslie B. Cutler of Needham, in campaigning for reelection, cited her "26 years of service in the General Court and offered some 'legislative comparisons' between herself and her opponent, Democrat Morris Kritzman.

"During my 26 years of service in the General Court, I have been a member of nine different committees, 17 recess commissions and right now I am serving on four more recess commissions, making a total of 21," she said.

"In the Senate, as chairman of the committee on public welfare for eight years, some of the bills I have filed and some favorably reported by my committee and signed by the Governor included:

"Aid to Disabled (now known as Disability Assistance), reorganization of the Division of the Blind, reorganization of the Youth Service Board, reorganization of the Department of Correction — Parole Board and Probation, reorganization of the Division of Child Guardianship, establishment of the Massachusetts Rehabilitation Commission, the Council of Aging (first in the U. S.) and the Division of Legal Medicine, Department of Mental Health (first in the Cushing Hospital under the State and authorization of the Youth Forestry Camp in Brewster.

mental health hospitals, six correctional institutions, eight public health hospitals, seven Youth Service Board institutions, the University of Massachusetts and other schools under the Department of Education, as well as seven county institutions including four county jails and three county training schools.

"In addition, I have flown in and out of more airports in Massachusetts than I can possibly count, but it is somewhere around 40 out of 60 existing ones."

Comparing her record with Kritzman's, she said, "In 1939, I was sitting in the first biennial session and therefore only one session was held that year. We were in session from Jan. 4 to Aug. 12. Kritzman served on the Labor and Industries committee and Cutler on the public health committee.

"There were a total of 192 roll calls. Kritzman was not recorded on 38 roll calls. Cutler was not recorded on four."

Senator Cutler also commented that "on Aug. 9 during a debate on a special message of the Governor on emergency taxes, H-2563, Mr. Kritzman moved that the bill be amended 'by striking out Section 1 to 18 (cigarette, inheritance, etc., to relieve burden on real estate) and inserting in place thereof Sections 1 to 19 of H-233 providing for a STATE LOTTERY.'"

The Senator continued that a point of order was raised that "the motion was broad in scope than the address of his Excellency."

"The Speaker (Christian A. Herter) ruled that the point of order was well taken and the amendment was laid aside," Mrs. Cutler said.

"When this bill (H-2563) was finally ordered to a third reading on the roll call, Cutler voted 'Yes' and Kritzman voted 'No.'"

THOMAS J. BARRY

Barry Hits At Solons Voting For Own Raise

Thomas J. Barry of Brighton, Republican nominee for State Senator in the district which includes Wards 1, 6 and 7 of Newton, today called for the defeat of those legislators who voted for the \$2600 pay raise. Barry, who coordinated the anti-legislative pay raise referendum drive in Brighton, also urged the voters of the district to vote for the repeal of the pay raise.

Barry stated: "The main issue here is not that a gang of legislators banded together and voted themselves a fifty pay hike that cost the taxpayers \$728,000.00 per year; the main issue here is that this measure was passed in defiance of the people. There can be no excuse for that. This is a question of whether the people serve the government or the government serves the people."

Marry pointed out that in 1962 the voters of Massachusetts repealed a similar \$1500 pay raise by a 5-1 margin. Barry indicated that if elected to the Senate he would always represent the people in a responsible manner, Barry said: "I am a firm advocate of the representative democracy and believe that the will of the people must prevail over all else."

ATTENTION MASSACHUSETTS CAR OWNERS:

You may save up to \$20 on your next year's auto insurance by switching to Allstate

Here's how: This may surprise you. The compulsory rates for Massachusetts drivers apply to only part of your auto policy... Bodily Injury Liability Insurance.

But you need more auto protection than that. And here's where Allstate can save you money.

How much? If you qualify Allstate may save you up to \$20 on a full-coverage auto policy, compared to rates of most other companies.

Here's how you save with Allstate

• Save up to 25% on Collision Insurance. Collision is the coverage that pays for damage to your car, whether the accident is your fault, or the other driver's.

• Save up to 15% on Property Damage Liability Insurance. This is insurance you should have. It is the insurance that pays the claims for damages to the other guy's car and property.

• Save up to 10% on Comprehensive Insurance. Most drivers have this insurance, and for good reason. Comprehensive takes up where Collision Insurance leaves off. It protects you from literally hundreds of things that can happen to your car... including vandalism, theft, glass breakage and fire.

Save up to \$20 with a full-coverage Allstate policy (it includes, naturally, compulsory Bodily Injury Insurance). Talk to an Allstate Agent before you renew your insurance. You may save real folding money—and your money can't buy better protection for you and your car.

10 MORE GOOD REASONS TO SWITCH TO ALLSTATE:

1. Fast, Fair Claim Service
2. 372 Drive-In Claim Centers
3. Expert Claim Adjustors
4. Fast Communication Network
5. Highly Trained Agents
6. Big-Company Reliability

She died October 24 at her home.

To Interview Women To Enlist In The SPARS

Marie Coen of Roslindale, a chief petty officer in Vessel Augmentation Reserve unit drilling in Boston, will interview single women 18-30, no dependents, who are interested in enlisting in the Coast Guard as SPARS.

This marks the first time in 22 years that the service has enlisted women for active duty and the first time it has accepted women under 21.

Applicants selected will commence ten weeks of basic training on January 29 at Bainbridge, Maryland, followed by twelve weeks of clerical instruction at Yeoman or Storekeeper school at the Coast Guard Training Center, Groton, Conn. SPARS will then report for duty with the regular Coast Guard at various district offices on the east coast for six months.

After release from active duty they will be assigned for two years to Reserve units near their homes for weekly drills. A requisite for enlistment is residence within commuting distance of one of the twenty-five Coast Guard Reserve units in the First Coast Guard District.

Young women desiring further information should write to Commander, First Coast Guard District(r), 1400 Custom House, Boston, Mass. 02109, Attention: SPAR Recruiter, or telephone CA 7-3710, extension 250.

Aldermen Vote Extra Architect's Fees For New Burr School Project

An appropriation of \$26,800 to cover added architect's fees made necessary by the School Committee's decision to make the new Burr School serve also as replacement for the abandoned Murray Road School, was approved recently by the Board of Aldermen.

The school will have two kindergartens and 14 classrooms, instead of one kindergarten and 12 classrooms as originally intended.

Other matters acted on by the Board were as follows:

Approval of a \$10,000 appropriation to cover the cost of tort trials against the city.

Denial of an offer of \$530 by Paul L. Patison for 5860 sq. ft. of land at the rear of 1238 Beacon St., Waban. The land, it was brought out, is adjacent to the Cold Spring Playground, and the Recreation Department wants it held by the city.

Approval of a payment of \$614.28 to Eleanor McDonough, a retired school teacher. The court had found her entitled to more sick leave than she had received.

Denial of Helen C. Adronica's petition for permissive use to provide housing for five young executives in a residential area at 21 Mt. Vernon Terr., West Newton. Harry H. Ham Jr., chairman of the committee on claims and rules, explained that neighbors had objected at a public hearing on the ground that the property had been leased for the purpose of circumventing the zoning laws. Were the petition granted, Ham said, the property would become virtually a post graduate frat house.

A petition of Harry Bacus for permission to operate a nursery school at 230 Central St., Auburndale, in the education building of the Centenary Methodist Church, was approved.

Accepted, too, was the offer of Gary Mosca of \$1000 for a lot on Charlemont street, Newton Highlands, provided the buyer extends the street to the specifications of the city.

Lions Set For Win Saturday At Leominster

Newton South Lions, who face Leominster High on the latter's grounds Saturday, should be able to celebrate a victory after the final gun is fired, in the opinion of their coach, George Winkler.

He was by no means displeased last Saturday, when his charges were victims of a last-minute 41-yard touchdown pass that enabled Lexington High to tie the score at 18 all.

It was the sort of break that could happen to the best of teams.

The coach's rosy expectations for the game to come were based on what his boys did earlier in the contest. They were off to a 12-0 lead early in the initial period, scoring on good rushes by Ted Clarke and Dick D'Eugenio that paved the way for a knife through left tackle by Manfredi for a touchdown.

The other score in Period No. 1 was brought about as follows: Lexington fumbled on the kickoff that followed the first score, and South began a march that featured a 23-yard completed pass from Clark to Greg Steinbeck. D'Eugenio then carried to just over the one-yard line, and John Passarini went through center for six points.

As the game progressed, Lexington managed to eat away the lead and go ahead in the third period with a touchdown.

South's third six pointer was the result of a well-aimed pass from Quarterback Clarke to Steve Cooper, the speedy halfback, who caught the bomb at the 21-yard line and raced to the end zone with less than three minutes left of the game.

Manfredi was halted short of the line when he tried to convert for the two extra points, and that left the battle all even.

Winkler, prior to the game, was concerned about Lexington's backfield power, but when it was all over he expressed great satisfaction with the work of his boys.

A bad ankle bothered Passarini in the fourth period. Until then he had made 10 good carries.

Irishmen

Wanted For

Heart Study

The Ireland-Boston Heart Study is now searching for men from Greater-Boston who are between the ages of 30 and 65 and whose parents were born in Ireland.

These men are needed as volunteers for a research project, which has been developed by Dr. Frederick J. Stare and Dr. Paul Dudley White, of the Department of Nutrition at Harvard, and Dr. W. J. Jessop and Dr. Terence Chapman, of Trinity College in Dublin, and is sponsored by several of Boston's prominent Irishmen.

These volunteers are necessary for the second part of the original study that is still in progress and which compares Irish born brothers; one of whom is presently living in the Boston area with his brother living in Ireland. The purpose of the study is to find out whether diet and other factors in the environment affect members of the same family. If so, this may be one of the most significant discoveries in the long battle to learn more about the world's greatest killer—heart disease.

From the 550 Irish born brothers examined in the first stage of the study and 240 of the first born Irish in the second stage of the study some interesting facts have been uncovered.

For instance, food habits change.

Butter and eggs remain popular with the Irish here, but less so than when in Ireland.

Irish in Boston eat more fruits and green vegetables than their families abroad, and far less bread and potatoes.

MRS. CHARLES BROWN

Mrs. Brown Is Chairman Today For AJC Event

Mrs. Charles Brown of Fenno Road, Newton Centre, is chairman of the membership luncheon of the Metropolitan Region, American Jewish Congress Women's Division, to be held today (Thursday, October 29) at the New Hotel Beaconsfield, Brookline. Mrs. Brown is membership chairman of the region.

Assisting Mrs. Brown at the luncheon is Mrs. Louis I. Altshuler of Arnold Road, Newton Centre, life membership chairman. All new members and their sponsors will be guests of the region. Principal speaker will be Laurence Locke of Boston, chairman of the New England Region Executive Committee.

Martha Fishlyn will entertain with a program of musical vignettes. Mrs. Edward Silverman of Hull, president of the women's group, will preside.

Dr. Irving Wolf Turns Light On Teen Drinking

Terming teenage drinking a "manifestation of the adolescent's trying out the adult role," Dr. Irving Wolf of Waban, associate professor of psychology at Boston University, declared that threatening or frightening the teenager won't effectively keep him from drinking.

"We must not teach lifelong abstinence, but appropriate timing of adult behavior, in approaching teenagers on drinking," he declared in an address last week to the 17th annual institute of the Council on Alcoholism in Rochester, N. Y.

"The role of the parents in drinking development is an important one among teenagers," Dr. Wolf said, adding that findings of studies point to the introduction to drinking by parents in the home, usually during major festive family occasions.

Studies also show, he said, that parents who drink are apt to raise children who drink when they are adults, while abstainers are more likely to raise abstainers.

No-Fix Parking Is Paying Off

Newton's income has had a noticeable boost since the no-fix system for parking fines went into effect last July, according to Arthur A. Marr, Jr., comptroller of accounts.

The largest monthly increase in fine money turned over to the city by the court was in August, when the total amount was \$232.50. In August of 1963, all the city treasury received from this source was \$594.
